

# EXPENDITURES

In FY20/21, Capital Outlay was the most expensive area. This is a direct result of the almost \$10.5 million spent repaving roads. General Government was the second most expensive area of the City. This is a direct result of grants that were given to area businesses along with a sales tax incentive given to the Kunes auto dealership to help fund their major renovation. The third largest expenditure category was Public Safety. This is primarily due to the large number of personnel that are required to provide these services.

After Capital Outlay, which is a result of the enhanced road program, Salaries continue to be the second highest type of expenditures. This is a result of the large portion of programs and services offered by the City, reflecting the high quality of life standards provided by its professional workforce.
