Gemie,2014-07-18 The wars of the twentieth century uprooted people on a previously unimaginable scale to the extent that being a refugee became an increasingly widespread experience With the arrival of refugees governments of host countries had to mediate between divided national populations some wished to welcome those arriving in search of refuge others preferred a strategy of exclusion or even expulsion At the same time refugees had to manage conflicts of the self as they responded to the loss of nationhood families socio political networks material goods and arguably also a sense of belonging or home While return migration was usually perceived by governments and refugees alike as the best solution to the dilemmas of forced displacement consensus about the timing and dynamics of how this would actually occur was very difficult to achieve In practice the return of refugees to their countries of origin rarely if ever produced a wholly satisfactory outcome Conflicts clearly resulted in forced displacement but it is equally true that forced displacement created conflicts The complex inter relationship of conflict return migration and the sometimes chimerical but still compelling search for a sense of home is the central preoccupation of the contributors to the two volumes of the Coming Home series Scholars from history literature cultural studies and sociology explore the tensions between nation states and migrants as they have anticipated implemented or challenged the process of return migration during the twentieth and twenty first centuries The first volume Coming Home Conflict and Return Migration in the Aftermath of Europe s Twentieth Century Civil Wars covers the period of

the Spanish Civil War to the Cold War with a focus on Western Central and Eastern Europe This book shifts attention to the colonial and post colonial framework of the French North African nexus Metropolitain Andrew Martin,2023-07-20 An utterly enjoyable voyage under Paris THE OLDIE Delightful and diverting Martin is the most unpretentious and companionable of guides the book is great fun LITERARY REVIEW An eclectic blend of engineering and travelogue urban planning and anecdote a sincere love letter THE ECONOMIST Andrew Martin has been described as the laureate of railways having written many books with railway themes Metropolitain An Ode to the Paris Metro is the first English history of the Metro for the general reader Metropolitain is as stylish as the Metro itself and laced with cultural references Andrew explains why Last Tango in Paris is a great Metro film and what the Metro chase scene in the classic thriller Le Samourai says about Parisian culture We also meet Andrew s half English half French friend Julian who runs a society dedicated to Metro history He tells Andrew A Metro station is like the wine cellar of chateau which is a very nice thing to be reminded of The book takes the reader on a constant tour of Paris both underground and over But Paris and the Metro is changing undergoing a huge expansion This and the imminence of the Paris Olympics make this a timely title **The Selected Works of George Alfred Henty** George Alfred Henty, You may be told perhaps that there is no good to be obtained from tales of fighting and bloodshed that there is no moral to be drawn from such histories Believe it not War has its lessons as well as Peace You will learn from tales like this that determination and enthusiasm can accomplish marvels that true courage is generally accompanied by magnanimity and gentleness and that if not in itself the very highest of virtues it is the parent of almost all the others since but few of them can be practiced without it The courage of our forefathers has created the greatest empire in the world around a small and in itself insignificant island if this empire is ever lost it will be by the cowardice of their descendants At no period of her history did England stand so high in the eyes of Europe as in the time whose events are recorded in this volume A chivalrous king and an even more chivalrous prince had infected the whole people with their martial spirit and the result was that their armies were for a time invincible and the most astonishing successes were gained against numbers which would appear overwhelming The victories of Cressy and Poitiers may be to some extent accounted for by superior generalship and discipline on the part of the conquerors but this will not account for the great naval victory over the Spanish fleet off the coast of Sussex a victory even more surprising and won against greater odds than was that gained in the same waters centuries later over the Spanish Armada The historical facts of the story are all drawn from Froissart and other contemporary historians as collated and compared by Mr James in his carefully written history They may therefore be relied upon as accurate in every important particular **Letitia Elizabeth Landon - Selected Writings** Letitia Elizabeth Landon,1997-10-07 The work of L E L began to be published when she was only seventeen and in her early twenties Landon had already achieved considerable renown As a widely envied independent woman in London society however she was increasingly the subject of scandalous gossip Eventually she married the governor

of a colony in West Africa and died under mysterious circumstances soon after arriving in Africa aged thirty six Landon's life contributed very largely to the nineteenth century archetype of the poet as a breed apart heroic but doomed Her poetry however was until very recently largely forgotten this is the first twentieth century edition of her poems which the editors describe as cold and sentimental at the same time flat and intense In addition to a broad selection of Landon's poetry and prose this volume also includes a wide variety of contextual materials and a comprehensive bibliography

British Irish and Scandinavian battles this significant collection of essays examines how different times and cultures have reacted to war considering the changing roles of religion and technology in the experience and memorialisation of conflict. While fighting and killing have been deplored glorified and everything in between across the ages Writing Battles reminds us of the visceral impact left on those who come after.

Selected Writings Gerard de Nerval, 1999 This newly selected and translated collection of de Nerval's writings includes his *Oriental Tales* *Recollections of Valois* his prose text about cities his autobiographical *October Nights* and his work on madness *Aurelia*.

Paris Stories Mavis Gallant, 2011-04-27 A NEW YORK REVIEW BOOKS ORIGINAL Mavis Gallant is a contemporary legend a frequent contributor to *The New Yorker* for close to fifty years who has in the words of *The New York Times* radically reshaped the short story for decade after decade Michael Ondaatje's new selection of Gallant's work gathers some of the most memorable of her stories set in Europe and Paris where Gallant has long lived. Mysterious funny insightful and heartbreaking these are tales of expatriates and exiles wise children and straying saints Together they compose a secret history at once intimate and panoramic of modern times.
