

## ***Domestic Asides; Or, Truth In Parentheses***

*"I really take it very kind,  
This visit, Mrs. Skinner!  
I have not seen you such an age -  
(The wretch has come to dinner!)*

*"Your daughters, too, what loves of girls -  
What heads for painters' easels!  
Come here and kiss the infant, dears -  
(And give it p'rhaps the measles!)*

*"Your charming boys I see are home  
From Reverend Mr. Russell's;  
'Twas very kind to bring them both -  
(What boots for my new Brussels!)*

*"What! little Clara left at home?  
Well now I call that shabby:  
I should have loved to kiss her so -  
(A flabby, dabby, babby!)*

*"And Mr. S., I hope he's well,  
Ah! though he lives so handy,  
He never now drops in to sup -  
(The better for our brandy!)*

*"Come, take a seat - I long to hear  
About Matilda's marriage;  
You're come of course to spend the day!  
(Thank Heaven, I hear the carriage!)*

*"What! must you go? next time I hope  
You'll give me longer measure;  
Nay - I shall see you down the stairs -  
(With most uncommon pleasure!)*

*"Good-bye! good-bye! remember all,  
Next time you'll take your dinners!  
(Now, David, mind I'm not at home  
In future to the Skinners!")*

## **Parentheses Poems:**

**IN PARENTHESIS : SEINNYESSIT E GLEDYF YM PENN MAMEU.** David Michael Jones, 1978      **Ritsos in Parentheses** Yannis Ritsos, 2015-03-08 Perhaps Greece's most important poet Yannis Ritsos follows such eminent predecessors as Cavafy, Sikelianos and Seferis in the dramatic and symbolic expression of a tragic sense of life. The three volumes of Ritsos's poetry translated here *Parentheses* 1946-47 *Parentheses* 1950-61 and *The Distant* 1975 represent a thirty-year poetic journey and a developing sensibility that link the poet's subtler perceptions at different moments of his maturity. In his introduction to the poems and as an explanation of the book's title, Edmund Keeley writes: "The two signs of the parenthesis are like cupped hands facing each other across a distance, hands that are straining to come together to achieve a meeting that would serve to reaffirm human contact between isolated presences, but though there are obvious gestures toward closing the gap between the hands, the gestures seem inevitably to fail and the meeting never quite occurs." In terms of the development of Ritsos's poetic vision, the distance within the parenthesis is shorter in each of the two earlier volumes than in the most recent volume. There, the space has become almost infinite, yet Ritsos's powerfully evocative if stark landscape reveals a stylistic purity that is the latest mark of his greatness. Originally published in 1979, *The Princeton Legacy Library* uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**Parentheses of Reception** John T. Hamilton, Evina Sistakou, Martin Vöhler, 2025-05-06 The volume argues that the parenthesis, a rhetorical figure of speech and thought, can offer fresh insights into classical reception studies. By using the analogy of the parenthesis, we may conceptualize the received past as inserted into the present while remaining somehow apart from the present. Hence, Graeco-Roman antiquity is considered as being simultaneously in and to the side of the receptive work. Along these lines, the volume reviews parenthesis as a heuristic tool in ancient and modern cultures by applying it to various artistic media such as literature, theatre, art, and cinema, and to disciplines such as scholarship and translation. The 22 chapters of the volume are written by scholars specializing in classics, aesthetics, comparative literature, and cultural studies, thus highlighting the parentheses of reception as a fascinating topic that may attract readers from different disciplines and academic fields.

**Lluvia Del Futuro** Valerie Mejer Caso, 2013 Poetry Edited by C. D. Wright Translated from the Spanish by A. S. Zelman, Doring Forrest Gander and C. D. Wright Forward by Raúl Zurita translated by Sarah Denaci and Forrest Gander Like a night-scape's pulsating constellations, dreams and memories are exploded wide open in *RAIN OF THE FUTURE*. Mejer's bracing collection of prose poetry and lyrical sequences. Her charged words reimagine one's body as a constantly shifting geography, readying us to face life's most brutal rains.

**Yannis Ritsos** Giannēs Ritsos,1991-03-21 The celebrated modern Greek poet Yannis Ritsos follows such distinguished predecessors as C P Cavafy and George Seferis in a dramatic and symbolic expression of a tragic sense of life The shorter poems gathered in this volume present what Ritsos calls simple things that turn out not to be simple at all Here we find a world of subtle nuances in which everyday events hide much that is threatening oppressive and spiritually vacuous but the poems also provide lyrical and idyllic interludes along with cunning re-creations of Greek mythology and history This collection of Ritsos's work perhaps most of all those poems written while he was in forced exile under the dictatorship of the Colonels testifies to his just place among the major European poets of this century The distinguished translator of modern Greek poetry Edmund Keeley has chosen for this anthology selections from seven of Ritsos's volumes of shorter poems written between 1946 and 1975 Two of these volumes are represented here in English versions for the first time two others have been translated only sporadically and the remaining three were first published in a bilingual edition now out of print Ritsos in Parentheses The collection thus covers thirty years of a poetic career that is the most prolific and among the most honored in Greece's modern history

language irony intellectuality etc      Between Parentheses: Essays, Articles and Speeches, 1998-2003 Roberto Bolaño, 2011-05-30 The essays of Roberto Bolaño in English at last Between Parentheses collects most of the newspaper columns and articles Bolaño wrote during the last five years of his life as well as the texts of some of his speeches and talks and a few scattered prologues Taken together as the editor Ignacio Echevarría remarks in his introduction they provide a personal cartography of the writer the closest thing among all his writings to a kind of fragmented autobiography Bolaño's career as a nonfiction writer began in 1998 the year he became famous overnight for *The Savage Detectives* he was suddenly in demand for articles and speeches and he took to this new vocation like a duck to water Cantankerous irreverent and insufferably opinionated Bolaño also could be tender about his family and favorite places as well as a fierce advocate for his heroes Borges Cortázar Parra and his favorite contemporaries whose books he read assiduously and promoted generously A demanding critic he declares that in his ideal literary kitchen there lives a warrior he argues for courage and especially for bravery in the face of failure Between Parentheses fully lives up to his own demands I ask for creativity from literary criticism creativity at all levels      The Cambridge Companion to Victorian Poetry Joseph Bristow, 2000-10-26 This Companion to Victorian Poetry provides an introduction to many of the pressing issues that absorbed the attention of poets from the 1830s to the 1890s It introduces readers to a range of topics including historicism patriotism prosody and religious belief The thirteen specially commissioned chapters offer insights into the works of well known figures such as Matthew Arnold Robert Browning and Alfred Tennyson and the writings of women poets like Michael Field Amy Levy and Augusta Webster whose contribution to Victorian culture has in more recent years been acknowledged by modern scholars Revealing the breadth of the Victorians experiments with poetic form this Companion also discloses the extent to which their writings addressed the prominent intellectual and social questions of the day The volume which will be of interest to scholars and students alike features a detailed chronology of the Victorian period and a comprehensive guide to further reading      **Postmodernism of Resistance in Roberto Bolaño's Fiction and Poetry** J. Agustín Pastén B., 2020-12-01 Postmodernism of Resistance in Roberto Bolaño's Fiction and Poetry examines the ways in which Bolaño employs a type of literary aesthetics that subverts traits traditionally associated with postmodernism Pastén B coins these aesthetics postmodernism of resistance and argues that this resistance stands in direct opposition to critical discourses that construe the presence of hopeless characters and marginal settings in Bolaño's works as signs of the writer's disillusionment with the political as a consequence of the defeat of the Left in Latin America Rather he contends Bolaño creates a fictional world comprised of characters and situations that paradoxically refuse to accept defeat even while displaying the scars of terrible historical events In this work Pastén B challenges some critical assumptions about Bolaño's fiction and poetry that led to decontextualized interpretations of his work and offers a singularly comprehensive investigation that synthesizes multiple perspectives of a complicated author into one text      The Poems of Basil Bunting Basil Bunting, 2016-06-14 Basil Bunting's work was published haphazardly

throughout most of his life and in many cases he did not oversee publication This is the first critical edition of the complete poems and offers an accurate text with variants from all printed sources Don Share annotates Bunting's often complex and allusive verse with much illuminating quotation from his prose writings interviews and correspondence He also examines Bunting's use of sources including Persian literature and classical mythology and explores the Northumbrian roots of Bunting's poetic vocabulary and use of dialect

**The Epistemological Perspective of the Pearl-Poet** Piotr Spyra, 2016-02-17

Original and engaging this study presents the four anonymous poems found in the Cotton Nero MS Pearl Cleanness Patience and Sir Gawain and the Green Knight as a composite text with a continuous narrative While it is widely accepted that the poems attributed to the Pearl Poet ought to be read together this book demonstrates that instead of being analyzed as four distinct though interconnected textual entities they ought to be studied as a single literary unit that produces meaning through its own intricate internal structure Piotr Spyra defines the epistemological thought of Saint Augustine as an interpretive key which when applied to the composite text of the manuscript reveals a fabric of thematic continuity This book ultimately provides the reader with a clear sense of the poet's perspective on the nature of human knowledge as well as its moral implications and with a deeper understanding of how the poems bring the theological and philosophical problems of the Middle Ages to bear on the individual human experience

*The Material of Poetry* Gerald L. Bruns, 2005 Poetry is philosophically interesting writes Gerald L. Bruns when it is innovative not just in its practices but before everything else in its poetics that is in its concepts or theories of itself In *The Material of Poetry* Bruns considers the possibility that anything under certain conditions may be made to count as a poem By spelling out such enabling conditions he gives us an engaging overview of some of the kinds of contemporary poetry that challenge our notions of what language is sound poetry visual or concrete poetry and found poetry Poetry's sense and meaning can hide in the spaces in which it is written and read says Bruns and so he urges us to become anthropologists to go afield in poetry's social historical and cultural settings From that perspective Bruns draws on works by such varied poets as Gertrude Stein Ezra Pound Steve McCaffery and Francis Ponge to argue for three seemingly competing points First poetry is made of language but is not a use of it That is poetry is made of words but not of what we use words to produce concepts narratives expressions of feeling and so on Second as the nine sound poems on the CD included with the book demonstrate poetry is not necessarily made of words but is rooted in and in fact already fully formed by sounds the human body can produce Finally poetry belongs to the world alongside ordinary things it cannot be confined to some aesthetic neutral or disengaged dimension of human culture Poetry without frontiers unmoored from expectations and sometimes even written in imaginary languages Bruns shows us why for the sake of all poetry we should embrace its anarchic vitalizing ways

**Pound, Frost, Moore, and Poetic Precision** Barry Ahearn, 2020-02-04 Pound Frost Moore and Poetic Precision Science in American Modernist Poetry examines three major poets in light of the demand that poetry aspire to scientific precision The critical insistence that poetry be precise affected every one of these poets and looking at how they responded to this insistence offers a new perspective on their achievements and by extension twentieth century poetry in general Ezra Pound sought to associate poetry with the precision of modern science technology and mathematics as a way to eliminate or reduce error Robert Frost however welcomed imprecision as a fundamental aspect of existence that the poet could use Marianne Moore appreciated the value of both precision and imprecision especially with respect to her religious perspective on human and natural phenomena By analyzing these particular poets reaction to the value placed on precision Barry Ahearn explores how that emphasis influenced the broader culture literary culture and twentieth century Modernist American poetry
