The Partition in Retrospect Amrik Singh, 2000 Papers presented at a conference held at New Delhi in 1997 *From Plassey to Partition* Śekhara Bandyopādhyāya, 2004 *From Plassey to Partition* is an eminently readable account of the emergence of India as a nation It covers about two hundred years of political and socio economic turbulence Of particular interest to the contemporary reader will be sections such as Early Nationalism Discontent and Dissension Many Voices of a Nation and Freedom with Partition On the one hand it converses with students of Indian history and on the other it engages general and curious readers Few books on this crucial period of history have captured the rhythms of India's polyphonic nationalism as *From Plassey to Partition* **Partitions** Stefano Bianchini, Sanjay Chaturvedi, Rada Ivekovic, Ranabir Samaddar, 2004-08-02 The partition of the Indian subcontinent the collapse of the Soviet Union and Yugoslavia the reunification of Germany the continuing feud between two Koreas the Irish peace process the case of Israel Palestine and the lingering division of Cyprus have together given rise to a huge body of literature However studies of partitions have usually focused on individual cases This innovative volume uses comparative analysis to fill the gap in partition studies and examines cross cutting issues such as violence state formation union and regional unification geopolitics transition [Translating Partition](#) Attia Hosain, 2001 This collection is about those on the wrong side of the border Apart from offering a perspective on displaced people and communities the stories talk about people as religious and linguistic minorities in post Partition India and Pakistan These narratives offer insights into individual experience and break the silence of the collective sphere

Shameful Flight Stanley Wolpert, 2009-09-17 Britain's precipitous and ill planned disengagement from India in 1947 condemned as a shameful flight by Winston Churchill had a truly catastrophic effect on South Asia leaving hundreds of thousands of people dead in its wake and creating a legacy of chaos hatred and war that has lasted over half a century Ranging from the fall of Singapore in 1942 to the assassination of Mahatma Gandhi in 1948 Shameful Flight provides a vivid behind the scenes look at Britain's decision to divest itself from the crown jewel of its empire Stanley Wolpert a leading authority on Indian history paints memorable portraits of all the key participants including Gandhi Churchill Attlee Nehru and Jinnah with special focus on British viceroy Lord Louis Mountbatten Wolpert places the blame for the catastrophe largely on Mountbatten the flamboyant cousin of the king who rushed the process of nationhood along at an absurd pace The viceroy's worst blunder was the impetuous drawing of new border lines through the middle of Punjab and Bengal Virtually everyone involved advised Mountbatten that to partition those provinces was a calamitous mistake that would unleash uncontrollable violence Indeed as Wolpert shows civil unrest among Muslims Hindus and Sikhs escalated as Independence Day approached and when the new boundary lines were announced arson murder and mayhem erupted Partition uprooted over ten million people 500 000 to a million of whom died in the ensuing inferno Here then is the dramatic story of a truly pivotal moment in the history of India Pakistan and Britain an event that ignited fires of continuing political unrest that still burn in South Asia

The Bengal Borderland Willem van Schendel, 2005 The Bengal Borderland constitutes the epicentre of the partition of British India Yet while the forging of

international borders between India Pakistan Bangladesh and Burma the Bengal Borderland has been a core theme in Partition studies these crucial borderlands have remarkably been largely ignored by historians
