Baumgartner, Bryan D. Jones, 2010-03-15 When Agendas and Instability in American Politics appeared fifteen years ago offering a profoundly original account of how policy issues rise and fall on the national agenda the Journal of Politics predicted that it would become a landmark study of public policy making and American politics That prediction proved true and in this long awaited second edition Bryan Jones and Frank Baumgartner refine their influential argument and expand it to illuminate the workings of democracies beyond the United States The authors retain all the substance of their contention that short term single issue analyses cast public policy too narrowly as the result of cozy and dependable arrangements among politicians interest groups and the media Jones and Baumgartner provide a different interpretation by taking the long view of several issues including nuclear energy urban affairs smoking and auto safety to demonstrate that bursts of rapid unpredictable policy change punctuate the patterns of stability more frequently associated with government Featuring a new introduction and two additional chapters this updated edition ensures that their findings will remain a touchstone of policy studies for many years to come

Porter, 2020-06-23 Leading political innovation activist Katherine Gehl and world renowned business strategist Michael Porter bring fresh perspective deep scholarship and a real and actionable solution Final Five Voting to the grand challenge of our broken political and democratic system Final Five Voting has already been adopted in Alaska and is being advanced in states across the country The truth is the American political system is working exactly how it is designed to work and it isn't designed or optimized today to work for us for ordinary citizens Most people believe that our political system is a public institution with high minded principles and impartial rules derived from the Constitution In reality it has become a private industry dominated by a textbook duopoly the Democrats and the Republicans and plagued and perverted by unhealthy competition between the players Tragically it has therefore become incapable of delivering solutions to America's key economic and social challenges In fact there's virtually no connection between our political leaders solving problems and getting reelected In The Politics Industry business leader and path breaking political innovator Katherine Gehl and world renowned business strategist Michael Porter take a radical new approach They ingeniously apply the tools of business analysis and Porter's distinctive Five Forces framework to show how the political system functions just as every other competitive industry does and how the duopoly has led to the devastating outcomes we see today Using this competition lens Gehl and Porter identify the most powerful lever for change a strategy comprised of a clear set of choices in two key areas how our elections work and how we make our laws Their bracing assessment and practical recommendations cut through the endless debate about various proposed fixes such as term limits and campaign finance reform The result true political innovation The Politics Industry is an original and completely nonpartisan guide that will open your eyes to the true dynamics and profound challenges of the American political

system and provide real solutions for reshaping the system for the benefit of all THE INSTITUTE FOR POLITICAL INNOVATION The authors will donate all royalties from the sale of this book to the Institute for Political Innovation

National Security, Democracy, and Good Governance in Postmilitary-Rule Nigeria, Volume Two Dr. Dan Mou, 2017-01-12 This book shows that the security economic political and social problems challenging national security democracy and good governance currently in Nigeria would get better or worse depending on what happens to the 71 percent of Nigerias population still living below the poverty line This is in spite of the billions of petrodollars that Nigeria garnered as revenue over the past few decades It reveals that one does not need to be a political prophet to predict that if these challenges are not successfully addressed through good governance and inclusive growth this country will witness

worse civil disobedience violence revolts militancy breakdown of law and order more kidnappings and more of the citizens trying to check out of the country to other parts of the world in the future It concludes however that under such intense pressures the Government of Nigeria even if it is simply for its self preservation will be forced by the objective conditions to move against the interests of the dominant groups and classes in Nigeria These are the ones who have for long captured and hijacked state power and the resources of the country for their exclusive use There is this perception that Nigerians dont write and read This perception is deep seated even among intellectuals who see our authors as shallow researchers But Dr Dan Mou has debunked that myth and shown that Nigerians can write well researched and detailed books It is quite prophetic in its assessment of the Nigerian State Agbo Agbo deputy editor The Nation Dr Dan Mou has proven himself a world class scholar and an intellectual colossus His reputation as an internationally renowned public policy expert has continued to soar I congratulate him for these remarkable achievements Professor Justice Abdul Fatai Kuti first justice of Abuja High Court and former dean faculty of law University of Ado Ekiti Ekiti State of Nigeria Dr Mou is certainly one of the best scholars we have on the African continent As an educationist myself before I became a traditional ruler I agree totally with his analysis and conclusions I share the optimism Dr Mou has expressed that once the recommendations therein are adopted and meticulously implemented with proper monitoring and evaluation of such resultant policies and programmes Nigeria and indeed Africa would be able to solve most of these challenges HRH Alh Dr Sheban Audu Nizazo III Etsu Kwali Etsu Kwalis Palace Abuja Nigeria
