## Partisan Review:

*Partisan Review*, 1979      **The Rise of the New York Intellectuals** Terry A. Cooney, 1986      **Partisan Review & Anvil**, 1941      *The Secular Rabbi* Doris Kadish, 2021-03-01 The Secular Rabbi is an intellectual biography of Philip Rahv co founder of Partisan Review which T S Eliot called the best American literary periodical It focuses on the ambivalent ties that Rahv a Russian immigrant retained to his Jewish cultural background Drawing on letters Rahv wrote to her mother from 1928 to 1931 when he was still named Philip Greenberg Doris Kadish delves into the complex and enigmatic character of a man admired by luminaries as diverse as George Orwell Mary McCarthy Saul Bellow Elizabeth Hardwick and William Styron Textual analyses of Rahv s works are woven together with other disparate materials historical accounts genealogical records memoirs by Rahv s colleagues friends and associates interviews with persons who knew him and the abundant body of secondary scholarship devoted to the New York intellectuals the history of Partisan Review and Jewish studies Kadish positions herself in relation to Rahv in attempting to understand her own Jewish identity In tracing Rahv s personal political and literary evolution Kadish sheds light on such literary movements as modernism proletarian literature and Jewish writing as well as movements that defined American political history in the 20th century immigration socialism communism fascism the cold war feminism and the New Left      *The Partisan Review Anthology. Edited by William Phillips and Philip Rahv* Partisan Review, Philip Rahv, William Phillips (Nov.14), 1962      **Partisan Review**, 1974      The Polarizers Sam Rosenfeld, 2017-12-28 Rosenfeld s insightful study of the development of political parties since World War II is highly instructive for our current moment Kirkus Reviews Even in this most partisan and dysfunctional of eras we can all agree on one thing Washington is broken Politicians take increasingly inflexible and extreme positions leading to gridlock partisan warfare and the sense that our seats of government are nothing but cesspools of hypocrisy childishness and waste The shocking reality though is that modern polarization was a deliberate project carried out by Democratic and Republican activists In The Polarizers Sam Rosenfeld details why bipartisanship was seen as a problem in the postwar period and how polarization was then cast as the solution Republicans and Democrats feared that they were becoming too similar and that a mushy consensus imperiled their agendas and even American democracy itself Thus began a deliberate move to match ideology with party label with the toxic results we now endure Rosenfeld reveals the specific politicians intellectuals and operatives who worked together to heighten partisan discord showing that our system today is not solely a product of gradual structural shifts but of deliberate actions motivated by specific agendas Rosenfeld reveals that the story of Washington s transformation is both significantly institutional and driven by grassroots influences on both the left and the right The Polarizers brilliantly challenges and overturns our conventional narrative about partisanship but perhaps most importantly it points us toward a new consensus if we deliberately created today s dysfunctional environment we can deliberately change it A timely and significant contribution to the literature on political sorting and polarization Highly recommended Choice      **A**

**Partisan View** William Phillips, 2004 Since its founding in 1937 Partisan Review has been one of the most important and culturally influential journals in America Under the legendary editorship of William Phillips and Philip Rahv Partisan Review began as a publication of the John Reed Club but soon broke away to establish itself as a free voice of critical dissent As such it counteracted the inroads of cultural Stalinism and took up the fight for aesthetic modernism at a time when the latter was fiercely contested by both the political left and the right In *A Partisan View* William Phillips gives a vivid account of his own part in the magazine's eventful history As the magazine's current editor Edith Kurzweil notes in her new introduction many of the literary and political disagreements that famously marked Partisan Review's history originated in the editors' initial adherence to a program of radical politics and avant-gardism Although this proved increasingly unworkable Phillips and Rahv even from the outset never allowed sectarian narrowness to determine the magazine's contents Over the decades Partisan Review published work by authors as far from radicalism as T S Eliot and Wallace Stevens or from Marxist orthodoxy as Albert Camus and George Orwell In literature its contributors were as stylistically and intellectually varied as Saul Bellow Vladimir Nabokov Robert Lowell and Isaac Bashevis Singer In short Partisan Review featured the best fiction poetry and essays of the 1940s and postwar decades Beyond its literary preeminence Partisan Review was famed as the most representative journal of the New York Intellectuals Much of the quality of Partisan Review came from Phillips' own broad culture cosmopolitanism and intellectual tolerance As Edith Kurzweil writes he kept trying to find a category of criticism that might enable us all to better come to grips with the complexities of our ever-changing world Now in paperback *A Partisan View* will be of keen interest to intellectual historians as well as literary scholars William Phillips 1907-2002 was one of the founding editors of Partisan Review and served as editor in chief from the late 1960s He was the author of *A Sense of the Present* Edith Kurzweil is the editor of Partisan Review She is the author of many essays on American and European culture and of *The Freudians* and *The Age of Structuralism* both available from Transaction

**A Partisan Century** Edith Kurzweil, 1996-09-12 For more than sixty years Partisan Review has been the most influential literary and cultural journal in America home to some of this century's finest writers *A Partisan Century* now collects the journal's greatest political essays from the 1930s to the present The list of writers collected here is a virtual who's who of American and European intellectual culture in the past half century Leon Trotsky James T Farrell Irving Howe Hannah Arendt Norman Mailer C Wright Mills Arthur Schlesinger Jr Nat Hentoff Steven Marcus Andrei Sakharov and many more *A Partisan Century* gathers together some of the journal's most outstanding moments from George Orwell's London Letter written when invasion by Nazi Germany seemed imminent to Susan Sontag's 1964 essay *Notes on Camp* a harbinger to the age of postmodernism to Steven Marcus's *Soft Totalitarianism* part of a rousing symposium on the effects of political correctness On the subjects ranging from the Cold War to the neoconservatives from the war in Vietnam to revolutionaries in Romania the writings in *A Partisan Century* are a barometer of the shifts in global politics in the twentieth century
