Paris Diary:

Diary of a Foreigner in Paris Curzio Malaparte, 2020-05-19 Experience postwar Europe through the diary of a fascinating and witty twentieth century writer and artist Recording his travels in France and Switzerland Curzio Malaparte encounters famous figures such as Cocteau and Camus and captures the fraught restless spirit of Paris after the trauma of war In 1947 Curzio Malaparte returned to Paris for the first time in fourteen years In between he had been condemned by Mussolini to five years in exile and on release repeatedly imprisoned In his intervals of freedom he had been dispatched as a journalist to the Eastern Front and though many of his reports from the bloodlands of Poland and Ukraine were censored his experiences there became the basis for his unclassifiable postwar masterpiece and international bestseller *Kaputt* Now returning to the one country that had always treated him well the one country he had always loved he was something of a star albeit one that shines with a dusky and disturbing light The journal he kept while in Paris records a range of meetings with remarkable people Jean Cocteau and a dourly unwelcoming Albert Camus among them and is full of Malaparte's characteristically barbed reflections on the temper of the time It is a perfect model of ambiguous reserve as well as humorous self exposure There is for example Malaparte's curious custom of sitting out at night and barking along with the neighborhood dogs dogs after all were his only friends when in exile The French find it puzzling to say the least when it comes to Switzerland it is grounds for prosecution

Denean Sharpley-Whiting, 2015-02-01 Tells the fascinating story of African American women who traveled to France to seek freedom of expression During the Jazz Age France became a place where an African American woman could realize personal freedom and creativity in narrative or in performance in clay or on canvas in life and in love These women were participants in the life of the American expatriate colony which included F Scott Fitzgerald Gertrude Stein and Cole Porter and they commingled with bohemian avant garde writers and artists like Picasso Breton Colette and Matisse Bricktop's Paris introduces the reader to twenty five of these women and the city they encountered Following this nonfiction account T Denean Sharpley Whiting provides a fictionalized autobiography of Ada Bricktop Smith which brings the players from the world of nonfiction into a Paris whose elegance masks a thriving underworld Bricktop's Paris vibrantly recreates and reimagines the fascinating world of Jazz Age Paris by placing black women at the center of the story T Denean Sharpley Whiting gives us a valuable new perspective on Ada Bricktop Smith giving her the prominence usually attributed to Josephine Baker She also provides detailed portraits of other singers musicians writers and artists who left America for the French capital Written with enthusiasm and insight Bricktop's Paris underscores the importance of women to transatlantic black modernity Tyler Stovall author of *Paris Noir* African Americans in the City of Light Bricktop's Paris is a remarkable feat Sharpley Whiting's book is a woman's story about dreaming and making dreams happen It is a political story a story about migration and re creation It is a dazzling account of bold women reshaping their lives as New Women Modern Women and black women in Europe A woman's place is not only viewed in the sphere of domesticity through

Sharpley Whiting's writing she also reimagines the complexity of life far away from home and on stage in the studio and in the nightclub. She captures their spirit and desires and walks us through this history arm and arm singing, writing, dancing and making art. I fell in love with these women as I empathized with their struggles; some of them I knew through other writings but through Sharpley Whiting I felt as if I knew them intimately as they made their lives count some fifty years after Reconstruction. She restores their voices and their bodies and makes them present for the contemporary reader. Brilliant! Deborah Willis, author of *Posing Beauty: African American Images from the 1890s to the Present*. *Bricktop's Paris* is a marvelous book that further consolidates Sharpley Whiting's record of pioneering research, a meticulous archeological excavation of the artistic, cultural, political and social contributions made by African American women in Paris during the interwar years. This was a period that increasingly linked racial advocacy with colonial emancipation and during which African American women achieved unprecedented levels of creative and personal freedom while shaping broader conversations on identity and race. *Bricktop's Paris* promises to inspire a new generation of researchers and will become an incontrovertible point of reference in assessing the intellectual history of the era.
