(Memoirs of General Adam R. Johnson.) Edited by W.J. Davis** Adam Rankin JOHNSON, William J. DAVIS (of Louisville.), 1904      Punitive War Clay Mountcastle, 2009 This book examines the guerilla experience and then traces its progression from the Western Theater in 1861 to its apogee in the East in the last two years of the war Pg 5      Public Laws of the Confederate States of America Confederate States of America, 1863      *Bodies in Blue* Sarah Handley-Cousins, 2019-07-01 Disabled soldiers and veterans occupied a difficult space in the Civil War North The realities of living with a disability were ever at odds with the expectations of manhood Disability made it difficult for soldiers to adhere to the particular masculine standards of the Union Army yet when soldiers were able to control their bodies in order to fit manly ideals they were met with suspicion when they requested accommodation or support The very definition of masculine disability was ever in dispute as soldiers physicians lawmakers bureaucrats and civilians each questioned what made a war wound authentic Further they each pondered what role disabled soldiers should play whether in the course of war in the progression of medicine or in Gilded Age politics It is in this tension between the demands of masculinity and the realities of disability that we can see the murkier undercurrent of the history of disabled Civil War veterans that even when surrounded by the triumphant cheers and sentimental sighs that praised war wounds as patriotic sacrifices disabled Union veterans faced enormous difficulty as they negotiated a life spent walking the fine line between manliness and emasculation Sarah Handley Cousins s manuscript makes an important contribution to the burgeoning field of the Civil War veteran experience Civil War medicine masculinity and the soldier transition to civilian life She breaks new ground with her focus on invisible wounds as most scholars have concentrated on amputees      **The 4th North Carolina Cavalry in the Civil War** Neil Hunter Raiford, 2006-12-06 In April 1862 the Civil War was entering its second year and North Carolina was rallying to supply more troops for the Confederacy The Partisan Ranger Act passed by the Confederate Congress on April 21 prompted local leaders to recruit companies of irregular soldiers for service in the Confederate Army Seven such companies were banded together into a regiment to form the 4th North Carolina Cavalry a true cross section of North Carolina it contained soldiers from the largest urban areas and smallest rural areas from fifteen counties This history of the 4th North Carolina Cavalry is based largely on primary source material the official records letters diaries and recollections of the soldiers The

J K L M N O P Q R S T V W Z      *Executing Daniel Bright* Barton A. Myers, 2009-10-01 On December 18 1863 just north of Elizabeth City in rural northeastern North Carolina a large group of white Union officers and black enlisted troops under the command of Brigadier General Edward Augustus Wild executed a local citizen for his involvement in an irregular resistance to Union army incursions along the coast Daniel Bright by conflicting accounts either a Confederate soldier home on leave or a deserter and guerrilla fighter guilty of plundering farms and harassing local Unionists was hanged inside an unfinished postal building The initial fall was not mortal and according to one Union soldier's account Bright suffered a slow death by strangulation his heart not ceasing to beat for twenty minutes Until now Civil War scholars considered Bright and the Union incursion that culminated in his gruesome death as only a historical footnote In *Executing Daniel Bright* Barton A Myers uses these events as a window into the wider experience of local guerrilla conflict in North Carolina's Great Dismal Swamp region and as a representation of a larger pattern of retaliatory executions and murders meant to coerce appropriate political loyalty and military conduct on the Confederate homefront Race political loyalties power and guerrilla violence all shaped the life of Daniel Bright and the home he died defending and Myers shows how the interplay of these four dynamics created a world where irregular military activity could thrive Myers opens with an analysis of antebellum slavery race relations slavery debates and the role of the environment in shaping the antebellum economy of northeastern North Carolina He then details the emergence of a rift between Unionist and Confederate factions in the area in 1861 the events in 1862 that led to the formation of local guerrilla bands and General Wild's 1863 military operation in Pasquotank Camden and Currituck counties He explores the local state regional and Confederate Congress's responses to the events of the Wild raid and specifically to Daniel Bright's hanging revealing the role of racism in shaping those responses Finally Myers outlines the outcome of efforts to negotiate neutrality and the state of local loyalties by mid 1864 Revising North Carolina's popular Civil War mythology Myers concludes that guerrilla violence such as Bright's execution occurred not only in the highlands or Piedmont region of the state's homefront rather local irregular wars stretched from one corner of the state to the other He explains how violence reshaped this community and profoundly affected the ways loyalties shifted and manifested themselves during the war Above all Myers contends Bright's execution provides a tangible illustration of the collapse of social order on the southern homefront that ultimately led to the downfall of the Confederacy Microhistory at its finest *Executing Daniel Bright* adds a thought provoking chapter to the ever expanding history of how Americans have coped with guerrilla war      **Remembering Georgia's Confederates** David N.
