Dissertation Abstracts International, 2006 **Strauss** Laurenz Lütteken, 2019-02-27 Richard Strauss is an outlier in the context of twentieth century music Some consider him a composer of the late romantic period while others declare him a traitor of modernity for his role in National Socialism Despite the controversy surrounding him Strauss's works even beyond his most well known operas Elektra and Rosenkavalier are present in the repertoires of concert halls worldwide and continue to enjoy large audiences The details of the composer's life however remain shrouded in mystery and gossip Laurenz Lütteken's Strauss presents a fresh approach to understanding this elusive composer's life and works Dispensing with stereotypes and sensationalism it reveals Strauss to be a sensitive intellectual and representative of modernity with all light and shade of the turn of the twentieth century A History of the Concerto Michael Thomas Roeder, 1994 A History of the Concerto may be read from cover to cover but readers may also use the extensive index to focus on specific concertos and their composers Numerous musical examples illuminate critical points While some readers may want to study the more detailed analyses with scores in hand this is not essential for an understanding of the text *Prokofiev* David Nice, 2003-01-01 The book follows Prokofiev's personal and musical journey from his childhood on a Ukrainian country estate to the years he spent travelling in America and Europe as an acclaimed interpreter of his own works Nice sheds new light on the striking compositions of Prokofiev's early years his training at the St Petersburg Conservatory and the circumstances of his departure from Russia in 1918 for what the composer thought would be a short tour of America
