Friendly Enemies Stefan Berger,Norman Laporte,2010 During the Cold War Britain had an astonishing number of contacts and connections with one of the Soviet Bloc s most hard line regimes the German Democratic Republic The left wing of the British Labour Party and the Trade Unions often had closer ties with communist East Germany than the Communist Party of Great Britain CPGB There were strong connections between the East German and British churches women s movements and peace movements influential conservative politicians and the Communist leadership in the GDR had working relationships and lucrative contracts existed between business leaders in Britain and their counterparts in East Germany Based on their extensive knowledge of the documentary sources the authors provide the first comprehensive study of Anglo East German relations in this surprisingly under researched field They examine the complex motivations underlying different political groups engagement with the GDR and offer new and interesting insights into British political culture during the Cold War *The Selected Letters of Bertrand Russell* Bertrand Russell,2002 This long awaited second volume of Russell s best letters reveals the inner workings of a philosophical genius and an impassioned campaigner for peace and social reform The letters only three of which have been published before cover most of Russell s adult life a period in which he wrote over thirty books including his famous History of Western Philosophy Richly illustrated with photographs from Russell s life the collection includes letters to Ho Chi Minh Tito Jawaharlal Nehru and Albert Einstein **White Lies** Denis Herbstein,2004 Behind the clerical dog collar he wore as Canon of St Paul s Cathedral in London John Collins ran a single minded constantly creative campaign over several decades to provide material support to those waging the struggle against apartheid assisting leaders like Nelson Mandela and thousands of township and rural activists as well as families who suffered because their loved ones were in prison in exile or dead The success of the organisations he founded the International Defence and Aid Fund IDAF and Christian Action depended on a network of volunteers across the world and a small group of South African

exiles and British workers in London South African intelligence agents tried to penetrate these networks but to no avail

BOOK JACKET God and War Tom Lawson, 2016-04-22 Despite narratives of secularization it appears that the British public persistently pay attention to clerical opinion and continually resort to popular expressions of religious faith not least in time of war From the throngs of men who gathered to hear the Bishop of London preach recruiting sermons during the First World War to the attention paid to Archbishop Williams words of conscience on Iraq clerical rhetoric remains resonant For the countless numbers who attended National Days of Prayer during the Second World War and for the many who continue to find the Remembrance Day service a meaningful ritual civil religious events provide a source of meaningful ceremony and a focus of national unity War and religion have been linked throughout the twentieth century and this book explores these links taking the perspective of the home front rather than the battlefield Exploring the views and accounts of Anglican clerics on the issue of warfare and international conflict across the century the authors explore the church's stance on the causes morality and conduct of warfare issues of pacifism obliteration bombing nuclear possession and deterrence retribution forgiveness and reconciliation and the spiritual opportunities presented by conflict This book offers invaluable insights into how far the Church influenced public appraisal of war whilst illuminating the changing role of the Church across the twentieth century

Amnesty International and Human Rights Activism in Postwar Britain, 1945-1977 Tom Buchanan,2020-04-30 Demonstrates how activists worked together during the post war decades to transform public attitudes towards violations of human rights The Selected Letters of Bertrand Russell, Volume 2 Nicholas Griffin,2013-01-11 This long awaited second volume of Russell's best letters reveals the inner workings of a philosophical genius and an impassioned campaigner for peace and social reform The letters only three of which have been published before cover most of Russell's adult life a period in which he wrote over thirty books including his famous History of Western Philosophy Richly illustrated with photographs

from Russell's life the collection includes letters to Ho Chi Minh, Tito, Jawaharlal Nehru and Albert Einstein The Church's Other Half Trevor Beeson, 2013-01-03 Women have always constituted at least half of the church's membership but for almost 2 000 years were excluded from any significant part in its leadership. After the example of Jesus the earliest Christian communities were wholly inclusive in their organisation but a patriarchal model derived from the pattern of the secular Greco-Roman societies was soon adopted. This restricted women to subordinate roles from which the struggle to escape continues **NGOs in Contemporary Britain** N. Crowson, M. Hilton, J. McKay, 2009-04-22 Examining the history of social movements and non-state socio-political action this volume shows how Non-Governmental Organisations (NGOs) have proliferated in Britain since 1945 and how they have raised new political agendas, revived associational life and arguably re-politicized generations disillusioned with the politics of the ballot box *Handbook on Gender and War* Simona Sharoni, Julia Welland, Linda Steiner, Jennifer Pedersen, 2016-07-27 This interdisciplinary Handbook offers a comprehensive and detailed overview of the relationship between gender and war, exploring the conduct of war, its impact, aftermath and opposition to it. Offering sophisticated theoretical insights and empirical research from the First World War to contemporary conflicts around the world, this Handbook underscores the centrality of gender to critical examinations of war **Colour Bar** Susan Williams, 2007-06-07 Sir Seretse Khama, the first President of Botswana and heir apparent to the kingship of the Bangwato people, brought independence and great prosperity to his nation after colonial rule. But for six long years from 1950 Seretse had been forced into exile in England, banned from his own country. His crime? To fall in love and marry a young white English girl, Ruth Williams. Delving into newly released records, Susan Williams tells Seretse and Ruth's story, a shocking account of how the British Government conspired with apartheid South Africa to prevent the mixed-race royal couple returning home. But it is also an inspiring, triumphant tale of hope, courage and true love, as with tenacity and great dignity Seretse and Ruth and the Bangwato people overcome prejudice in their fight for justice *Walter & Albertina Sisulu* Elinor Sisulu, 2011-09-15 This is a well-told story and an important historical record of the struggle for a democratic South Africa.
