## **Parental Involvement In Childrens Reading:**

The effect of family literacy interventions on children's acquisition of reading Monique Sénéchal,2006      **Parental Involvement in Children's Reading** Keith J. Topping,1985      *The Broken Compass* Keith Robinson,Angel L. Harris,2014-01-06 It seems like common sense children do better when parents are involved in their schooling But does the evidence stack up The Broken Compass puts this question to the test across socioeconomic groups and the surprising finding is that no clear connection exists between parental involvement and improved student performance      The Knowledge Gap Natalie Wexler,2019-08-06 Essential reading for teachers education administrators and policymakers alike STARRED Library Journal The untold story of the root cause of America s education crisis It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country s frustrating lack of progress when it comes to providing every child with a quality education The problem wasn t one of the usual scapegoats lazy teachers shoddy facilities lack of accountability It was something no one was talking about the elementary school curriculum s intense focus on decontextualized reading comprehension skills at the expense of actual knowledge In the tradition of Dale Russakoff s The Prize and Dana Goldstein s The Teacher Wars Wexler brings together history research and compelling characters to pull back the curtain on this fundamental flaw in our education system one that fellow reformers journalists and policymakers have long overlooked and of which the general public including many parents remains unaware But The Knowledge Gap isn t just a story of what schools have gotten so wrong it also follows innovative educators who are in the process of shedding their deeply ingrained habits and describes the rewards that have come along students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed If we truly want to fix our education system and unlock the potential of our neediest children we have no choice but to pay attention      Engaging Young Readers Linda Baker,Mariam Jean Dreher,John T. Guthrie,2000 This volume demonstrates how promoting children s engagement with reading can greatly enhance reading achievement From leading literacy researchers and educators the book illuminates what a child needs to become an engaged reader and presents a set of instructional principles designed to facilitate this goal Helping teachers offer a coordinated emphasis on competence and motivation in reading instruction chapters blend research evidence with practical recommendations Topics covered include ways to provide children with a good foundation at the word level help if they are in trouble ample time and materials for reading opportunities to share in a community of learners instruction that is coherent motivating and responsive to each child s strengths and weaknesses school wide coordination of instruction and continuities between home and school      Parental Involvement in Children's Reading Keith Topping,Sheila Wolfendale,2017-11-28 Parental involvement in children s education is a subject of growing interest and recent legislation in both the UK and USA has given formal recognition of parents rights Learning to read is an obvious area where parents can do a great deal to help and some schools have had programmes for parental involvement in reading for some time However

recent research has shown the considerable benefit in having carefully structured systems for parental involvement This book presents a review of past and current good practice in this field Details of a wide range of schemes developed in local areas are given in a series of short contributed papers which are grouped into sub sections of Part 2 according to the type of project Part 3 is essentially a manual of materials and methods The emphasis throughout the book is on service delivery to all children although there is of course considerable discussion of remedial reading and children with special needs The book should appeal to a wide audience in education educational administration and educational psychology

**Parenting Matters** National Academies of Sciences, Engineering, and Medicine, Division of Behavioral and Social Sciences and Education, Board on Children, Youth, and Families, Committee on Supporting the Parents of Young Children, 2016-11-21 Decades of research have demonstrated that the parent child dyad and the environment of the family which includes all primary caregivers are at the foundation of children's well being and healthy development From birth children are learning and rely on parents and the other caregivers in their lives to protect and care for them The impact of parents may never be greater than during the earliest years of life when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment Parents help children build and refine their knowledge and skills charting a trajectory for their health and well being during childhood and beyond The experience of parenting also impacts parents themselves For instance parenting can enrich and give focus to parents lives generate stress or calm and create any number of emotions including feelings of happiness sadness fulfillment and anger Parenting of young children today takes place in the context of significant ongoing developments These include a rapidly growing body of science on early childhood increases in funding for programs and services for families changing demographics of the U S population and greater diversity of family structure Additionally parenting is increasingly being shaped by technology and increased access to information about parenting Parenting Matters identifies parenting knowledge attitudes and practices associated with positive developmental outcomes in children ages 0-8 universal preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge attitudes and practices and barriers to and facilitators for parents use of practices that lead to healthy child outcomes as well as their participation in effective programs and services This report makes recommendations directed at an array of stakeholders for promoting the wide scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice It is meant to serve as a roadmap for the future of parenting policy research and practice in the United States

**Equity, Equality and Diversity in the Nordic Model of Education** Tove Stjern Frønes, Andreas Pettersen, Jelena Radišić, Nils Buchholtz, 2021-01-21 Does the Nordic model of education still stand by its original principles and safeguard education for all This Open Access volume is a carefully crafted collection of chapters that investigate the different aspects of equity equality and diversity across the education systems in the Nordic countries Based

on data from various national and international large scale assessments the volume provides a better understanding of both the functions and foundations of the Nordic model along with how the concepts mentioned above are enacted in practice Across the chapters data from different national and international large scale assessment studies are used for cross and single country analyses on a variety of issues related to equity equality and inequality in diverse educational settings The investigations address different subject domains i e mathematics science reading age and grade groups but also issues related to teachers and the schools themselves In addition to these empirical chapters the book addresses the theoretical and methodological underpinnings of the ideas and tools embedded in the phenomena of equity and equality and how they have met in the Nordic model of education

Read to Your Bunny Rosemary Wells,1998 Brief rhyming text and colorful illustrations tell what happens when parents and children share twenty minutes a day reading

Parental Involvement in Childhood Education Garry Hornby,2011-04-07 Parental participation has long been recognized as a positive factor in children s education Research consistently shows that parents contributions to their children s education lead to improvements in their academic and behavioral outcomes from elementary through middle and secondary school Recognizing the critical role of school psychologists in this equation Parental Involvement in Childhood Education clearly sets out an evidence based rationale and blueprint for building parental involvement and faculty awareness The author s starting point is the gap between the ideals found in the literature and the reality of parental involvement in schools An ecological analysis identifies professional institutional and societal factors that keep schools and parents distant Methods for evaluating parental involvement are detailed as is a model for developing and maintaining strong parental relationships at the instructor school and education system level with an emphasis on flexible communication and greater understanding of parents needs This empirically sound coverage offers readers A detailed understanding of obstacles to parental involvement An evidence based model for parental participation A three nation study of parental involvement practices in schools Guidelines for implementing parental involvement activities and initiatives A review of effective communication strategies with parents Analysis of key interpersonal skills for effective work with parents Parental Involvement in Childhood Education is essential reading for practitioners and researchers in school psychology and counseling social work and educational psychology whether they work directly with schools or in providing training for teachers and other professionals who work with children and their parents
