Parenting Assessments In Child Welfare Cases A Practical Guide:

Parenting Assessments in Child Welfare Cases Terry D. Pezzot-Pearce, John W. Pearce, 2004-01-01 Perry Pezzot Pearce and John Pearce guide practitioners through the steps of assessment from negotiating the initial referral through data collection and report writing to court testimony

A Practitioners' Tool for Child Protection and the Assessment of Parents Jeff Fowler, 2002-11-25 Firmly rooted in current practice this is a practical tool for the assessment of children and their families this guide enables professionals to make informed decisions about child protection issues This book is a helpful tool for anyone undertaking assessments but also for others who may be involved in aspects of child protection work

Parenting Plan Evaluations Kathryn Kuehnle, Leslie Drozd, 2012 When conducting parenting plan evaluations mental health professionals need to be aware of a myriad of different factors More so than in any other form of forensic evaluation they must have an understanding of the most current findings in developmental research behavioral psychology attachment theory and legal issues to substantiate their opinions With a number of publications on child custody available there is an essential need for a text focused on translating the research associated with the most important topics within the family court This book addresses this gap in the literature by presenting an organized and in depth analysis of the current research and offering specific recommendations for applying these findings to the evaluation process Written by experts in the child custody arena chapters cover issues associated with the most important and complex issues that arise in family court such as attachment and overnight timesharing with very young children dynamics between divorced parents and children s potential for resiliency co parenting children with chronic medical conditions and developmental disorders domestic violence during separation and divorce gay and lesbian co parents and relocation among others The scientific information provided in these chapters assists forensic mental health professionals to proffer empirically based opinions conclusions and recommendations Parenting Plan Evaluations is a must read for legal practitioners family law judges and attorneys and other professionals seeking to understand more about the science behind child custody evaluations

Handbook of Psychology, Forensic Psychology Irving B. Weiner, Randy K. Otto, 2012-10-16 Psychology is of interest to academics from many fields as well as to the thousands of academic and clinical psychologists and general public who can t help but be interested in learning more about why humans think and behave as they do This award winning twelve volume reference covers every aspect of the ever fascinating discipline of psychology and represents the most current knowledge in the field This ten year revision now covers discoveries based in neuroscience clinical psychology s new interest in evidence based practice and mindfulness and new findings in social developmental and forensic psychology

Child Neglect Diane DePanfilis, 2006 [Responding to the Oppression of Addiction, Fourth Edition](#) Rick Csiernik, William Rowe, Gabriela Novotna, 2023-02-07 Responding to the Oppression of Addiction brings together the voices of over 40 academics and social work practitioners from across Canada to provide a diverse and multidimensional perspective to the study of addiction This thoroughly updated edition features eight

new chapters and streamlines the content of the previous editions with chapters condensed and combined to create a more accessible text The fourth edition features new content on themes such as residential schools prevention initiatives special needs of different populations policy perspectives framed within an anti oppression standpoint cognitive behavioral therapy and the emerging topic of problem gambling Returning chapters have been updated with contributors providing more in depth examinations of trauma informed approaches The entire volume has a strengthened anti oppressive framework on both an overarching and by chapter level This celebrated and varied collection is an indispensable resource for upper level students graduate students and practitioners working in the fields of social work addictions studies and the helping professions FEATURES Thoroughly updated chapter by chapter content grounded in an anti oppressive framework with deeper exploration of trauma informed approaches Provides an authoritative analysis of the practices and policies that contribute to the construction of the meaning of addiction through a Canadian lens **Handbook for Child Protection**

Practice Howard Dubowitz,Diane DePanfilis,2000 The timing of the publication with the revised Working Together guidelines could not be more advantageous This book is a unique and important contribution to child care literature No agency should be without Child Abuse Review Professionals concerned with the protection of children face many challenges This work demands knowledge from several disciplines a wide variety of skills and interdisciplinary collaboration The editors Howard Dubowitz a pediatrician and Diane DePanfilis a social worker together with over 70 experts in this field offer what is known about how best to work with maltreated children and their families in a very practical concise and user friendly way Structured to follow the life of a case from the time a report of child maltreatment is made through the various pathways in the child protection system this edited volume synthesizes the best practice principles for responding to reports of child abuse and neglect engaging children and other family members in intervention developing cross cultural practice competencies assessing risk evaluating safety and conducting family assessments defining outcomes and planning intervention evaluating risk reduction and making permanency decisions and discusses the unique legal medical ethical and other practice issues that work in the child protection field involves Professionals facing tough dilemmas in practice should find valuable guidance in these pages **Child and Family Assessment in Social Work Practice** Sally

Holland,2010-11-15 This thoroughly revised and updated second edition of Child and Family Assessment in Social Work Practice is an essential guide for social work students and practitioners involved in the assessment of children and their families Focusing on core assessments and guiding the reader through the complexities of conducting assessments of need and risk the book now includes within each chapter a range of specifically tailored exercises and focus points which encourage readers both to reflect on what they have learnt and to understand how they can apply that learning to practice Placing a strong emphasis on good evidence based assessment practice Sally Holland has also for this new edition included original research evidence from a wide range of up to date research studies which are relevant to today s practice and which

aim to promote a critical and reflective approach to the assessment process The book is divided into three parts Part 1 explores different approaches to assessment work outlining policy changes and their implications for working with children and their families Part 2 studies those involved in child and family assessments children and their parents and the relationship between the assessors and the assessed Part 3 a more practical guide outlines the actual process of an assessment illustrated by case studies focusing on planning assessment methods analysis reporting and critical evaluation Accessibly relating theory and research to actual practice through the use of case studies exercises and suggestions for good practice and further reading this book has a student friendly structure It will be an invaluable resource for practitioners and academics across the field of social welfare particularly for those embarking on or already involved in child and family assessment *Psychotherapy of Abused and Neglected Children* John W. Pearce, Terry Dianne Pezzot-Pearce, 2013-12-09 This widely used guidebook and text combines theory research and practical clinical strategies Provided is a thoughtful framework for understanding the developmental impact of maltreatment assessing the unique needs of each child and family building a strong therapeutic relationship and implementing a variety of effective interventions Social Workers' Desk Reference ,2015-04-20 People all over the world are confronted by issues such as poverty a lack of access to quality education unaffordable and or inadequate housing and a lack of needed health and mental services on a daily basis Due to these issues there is a need for social workers who have access to relevant and timely scholarly materials in order to meet the needs of those facing these issues The social psychological and biological factors resulting from these issues determine the level of a person s mental health at any given point in time and it is necessary for social workers to continue to evolve and develop to the new faces and challenges of the times in order to adequately understand the effects of these issues In the first and second editions of the Social Workers Desk Reference the changes that were occurring in social work practice education and research were highlighted and focused upon This third edition continues in the same tradition and continues to respond to the changes occurring in society and how they are impacting the education research and practice of social work as a whole With 159 chapters collaboratively written by luminaries in the profession this third edition serves as a comprehensive guide to social work practice by providing the most recent conceptual knowledge and empirical evidence to aid in the understanding of the rapidly changing field of social work Each chapter is short and contains practical information in addition to websites and updated references Social work practitioners educators students and other allied professionals can utilize the Social Workers Desk Reference to gain interdisciplinary and interprofessional education practice and research

Conversation Analysis for Social Work Gerald de Montigny, 2018-10-11 What do the stories youth in state care tell about life in their family of origin What stories do they tell us about coming into care living in care and relationships with foster parents and social workers This book presents the stories of youth in care though not in splendid isolation but as interactively produced turn by turn in interviews and in conversations with other youth By using tools from conversation

analysis CA the author examines interviews with youth in care and social workers to unfold the essential and incorrigible reflexivity of story production CA allows us to grasp the ways that a youth's story emerges turn by turn and is an artefact of a social relation between a youth and an interviewer This text provides social work readers with a sense of art artistry and ambiguity at the heart of social interaction It will be required reading for all social work students and academics looking for a deeper more philosophical understanding of the profession *Psychological Consultation in Parental Rights Cases* Frank J. Dyer, 1999-07-22 Illuminating key procedural matters legal precedents and ongoing debates in the field this book is essential reading for mental health and legal professionals and students Jacket *Canadian Books in Print. Author and Title Index*, 1975 Practical Guide to Child Protection Joanna Nicolas, 2015-08-21 Informed by the author's experience writing serious case reviews this book offers the practical information that child protection practitioners need and which is often absent in formal training It offers advice for the known difficulties in practice such as home visiting communicating with children and working with resistant clients **Doing Research with Children** Anne D Greig, Jayne Taylor, Tommy MacKay, 2012-11-16 This Third Edition of *Doing Research with Children* is practical introduction to the process of designing doing and writing up research with children and young people At the centre is a commitment to engaging with children and young people as active research participants rather than as passive subjects In the new edition you'll find up to date information on the fast changing political and ethical debates around research with children and young people as well as guidance on how to carry out research yourself Divided into three sections the new edition covers the main theories and approaches of research with children and young people expanded guidance on research ethics techniques for conducting both qualitative and quantitative research more on analysing your research a brand new chapter on communicating your research findings This is a must have guide for students and practitioners who are engaging in research with children and young people **A Practical Guide to Early Intervention and Family Support** Emma Sawyer, Sheryl Burton, 2016-01-21 Parental mental health problems and substance misuse affect a significant number of families This handbook provides practitioners with early intervention techniques and effective support strategies for ensuring the best outcomes for these vulnerable families Featuring pointers models and practice examples *A Practical Guide to Early Intervention and Family Support* considers the concept of resilience and effective family support Assessing the policy context and possible barriers to support it looks at assessment of need safeguarding children minimising negative impact and most importantly keeping families together where possible Drawing on key research on the risks and impacts this book demonstrates the need for a unified approach from a range of adult and children's services This third edition has been fully updated to reflect developments in policy and services Essential reading for all professionals who are involved in providing services to families it will also be of interest to service commissioners and those with an academic interest in what helps to support children and families in these circumstances Parenting Matters National Academies of Sciences, Engineering, and Medicine, Division of Behavioral and Social Sciences and Education, Board

on Children, Youth, and Families, Committee on Supporting the Parents of Young Children, 2016-11-21 Decades of research have demonstrated that the parent child dyad and the environment of the family which includes all primary caregivers are at the foundation of children's well being and healthy development From birth children are learning and rely on parents and the other caregivers in their lives to protect and care for them The impact of parents may never be greater than during the earliest years of life when a child's brain is rapidly developing and when nearly all of her or his experiences are created and shaped by parents and the family environment Parents help children build and refine their knowledge and skills charting a trajectory for their health and well being during childhood and beyond The experience of parenting also impacts parents themselves For instance parenting can enrich and give focus to parents lives generate stress or calm and create any number of emotions including feelings of happiness sadness fulfillment and anger Parenting of young children today takes place in the context of significant ongoing developments These include a rapidly growing body of science on early childhood increases in funding for programs and services for families changing demographics of the U S population and greater diversity of family structure Additionally parenting is increasingly being shaped by technology and increased access to information about parenting Parenting Matters identifies parenting knowledge attitudes and practices associated with positive developmental outcomes in children ages 0-8 universal preventive and targeted strategies used in a variety of settings that have been effective with parents of young children and that support the identified knowledge attitudes and practices and barriers to and facilitators for parents use of practices that lead to healthy child outcomes as well as their participation in effective programs and services This report makes recommendations directed at an array of stakeholders for promoting the wide scale adoption of effective programs and services for parents and on areas that warrant further research to inform policy and practice It is meant to serve as a roadmap for the future of parenting policy research and practice in the United States

Child Welfare Supervision Cathryn C. Potter, Charmaine R. Brittain, 2009-03-23 Supervisors have a pivotal position in the child welfare workforce they recruit and retain the best employees move agencies to best practice frameworks and create a sustaining positive organizational climate Child welfare supervisors must lead a stressed workforce operating in a bureaucratic environment and always with the knowledge that children's lives are at stake They need and deserve a book oriented to the reality of their work Child Welfare Supervision connects theory and practice to provide an overview of the most relevant and sound approaches to supervision In thirteen illuminating chapters Child Welfare Supervision translates generic principles of supervision and management and organizational theory to the specifics and reality of the child welfare practice environment The result is a comprehensive integrated resource for child welfare supervisors that gives them the tools and information to succeed in the fast paced and intense world of child welfare Covers a wide range of must have skills for supervisors including leadership developing worker performance managing the Child Welfare unit working beyond the agency managing performance providing clinical supervision and respecting diversity Features case studies and scenarios that illustrate key

points and competencies Brings together the latest research and literature review with a pragmatic approach to child welfare supervision and case studies illustrate key concepts Each chapter concludes with reflection questions that can be assigned for a class or used in an agency to generate thoughtful discussion *Law and Psychology* Belinda Brooks-Gordon, Michael Freeman, 2006-11-09 Current Legal Issues like its sister volume Current Legal Problems is based upon an annual colloquium held at University College London Each year leading scholars from around the world gather to discuss the relationship between law and another discipline of thought Each colloquium examines how the external discipline is conceived in legal thought and argument how the law is pictured in that discipline and analyses points of controversy in the use and abuse of extra legal arguments within legal theory and practice Law and Psychology the latest volume in the Current Legal Issues series contains a broad range of essays by scholars interested in the interactions between law and psychology The volume includes studies of jury trials in terrorism cases psychological evidence in family law cases child witness testimony and the role of psychology in punishment theory **Helping Gifted Children Soar** Carol Ann Strip, Carol Strip Whitney, Gretchen Hirsch, 2000 A guide to the many issues gifted children face that offers parents and teachers advice on identifying gifted children helping them get the most of classroom programs forming parent support groups meeting social and emotional needs and choosing the appropriate curriculum
