Parental Kidnaping Prevention Act of 1979, S. 105 United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Criminal Justice,1980 *Haunted by Parents* Leonard Shengold,2006-01-01 In this book the eminent psychoanalyst Leonard Shengold looks at why some people are resistant to change even when it seems to promise a change for the better Drawing on a lifetime of clinical experience as well as wide readings of world literature Shengold shows how early childhood relationships with parents can lead to a powerful conviction that change means loss Dr Shengold who is well known for his work on the lasting effects of childhood trauma and child abuse in such seminal books as *Soul Murder* and *Soul Murder Revisited* continues his exploration into the consequences of early psychological injury and loss In the examples of his patients and in the lives and work of such figures as Edna St Vincent Millay William Wordsworth and Henrik Ibsen Shengold looks at the different ways in which unconscious impressions connected with early experiences and fantasies about parents are integrated into individual lives He shows the difficulties he s encountered with his patients in raising these memories to the conscious level where they can be known and owned and he also shows in his survey of literary figures how these memories can become part of the creative process *Haunted by Parents* offers a deeply humane reflection on the values and limitations of therapy on memory and the lingering effects of the past and on the possibility of recognizing the promise of the future **Family and Filiality** Xianglong Zhang,2025-06-01 Compares Chinese and Western perspectives on the family

This book is a timely contribution to the growing field of the philosophy of the family Drawing on a lifetime of research in Western and Chinese philosophy Zhang Xianglong adopts a comparative perspective to navigate between Greek philosophy phenomenology and Confucianism to explore such topics as the nature of the family filiality human nature temporality memory incest taboos the future of Confucianism and popular literature He weaves his vast intercultural knowledge and understanding into penetrating philosophical social literary and anthropological insights that reveal the strengths and weaknesses of Western and Chinese conceptions of the family This book is a paradigm of comparative philosophy and demonstrates the value of the Chinese intellectual tradition for modern philosophy Handbook of Psychology, Forensic Psychology Irving B. Weiner, Randy K. Leon Segers Jr., 2012-10 Although the title of this book indicates One parent's story struggle it's actually about the battle between all parents and teens or simply adults and teens in general I say battle but it has actually risen to the potential for what I call generational warfare Basically teenagers have little respect for adults especially parents The protocol is simple and yes most adults do recall progressing strategically in the same way during their own youth Even before we're born we make demands Then after we've grown a few years we make many more demands By the age of ten to thirteen we more than expect those demands to unquestionably be met Finally by the last 3 to 5 years of youth while living at home with our parents we've assessed who our biggest enemy is and how we would like to take down who we now see as both an enemy and a dictator Simply put after you've bitten the hand that feeds you for so long that hand begins to appear useless And once that represents uselessness the person behind that outreaching hand also serves no purpose to you So the stage is set Teenagers won't look back with any sense of appreciation and parents who also continued to grow will look back and wonder was it all worth it Many are optimistic while others are in denial But most can only feel one thing What was I thinking *Generation Multiplex* Timothy Shary, 2009-01-27 When teenagers began hanging out at the mall in the early 1980s the movies followed Multiplex theaters offered teens a wide array of perspectives on the coming of age experience as well as an escape into the alternative worlds of science fiction and horror Youth films remained a popular and profitable genre through the 1990s offering teens a place to reflect on their evolving identities from adolescence to adulthood while simultaneously shaping and maintaining those identities Drawing examples from hundreds of popular and lesser known youth themed films Timothy Shary here offers a comprehensive examination of the representation of teenagers in American cinema in the 1980s and

1990s He focuses on five subgenres school delinquency horror science and romance sexuality to explore how they represent teens and their concerns how these representations change over time and how youth movies both mirror and shape societal expectations and fears about teen identities and roles He concludes that while some teen films continue to exploit various notions of youth sexuality and violence most teen films of the past generation have shown an increasing diversity of adolescent experiences and have been sympathetic to the particular challenges that teens face

The Spiritual Lives of Bereaved Parents Dennis Klass, 2013-11-12 This book describes how parents lose, find, or relocate spiritual anchors after the death of their child. It describes how ordinary people reconstruct their lives after their foundations have shifted and how they make sense of their world after one of their centers of meaning has been removed.

Klass grounds his descriptions of spirituality in his scholarly study of comparative religions and in his two decades studying the lives of bereaved parents. He argues that continuing bonds with their dead children can give parents a new transcendent reality. Deceased children like saints or bodhisattvas can offer a bridge between the profane and sacred worlds, support parents as they find meaning in a world made forever poorer, and bind together a community adequate to parents' grief. The book reports Klass's clinical practice and his work as advisor to a bereaved parents self-help support group.
