Psychic Exploration: A Challenge for Science Edgar D. Mitchell,2011-07-01 Psychic Exploration A Challenge for Science is a primer on psychic research life s purpose and the meaning of the universe Originally published in 1974 this landmark anthology of nearly thirty chapters on every area of psychic research is finally available again Edgar D Mitchell Apollo 14 astronaut and moonwalker as well as a distinguished researcher of the study of human consciousness brought together eminent scientists to write about issues once considered too controversial to discuss This book includes fascinating chapters on the history of parapsychology telepathy hauntings psychic phenomena and consciousness along with an extensive glossary and index This timeless anthology continues to be appealing as a reference work for those curious about the history of parapsychology fans of the world of psi and readers interested in the meaning of the universe Contributors include Willis W Harman Jean Houston Stanley Krippner Robert Masters William G Roll Russell Targ Charles T Tart Montague Ullman and many more perhaps the most important change since the initial publication of Psychic Exploration has been due to advancements in quantum physics If this trend continues then the age old puzzle at the core of religious epiphanies mystical insight and creative genius will finally yield to scientific explanations What is the true nature of consciousness From the New Foreword by Marilyn Schlitz PhD and Dean Radin PhD

The Poltergeist Roll, William G.,2004-03 One bit a woman leaving puncture wounds all over her body Another attacked the contents of a warehouse full of glasses and mugs Yet another lifted furniture into the air then sent objects flying in another house These are some of the strange and sometimes terrifying cases collected by poltergeist investigator William Roll A parapsychologist Roll studies these noisy ghosts to understand what they are and why they do what they do

The Science of Ghosts Joe Nickell,2012-07-03 Are ghosts real Are there truly haunted places only haunted people or both And how can we know Taking neither a credulous nor a dismissive approach this first of its kind book solves those perplexing mysteries and more even answering the question of why we care so very much Putting aside purely romantic tales this book examines the actual evidence for ghosts from eyewitness accounts to mediumistic productions such as diaphanous forms materializing in dim light spirit photographs ghost detection phenomena and even CSI type trace evidence Offering numerous exciting case studies this book engages in serious investigation rather than breathless mystifying Pseudoscience folk legends and outright hoaxes are challenged and exposed while the historical cultural and scientific aspects of ghost experiences and haunting reports are carefully explored The author the world s only professional paranormal investigator brings his skills as a stage

magician private detective folklorist and forensic science writer to bear on a topic that demands serious study **Catalogue of the Parapsychology Collection in the University of the Witwatersrand Library** University of the Witwatersrand. Library,1981 **The Psychobiology of Psi** Robert L. Morris,2016-05-01 This essay chapter 9 of Psychic Exploration concerns itself with the processing of psi information once it is within the organism from a psychobiological perspective The full volume of Psychic Exploration can be purchased as an ebook or paperback version from all major online retailers and at cosimobooks com Psychics, Sensitives and Somnambules Rodger I. Anderson,2015-01-27 Claimants of paranormal abilities have always attracted controversy and fascination and sometimes rigorous study by scientists Charles Bailey an Australian medium was seemingly able to materialize different objects animate and inanimate under conditions which made it difficult to conceive how they could have been normally produced Sumitra Singh a woman of Northern India who in 1984 became subject to epileptic type seizures claimed to be possessed by spirits of the dead Franck Kluski was a Polish poet banker and physical medium who specialized in both human and animal materializations This biographical dictionary contains profiles of 330 psychics worldwide from Tony Agpaoa to Elenor Zugun each accompanied by a bibliography listing the primary sources consulted The primary focus is on those claimed psychics who have figured prominently in the history of the subject though some lesser known figures are included to show how rich varied and colorful that history has been The aim throughout is to present each case as fairly and dispassionately as the facts allow with a particular eye for accuracy in details and presentation The approach is historical not apologetic or accusatory making the work ideally suited as a permanent reference The Knowable Future David Loye,1998-12 The Knowable Future examines the science underlying futures prediction as a formal venture and as an informal activity It explains how left brain rationality and right brain psychic abilities are both used in conjunction with forebrain governing capacities Loye advances a theory of how the future is shaped by and predicted according to the matrix impact of liberalism conservatism and five other major factors of ideology **The Other Side of the Mind** W.
