The Available Parent John Duffy, 2014-06-16 We have a tendency today to over parent micro manage and under appreciate our adolescents Dr John Duffy's *The Available*

Parent is a revolutionary approach to taking care of teens and tweens Teenagers are often left feeling unheard and misunderstood and parents are left feeling bewildered by the changes in their child at adolescence and their sudden lack of effectiveness as parents The parent has become unavailable the teen responds in kind and a negative often destructive cycle of communication begins The available parent of a teenager is open to discussion offering advice and solutions but not insisting on them He allows his child to make some mistakes setting limits primarily where health and safety are concerned He never lectures he is available but not controlling He is neither cruel nor dismissive ever The available parent is fun and funny and can bring levity to the most stressful situation All of that is to say there are no conditions to his availability it is absolute **International Books in Print** ,1986
