**Cecilia Wainryb, Holly E. Recchia**

## **Parenting And Childrens Internalization Of Values A Handbook Of Contemporary Theory:**

Parenting and Children's Internalization of Values Joan E. Grusec, Leon Kuczynski, 1997-10-03 In Parenting and Children's Internalization of Values leading advocates of these emerging points of view explain the approach to socialization taken in their work and review recent developments in theory and research that have influenced their conclusions *Handbook of Socialization, Second Edition* Joan E Grusec, PhD, Paul D. Hastings, 2015-11-25 Socialization refers to the way in which individuals are assisted in becoming members of one or more social groups including how the newer members as well as the established ones socialize one another often in a bi directional manner that is response to socialization impact in both directions This is the only handbook on socialization that covers the topic from infancy through adulthood Hot new topics include moral development the media as a socializing agent behavior genetics and culture Authors are known in the field

**Handbook of Socialization** Joan E. Grusec, Paul D. Hastings, 2014-12-05 This highly regarded handbook remains the leading reference and advanced text on socialization Foremost authorities review the breadth of current knowledge on socialization processes across the life span Extensively revised with the latest theory and research the second edition reflects exciting advances in genetics biological and hormonal regulatory systems and brain research Contributors present cutting edge theories and findings pertaining to family peer school community media and other influences on individual development Three themes guide the book the interdependence of biology and experience the bidirectionality of socialization processes and the many contributing factors that interact to produce multiple socialization processes and pathways New to This Edition Revised structure reflects the diversity of socializing relationships in multiple contexts from infancy through adulthood Sections on biology and culture provide a dual framework and include new chapters on cross cultural research genetics chronic family stress and neuroscience Chapters on adolescence new employee organizational socialization and cultivating the moral personality

Handbook of Moral Development Melanie Killen, 2013-10-08 The Handbook of Moral Development is the definitive source of theory and research on the development of morality Since the publication of the first edition ground breaking approaches to studying the development of morality have re invigorated debates about what it means to conceptualize and measure morality in early childhood how children understand fairness and equality what the evolutionary basis is for morality and the role of culture The contributors of this new edition grapple with these questions and provide answers for how morality originates changes evolves and develops during childhood adolescence and into adulthood Thoroughly updated and expanded the second edition features new chapters that focus on infancy neuroscience theory of mind moral personality and identity cooperation and culture gender sexuality prejudice and discrimination Reflecting the interdisciplinary nature of the study of moral development this edition contains contributions from over 50 scholars in developmental science cognitive psychology social neuroscience comparative psychology and evolution and education

**Handbook of Dynamics in Parent-Child Relations** Leon Kuczynski, 2003 This handbook

provides an interdisciplinary perspective on theory research and methodology on dynamic processes in parent child relations It focuses on cognitive behavioural and relational processes that govern immediate parent child interactions and long term relationships

**Handbook of Parenting** Marc H. Bornstein,2019-02-01 This highly anticipated third edition of the Handbook of Parenting brings together an array of field leading experts who have worked in different ways toward understanding the many diverse aspects of parenting Contributors to the Handbook look to the most recent research and thinking to shed light on topics every parent professional and policymaker wonders about Parenting is a perennially hot topic After all everyone who has ever lived has been parented and the vast majority of people become parents themselves No wonder bookstores house shelves of how to parenting books and magazine racks in pharmacies and airports overflow with periodicals that feature parenting advice However almost none of these is evidence based The Handbook of Parenting is Period Each chapter has been written to be read and absorbed in a single sitting and includes historical considerations of the topic a discussion of central issues and theory a review of classical and modern research and forecasts of future directions of theory and research Together the five volumes in the Handbook cover Children and Parenting the Biology and Ecology of Parenting Being and Becoming a Parent Social Conditions and Applied Parenting and the Practice of Parenting Volume 3 Being and Becoming a Parent considers a large cast of characters responsible for parenting each with her or his own customs and agenda and examines what the psychological characteristics and social interests of those individuals reveal about what parenting is Chapters in Part I on The Parent show just how rich and multifaceted is the constellation of children s caregivers Considered first are family systems and then successively mothers and fathers coparenting and gatekeeping between parents adolescent parenting grandparenting and single parenthood divorced and remarried parenting lesbian and gay parents and finally sibling caregivers and nonparental caregiving Parenting also draws on transient and enduring physical personality and intellectual characteristics of the individual The chapters in Part II on Becoming and Being a Parent consider the intergenerational transmission of parenting parenting and contemporary reproductive technologies the transition to parenthood and stages of parental development and then chapters turn to parents well being emotions self efficacy cognitions and attributions as well as socialization personality in parenting and psychoanalytic theory These features of parents serve many functions they generate and shape parental practices mediate the effectiveness of parenting and help to organize parenting

**Parenting** George W. Holden,2014-10-10 Written from a psychological perspective while integrating cross disciplinary viewpoints this fully updated Second Edition takes a parent centered approach to exploring topics such as the reasons behind parental behavior the effect parents and children have on one another and social policy s ability to help families Including the latest statistics on family functioning and with coverage of contemporary issues George Holden s Parenting conveys the process of parenting in all its complexities

**Parent Involvement for Motivated Learners** Alyssa R. Gonzalez-DeHass,2019-09-26 Parent Involvement for Motivated Learners provides pre service teachers

and researchers with guidance on how to foster mindful healthy school family partnerships that empower students to become resilient self directed learners Given the intense academic pressures on students to succeed and on parents and teachers to help them do so it is important to develop learners who can weather increased standards and demands Committed to helping teachers reflect on how parent involvement relates to motivational concepts such as the growth mindset self regulated learning and intrinsic motivation to learn this book is an accessible synthesis of relevant research and theory surrounding student motivation and parent involvement Children as Agents in Their Worlds Sheila Greene,Elizabeth Nixon,2020-03-09 Are children the passive recipients of influence from their parents and from society Is their development determined by their genes and their neurons or do they have the capacity to think about and influence their own lives and the world around them How does their interaction with their social and material worlds support or hinder agency Are children agents and what do we mean by agency Children as Agents in Their Worlds aims to answer these questions through a critical psychological and relational approach while referencing and critiquing a wide range of perspectives from other disciplines including sociology anthropology and education Greene and Nixon review the pioneering work of scholars of childhood studies and current post human theories of agency and offer a developmental perspective on the emergence of the sense of agency and the exercise of agency in children They discuss key themes including agency in families agency within the school context and with peers and children as agents in the wider public sphere They explore agency and diversity examining sex age genetic inheritance and contextual sources of difference such as social class and geographical location Offering a stronger theoretical base for research and policy through a synthesis of both psychological and relational theories Children as Agents in Their Worlds will be essential reading for students and professionals in developmental psychology sociology and anthropology as well as education childhood studies children s rights and related fields **Handbook of Child Psychology and Developmental Science, Theory and Method** ,2015-03-31 The essential reference for human development theory updated and reconceptualized The Handbook of Child Psychology and Developmental Science a four volume reference is the field defining work to which all others are compared First published in 1946 and now in its Seventh Edition the Handbook has long been considered the definitive guide to the field of developmental science Volume 1 Theory and Method presents a rich mix of classic and contemporary theoretical perspectives but the dominant views throughout are marked by an emphasis on the dynamic interplay of all facets of the developmental system across the life span incorporating the range of biological cognitive emotional social cultural and ecological levels of analysis Examples of the theoretical approaches discussed in the volume include those pertinent to human evolution self regulation the development of dynamic skills and positive youth development The research methodological and applied implications of the theoretical models discussed in the volume are presented Understand the contributions of biology person and context to development within the embodied ecological system Discover the relations among individual the social world culture and history that constitute human development Examine the

methods of dynamic developmental research Learn person oriented methodological approaches to assessing developmental change The scholarship within this volume and as well across the four volumes of this edition illustrate that developmental science is in the midst of a very exciting period There is a paradigm shift that involves increasingly greater understanding of how to describe explain and optimize the course of human life for diverse individuals living within diverse contexts This Handbook is the definitive reference for educators policy makers researchers students and practitioners in human development psychology sociology anthropology and neuroscience

*Siblings in Adolescence* Aiden Sisler,Angela Ittel,2014-11-27 How do brothers and sisters shape one another *Siblings in Adolescence* provides a comprehensive overview of the most up to date international empirical research on the sibling bond during the critical adolescent years The authors examine how the relationship impacts on adolescent development as well as the effect on and within the family using evidence from behaviour genetics cross cultural studies and research utilizing both quantitative and qualitative methods The book presents a multi faceted dynamic view of the adolescent sibling relationship drawing on perspectives from sociological psychological and ecological and systems science It introduces a novel theoretical perspective which covers sibling dynamics across various key environments such as their families communities and cultures Parents and siblings will also find useful coverage of the following issues school and life transitions parental separation health illness and disability diverse family experiences *Siblings in Adolescence* will be indispensable for advanced undergraduate and postgraduate students studying human development and will supplement postgraduate courses for teachers counsellors and social youth and health workers It will also be required reading for all those who work and do research with families and young people

**Child Abuse and Violence** Tom I. Richardson,Marsha V. Williams,2008 Child abuse and neglect is as at a minimum any recent act or failure to act on the part of a parent or caretaker which results in death serious physical or emotional harm sexual abuse or exploitation or an act or failure to act which presents an imminent risk of serious harm Four major types of maltreatment are usually included neglect physical abuse sexual abuse and emotional abuse Although any of the forms of child maltreatment may be found separately they often occur in combination This book presents new and important research in the field

**Adolescents, Media, and the Law** Roger J. R. Levesque,2007-06-18 There is much controversy about the dangers of a free media when it comes to children and adolescents Many believe that this constitutional right should be amended altered or revoked entirely to prevent the young from being negatively influenced Graphic violence sexual content and the depiction of cigarette smoking have all come under fire as being unacceptable in media that is geared toward adolescents from television and movies to magazines and advertising Yet not much has been written about the developmental science behind these ideas and what effects a free media really has on adolescents This book presents a synthesis of all current knowledge about the developmental effects of a free media on adolescents Levesque first presents a full analysis of research studies into the media s effects on adolescents in four key areas sexuality violence smoking and body image All findings are assessed

within the context of normal adolescent development Levesque then discusses how this knowledge can be used to inform current standards for the regulation of free speech with regard to adolescents Both legal restrictions and less formal regulatory bodies schools parent groups etc are reviewed to present a full picture of the ways in which a free media is constrained to protect adolescent s development

**The Oxford Handbook of Parenting and Moral Development** Deborah J. Laible,Gustavo Carlo,Laura M. Padilla Walker,2019-09-30 The Oxford Handbook of Parenting and Moral Development provides a collection of state of the art theories and research on the role that parents play in moral development Contributors who are leaders in their fields take a comprehensive yet nuanced approach to considering the complex links between parenting and moral development The volume begins by providing an overview of traditional and contemporary perspectives on parenting and moral development including perspectives related to parenting styles domain theory attachment theory and evolutionary theory In addition there are several chapters that explore the genetic and biological influences related to parenting and moral development The second section of the volume explores cultural and religious approaches to parenting and moral development and contributes examples of contemporary research with diverse populations such as Muslim cultures and US Latino as The last major section of the volume examines recent developments and approaches to parenting including chapters on topics such as helicopter parenting proactive parenting parent child conversations and disclosure parental discipline and other parenting practices designed to inhibit children s antisocial and aggressive behaviors The volume draws together the most important work in the field it is essential reading for anyone interested in parenting and moral development

**Handbook of Personality** Oliver P. John,Richard W. Robins,Lawrence A. Pervin,2010-11-24 This authoritative handbook is the reference of choice for researchers and students of personality Leading authorities describe the most important theoretical approaches in personality and review the state of the science in five broad content areas biological bases development self and social processes cognitive and motivational processes and emotion adjustment and health Within each area chapters present innovative ideas findings research designs and measurement approaches Areas of integration and consensus are discussed as are key questions and controversies still facing the field

*Appraising the Human Developmental Sciences* Gary W. Ladd,2007 This volume sets out to celebrate the Quarterly s significant contribution to developmental research and to highlight the advances made in the field since the early 1950s The year 2004 marked the fiftieth anniversary of the Merrill Palmer Quarterly A Journal of Developmental Psychology providing an occasion to celebrate the journal s heritage and its long history of scholarly contributions to its field This volume celebrates this milestone by bringing together twenty three distinguished essays that showcase past accomplishments current progress and future challenges in the human developmental sciences The essays presented in this volume offer perspectives on many of the research domains and specialty areas that have been prominent in MPQ s history Accordingly chapters are organized around ten conceptual themes including methodological and interpretive considerations cognitive

development and learning temperament and emotional development children's social development and peer relations family relations moral development the nature nurture debate and behavioral genetics cultural psychology early child care and school readiness and evidence based programming and public policy In addition an introductory chapter provides a historical overview of MPQ examining the events persons institutional forces and publication trends that brought the journal into existence and have contributed to its success and longevity These commentaries are accessible and of interest to all who work with infants children adolescents and families As a result this volume will appeal to researchers and professionals alike

*Contemporary Perspectives on Families, Communities and Schools for Young Children* Olivia Saracho, Bernard Spodek, 2006-03-01 Early childhood education has always been an enterprising one Innovative models that provide connections among the family community and school of early childhood will continue to emerge through the years to acknowledge new educational ideologies new social demands and new knowledge The issues addressed in this volume can provide new directions to prepare early childhood scholars researchers and practitioners to work as a team in these different settings

**New Perspectives on Human Development** Nancy Budwig, Elliot Turiel, Philip David Zelazo, 2017-04-17 This book address fundamental questions of human development revisiting old questions and applying original empirical findings

**Talking About Right and Wrong** Cecilia Wainryb, Holly E. Recchia, 2014-03-20 This book illuminates the conversations that parents and children have about right and wrong and how these conversations affect children's moral development
