Richard Hooker and Anglican Moral Theology A.J.

Joyce, 2012-02-23 The first major study to examine Richard Hooker's foundational contribution to Anglican moral theology in detail

Theosis in the Theology of Thomas Torrance Myk Habets, 2016-02-17 Torrance's vision of Theosis deification divinisation is explored through his doctrine of creation and anthropology his characterisation of the incarnation his accounts of reconciliation and union with Christ and his theology of church and sacraments Myk Habets' study distinguishes Torrance's Reformed vision of theosis from other possible accounts of salvation as divinisation as they are found for instance within patristic thought and Eastern Orthodoxy This book presents the first critique of the theology of T F Torrance to focus on theosis and examines a model of theosis within the realm of reformed theology built upon Western theology Called to Be

the Children of God David Vincent Meconi, Carl Olson, 2016-04-19 This book gathers fourteen Catholic scholars to present examine and explain the often misunderstood process of deification The fifteen chapters show what becoming God meant for the early Church for St Thomas Aquinas and the greatest Dominicans and for St Francis and the early Franciscans This book explains how this understanding of salvation played out during the Protestant Reformation and the Council of Trent It explores the thought of the French School of Spirituality various Thomists John Henry Newman John Paul II and the Vatican Councils and it shows where such thinking can be found today in the Catechism of the Catholic Church No other book has gathered such an array of scholars or provided such a deep study into how humanity's divinized life in Christ has received many rich and various perspectives over the past two thousand years This book seeks to bring readers into the central mystery of Christianity by allowing the Church's greatest thinkers and texts to speak for themselves demonstrating how becoming Christ-like and the Body of Christ on earth is the only ultimate purpose of the Christian faith Liturgy and

Interpretation Kenneth Stevenson, 2013-01-07 Kenneth Stevenson is one of the UK's leading liturgical scholars with an international reputation Much of his work is in the borderlands of theology worship and history The essays in this book are worked examples of the importance of interpretation and liturgy particularly in the light of the growing impact in recent years of reception history and how this interacts not only with biblical scholarship but with worship and doctrine as well Interpretation and Liturgy is a big subject and one that is unlikely ever to go away It is part of the twofold movement of divine initiative and human aspiration or to put it yet more directly what some would immediately call the inspiration of the Holy Spirit others would call the religious imagination and others again would call both

The Oxford Handbook of Deification Aquinas Chair in Theology and Philosophy Paul L Gavrilyuk, Ordinary Professor of Patristics and Ancient Languages Andrew Hofer O P, James N Jr and Mary D Perry Chair of Theology Matthew Levering, 2024-09-06 This handbook offers a comprehensive and varied study of deification within Christian theology Forty-six leading experts in the field examine points of convergence and difference on the constitutive elements of deification across different writers thinkers and

traditions **The Theosis of the Body of Christ** Jonathan Black,2020-04-06 In The Theosis of the Body of Christ From the early British Apostolics to a Pentecostal Trinitarian Ecclesiology Jonathan Black builds on the ecclesiology of one of the UK s original Pentecostal movements the Apostolic Church demonstrating the connection between ecclesiology and the Pentecostal distinctive of the baptism in the Holy Spirit These early British Pentecostals were not na ve fundamentalists with the addition of a few Pentecostal distinctives but rather engaged in significant theological reflexion rooted in Trinitarian theology resulting in a theology of theosis which resonates in many ways with the Great Tradition yet is held together with a forensic Reformation approach to justification This approach then opens new possibilities in understanding the theological nature of the Pentecostal baptism in the Spirit Communion with the Triune God Dick O. Eugenio,2014-03-03 The revival of Trinitarian studies in the twentieth century ushered in a new era of theological innovation The renewed and dedicated articulation of the Trinity as a doctrine in its own right is indeed noteworthy but more important and praiseworthy are the recent endeavors of theologians in integrating the doctrine of the Trinity with other Christian doctrines and with the many variegated aspects of the life and ministries of the church Today it is common to encounter the term Trinitarian being used as a modifier Trinitarian worship Trinitarian ecclesiology etc This book presents Thomas F Torrance as a participant theologian in this integrative paradigm Because Torrance argues that the Trinity is the ground and grammar of theology his doctrine of salvation is consistently Trinitarian But how did he formulate his unique Trinitarian soteriology This book attempts to spell this out *The Challenge of Change* Mark Harris,2000-01-01 Author Mark Harris an Episcopal priest says that Anglicans mostly define themselves by reflecting on their experience rather than by defining distinct theology or doctrine Anglicans feel that their reason for being is bound up not with being Anglicans **Broken Hallelujah** Darren J. N. Middleton,2007-01-01 Marking the fiftieth anniversary of Kazantzakis s death author Darren J N Middleton looks back on Kazantzakis s life and literary art to suggest that contrary to popular belief Kazantzakis and his views actually comport with the ideals of Christianity C.S. Lewis and the Problem of God David Werther,2024-04-29 Understanding C S Lewis s vocation is essential for reading his works well as is knowing how he came to it his long and winding philosophical journey and reoccurring experiences of Joy Lewis discounted proofs in philosophical theology but offered key arguments in support of theism per se and Christianity in particular His account of mere Christianity shows the centrality of self determination an emphasis on Christ s human nature and a relativizing of atonement theories Finally Lewis s understanding of faith his attempts to make sense of petitionary and imprecatory prayers and his emphasis on theosis deification are considered

Theosis Vladimir Kharlamov,2012-02-23 Deification penetrates all spheres of human existence and can be seen as an answer to most pending ultimate questions It is essentially practical in its manifestation and uplifting in its content but nevertheless always evasive and arcane in itscomprehension Aimed both at those who are already students of theosis and at those who are looking for an introductory text Transfiguration and Hope D. Gregory Van Dussen,2018-09-17 To read and

visualize the transfiguration of Christ is to enter its mystery and encounter its hope Like the Gospel writers and the disciples who climbed the mountain with Jesus we struggle to tell the story and explain its meaning Yet this astounding event reveals God's ultimate purpose in sending his Son the complete restoration of humanity and all creation our transfiguration in Christ The light and glory of that moment reveal a destiny that is infinite and eternal made possible by the power of grace Transfiguration is the trajectory and goal of our spiritual journey Across time and space Christians have reflected on the mystery and hope epitomized in the transfiguration yet their voices have been heard primarily within their own cultural and ecclesiastical contexts This study gathers many of those voices from the panorama of Scripture and church history and finds in them the common theme of radical transformation in Christ The point of this theological conversation is spiritual transfiguration and hope for each of us as we reach toward the future Christ has shown us in himself **Are Christians**

Mormon? David L. Paulsen, Hal R. Boyd, 2017-05-08 In the past scholars and others have asked whether Mormons are Christian This work reverses the question by asking are Christians Mormon By identifying Mormon doctrines formerly considered heretical and documenting how these doctrines have gained increasing acceptance within mainstream Christian theologies the work presents some surprising insights In chapters focusing on subjects such as deification the divine feminine and the reopening of the scriptural canon among others the book sets out Joseph Smith's teachings on these ideas summarizes the criticisms of those positions and examines trends in contemporary Christian theology that significantly converge in Joseph's direction Exploring the convergence of contemporary Christian theology with Mormon doctrines this book will appeal to a broad range of students and readers exploring Christian theology and the Latter day Saint tradition

The Encyclopedia of Christianity Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Containing more than 300 articles covering the alphabetical entries P Sh this book also includes articles on significant topics ranging from Paul political theology and the Qur'an to religious liberty salvation history and scholasticism **F D Maurice and the Crisis of**

Christian Authority Jeremy Morris, 2005-03-17 F D Maurice was a leading 19th century Anglican theologian and social commentator This study argues that his work was driven above all by a concern to reinvigorate Anglican ecclesiology and to promote economical breadth of spirit that could transform the Church of England's relations with other Christian traditions

Christina Rossetti and the Bible Elizabeth Ludlow, 2014-10-23 Through theologically engaged close readings of her poetry and devotional prose this book explores how Christina Rossetti draws on the Bible and encourages her Victorian readers to respond to its radical message of grace Structured chronologically each chapter investigates her participation in the formation of Tractarian theology and details how her interpretative strategies changed over the course of her lifetime Revealing how her encounter with the biblical text is informed by devotional classics Christina Rossetti and the Bible highlights the influence of Thomas à Kempis John Bunyan George Herbert and John Donne and describes how Rossetti adapted the teaching of the Ancient and Patristic Fathers and medieval mystics It also considers the interfaces that are

established between her devotional poems and the anthology and periodical pieces alongside which they were published throughout the second half of the nineteenth century Revelation and the Word of God Paul Avis, 2024-05-02 A unique work of Fundamental Theology Revelation and the Word of God explores key issues of divine revelation as open questions They include Why is revelation so elusive Existential and philosophical problems of revelation in the context of apologetics The self revelation of God in mystery What does it mean to say as the Bible does that God speaks and acts How does revelation relate to the Bible history religious experience and the church The relational and personalist dimensions of revelation What the biblical Wisdom tradition contributes to our understanding of revelation The threefold form of the Word of God Jesus Christ the incarnate Word Logos and Wisdom Sophia of God the Scriptures that witness to him and the church s proclamation kerygma in preaching sacraments and other ways The role of hermeneutics cultural constraints and imagination in the reception of revelation Critique including Feminist Theology of claimed revelation Is there revelation today How do developments in doctrine and practice relate to divine revelation The liturgy as a vehicle of the Word of God The Word in pastoral practice Jesus Christ as the crown and criterion of divine revelation according to the Fourth Gospel

Richard Hooker and the Vision of God Charles Miller, 2013-07-25 Charles Miller s rigorous and sensitive examination of Richard Hooker s theology makes a valuable addition to the field of study of the cleric one of the founding theologians of modern Anglicanism Miller examines Hooker s works in detail leading the reader through different facets of his vision of God creation Scripture the sacraments and practices of Christian devotion Hooker s theology challenges an increasingly time bound relativistic approach to doctrine and truth his sources were as wide as ancient and as modern as Hooker could make them Miller s thoughtful analysis is informed throughout by an understanding of the context of Hooker s theological development against the backdrop of continental Calvinism and the remnants of Roman Catholicism in England The growth of interest in Hooker among specialists has been accompanied by an abandonment of the serious study of Hooker s thought among theological students clergy and theologians Miller s work addresses this lack Hooker s insights must not be forgotten in the daily distribution of theological food to Christian people A study which attunes readers to Hooker s particular theological voice and teaches its value both in his own context and as a present day interlocutor this volume will be of great interest to Christians and theological students alike *Systematic Theology, Volume 2, Second Edition* James Leo Garrett Jr., 2014-09-14 Rivals the major systematic theologies of this century Baptist History and Heritage Journal July 1996 One of the characteristics of Garrett s system that needs especially to be noted is its balanced judicious and nearly invariably objective presentation of materials While holding true to the teachings of his own Baptist faith Garrett so carefully and judiciously presents alternatives that teachers and students from other confessional and denominational positions will find his work instructive Consensus 1997 If one is searching for an extensive exposition of the biblical foundations and historical developments of the various loci of systematic theology there is no more complete presentation in a relatively short work

than this Pastors will especially find this feature to be a real help in teaching theology It is an indispensable contribution to the task of systematic theology Journal of the Evangelical Theological Society September 1999 Many students and pastors will find all they need here and will in addition be helped to relate their knowledge to recent developments in the theological world The Churchman A Journal of Anglican Theology 1991 A gold mine of helpful material The Christian Century May 29 June 5 1991 No book that I know is more loaded with biblical and theological facts than this one The prodigious research that must have gone into the preparation of this volume is truly mind boggling Faith and Mission Fall 1991 Garrett has provided a massive and scholarly systematic theology from a thoroughly conservative and comprehensive viewpoint The work is well documented in both biblical and historical scholarship and will prove to be a classic William Hendrickson Southern Baptist Theological Seminary One of the most comprehensive concise books of its type available it should receive wide use in the classroom and in the study Robert H Culpepper Southern Baptist Theological Seminary
