Freak to Chic Dominic Janes, 2021-07-01 In this unique intervention in the study of queer culture Dominic Janes highlights that under the gaze of social conservatism gay life was hiding in plain sight Indeed he argues that the worlds of glamour fashion art and countercultural style provided rich opportunities for the construction of queer spectacle in London Inspired by the legacies of Oscar Wilde interwar and later 20th century men such as Cecil Beaton expressed transgressive desires in forms inspired by those labelled freaks and thereby made major contributions to the histories of art design fashion sexuality and celebrity Janes reinterprets the origins of gay and queer cultures by charting the interactions between marginalized freaks and chic fashionistas He establishes a new framework for future analyses of other cities and media and of the roles of women and diverse identities

Glamour in the Pacific Fiona Paisley, 2009-07-08 Since its inception in 1928 the Pan Pacific Women's Association PPWA has witnessed and contributed to enormous changes in world and Pacific history Operating out of Honolulu this women's network established a series of conferences that promoted social reform and an internationalist outlook through cultural exchange For the many women attracted to the project from China Japan the Pacific Islands and the major settler colonies of the region the association's vision was enormously attractive despite the fact that as individuals and national representatives they remained deeply divided by colonial histories Glamour in the Pacific tells this multifaceted story by bringing together critical scholarship from across a wide range of fields including cultural history international relations and globalization gender and empire postcolonial studies population and world health studies world history and transnational history Early chapters consider the first PPWA conferences and the decolonizing process undergone by the association Following World War II a new generation of nonwhite women from decolonized and settler colonial nations began to claim leadership roles in the Association challenging the often Eurocentric assumptions of women's internationalism In 1955 the first African American delegate brought to the fore questions about the relationship of U S race relations with the Pan Pacific cultural internationalist project The effects of cold war geopolitics on the ideal of international cooperation in the era of decolonization were also considered The work concludes with a discussion of the revival of East meets West as a basis for

world cooperation endorsed by the United Nations in 1958 and the overall contributions of the PPWA to world culture politics. The internationalist vision of the early twentieth century imagined a world in which race and empire had been relegated to the past. Significant numbers of women from around the Pacific brought this shared vision together with their concerns for peace, social progress and cooperation to the lively even glamorous political experiment of the Pan Pacific Women's Association. Fiona Paisley tells the stories of this extraordinary group of women and illuminates the challenges and rewards of their politics of antiracism, one that still resonates today. **AB Bookman's Weekly**, 1994. For six months in 1919 after the end of the war to end all wars the Big Three President Woodrow Wilson British prime minister David Lloyd George and French premier Georges Clemenceau met in Paris to shape a lasting peace. In this landmark work of narrative history Margaret MacMillan gives a dramatic and intimate view of those fateful days which saw new political entities Iraq Yugoslavia and Palestine among them born out of the ruins of bankrupt empires and the borders of the modern world redrawn. *Paris* Sarah Wilson, 2002. The period between the two world wars was crucial in the history of homosexuality in Europe. It was then that homosexuality first came out into the light of day just crawling out from under the Victorian blanket. Europe was devastated by a gruesome war that consumed the flower of its youth. Tamagne examines the currents of nostalgia and yearning euphoria rebellion and exploration in the postwar era and the bonds forged at school and on the battlefield in a scholarly treatise charting the early days of the homosexual and lesbian scene. Berlin became the capital of the new culture and the center of a political movement seeking rights and protections for what we now call gays and lesbians. In England the struggle was brisk to undermine the structures and strictures of Victorianism whereas in France which was more tolerant over all homosexuality remained more subtle and nonmilitant. However the social and political backlash soon became apparent first of all in Germany. More conservative attitudes arrested the evolution of the new mores and it was not until the 1960s that the new wave of the sexual revolution once again swept the continent. Tamagne's work outlines the long and arduous journey from the shadows toward acceptability as the homosexual and lesbian community sets out to find a new legitimacy at various levels of society. She weaves together cultural references from literature songs and theater news stories and private correspondence police reports and government documents to give a rounded picture of the evolving scene. The first volume argues that homosexuality a high culture sort enjoyed a golden age consequent upon the Great War's liberalization of morals. In volume 2 reaction and repression march through the 1930s. A lively read. Highly
