Parenting to a Degree Laura T. Hamilton, 2016-04-29 Helicopter parents the kind that continue to hover even in college are one of the most ridiculed figures of twenty first century parenting criticized for creating entitled young adults who boomerang back home But do involved parents really damage their children and burden universities In this book sociologist Laura T Hamilton illuminates the lives of young women and their families to ask just what role parents play during the crucial college years Hamilton vividly captures the parenting approaches of mothers and fathers from all walks of life from a CFO for a Fortune 500 company to a waitress at a roadside diner As she shows parents are guided by different visions of the ideal college experience built around classed notions of women's work family plans and the ideal age to grow up Some are intensively involved and hold adulthood at bay to cultivate specific traits professional helicopters for instance help develop the skills and credentials that will advance their daughters careers while pink helicopters emphasize appearance charm and social ties in the hopes that women will secure a wealthy mate In sharp contrast bystander parents whose influence is often limited by economic concerns are relegated to the sidelines of their daughter's lives Finally paramedic parents who can come from a wide range of class backgrounds sit in the middle intervening in emergencies but otherwise valuing self sufficiency above all Analyzing the effects of each of these approaches with clarity and depth Hamilton ultimately argues that successfully navigating many colleges and universities without involved parents is nearly impossible and that schools themselves are increasingly dependent on active parents for a wide array of tasks with intended and unintended consequences Altogether Parenting to a Degree offers an incisive look into the new and sometimes problematic relationship between students parents and universities [The Parent's Guide to Family-Friendly Work \(EasyRead Super Large 18pt Edition\)](#) , *Connected Parent, Empowered Child* Leeza Carlone Steindorf, 2016-01-23 A proven blueprint for parenting
