**Portugal** AAA Publishing,1955 Turn to Spiral Guide Portugal You ll find the very best of the country distilled into perfectly planned days You ll also find the full inside track on the unmissable hotspots what to see how to see them and how to beat the crowds Just open up follow our advice and make your precious time go further A great trip s about treating yourself too shopping entertainment eating and drinking We ve hired specialist writers to recommend the top places to go And remember travel is or at least should be about new experiences That s why there s a magazine full of articles that get beneath the skin of the country Book jacket     The Velvet Hours Alyson Richman,2016-09-06 From the international bestselling author of *The Lost Wife* and *The Garden of Letters* comes a story inspired by true events of two women pursuing freedom and independence in Paris during WWII As Paris teeters on the edge of the German occupation a young French woman closes the door to her late grandmother s treasure filled apartment unsure if she ll ever return An elusive courtesan Marthe de Florian cultivated a life of art and beauty casting out all recollections of her impoverished childhood in the dark alleys of Montmartre With Europe on the brink of war she shares her story with her granddaughter Solange Beaugiron using her prized possessions to reveal her innermost secrets Most striking of all are a beautiful string of pearls and a magnificent portrait of Marthe painted by the Italian artist Giovanni Boldini As Marthe s tale unfolds like velvet itself stitched with its own shadow and light it helps to guide Solange on her own path Inspired by the true account of an abandoned Parisian apartment Alyson Richman brings to life Solange the young woman forced to leave her fabled grandmother s legacy behind to save all that she loved     *Southern France* Henry Cleere,2001 The Midi between the Massif Central and the Mediterranean is the region of France that is richest in archaeological treasures and these are described in the OAG to South France The earliest of these date back to the Palaeolithic period some twenty thousand years ago when our ancestors were decorating caves and rock shelters with dramatic depictions of hunting and ritual Later human cultural evolution in the region is represented by strongly defended hilltop settlements and by impressive funeral mounds and dolmens Greek colonists arrived around 600 BC and set up towns along the coast trading with the local peoples and these are the origins of the main towns of the present day such as Marseilles Nice and Arles The region was annexed by Rome in the 2nd century BC and the prosperous new province was endowed with many fine public buildings such as the amphitheatres and theatres at Arles Nimes and Orange the network of roads and massive towns walls as at Carcassonne In addition there is plenty of evidence of more mundane aspects of daily life such as the water mill at Barbegal the potteries of La Graufesenque and the houses of the town dwellers at Vaison la Romaine     *Proust's Duchess* Caroline Weber,2019-11-26 PULITZER PRIZE FINALIST A brilliant look at turn of the century Paris through the first in depth study of the three women Proust used to create his supreme fictional character the Duchesse de Guermantes Weber has done a remarkable job of bringing to life a

world of culture glamour and privilege The Wall Street Journal Geneviève Halvy Bizet Straus Laure de Sade Comtesse de Adhème de Chevalign and Elisabeth de Riquet de Caraman Chimay the Comtesse Greffulhe these were the three superstars of fin de siècle Parisian high society who as Caroline Weber says transformed themselves and were transformed by those around them into living legends paragons of elegance nobility and style All well but unhappily married these women sought freedom and fulfillment by reinventing themselves between the 1870s and 1890s as icons At their fabled salons they inspired the creativity of several generations of writers visual artists composers designers and journalists Against a rich historical backdrop Weber takes the reader into these women's daily lives of masked balls hunts dinners court visits nights at the opera or theater But we see as well the loneliness rigid social rules and loveless arranged marriages that constricted these women's lives Proust as a twenty year old law student in 1892 would worship them from afar and later meet them and create his celebrated composite character for The Remembrance of Things Past

**Paris to the Moon** Adam Gopnik, 2001-12-18 Paris

The name alone conjures images of chestnut lined boulevards sidewalk cafés breathtaking façades around every corner in short an exquisite romanticism that has captured the American imagination for as long as there have been Americans In 1995 Adam Gopnik his wife and their infant son left the familiar comforts and hassles of New York City for the urbane glamour of the City of Light Gopnik is a longtime New Yorker writer and the magazine has sent its writers to Paris for decades but his was above all a personal pilgrimage to the place that had for so long been the undisputed capital of everything cultural and beautiful It was also the opportunity to raise a child who would know what it was to romp in the Luxembourg Gardens to enjoy a croque monsieur in a Left Bank café a child and perhaps a father too who would have a grasp of that Parisian sense of style we Americans find so elusive So in the grand tradition of the American abroad Gopnik walked the paths of the Tuileries enjoyed philosophical discussions at his local bistro wrote as violet twilight fell on the arrondissements Of course as readers of Gopnik's beloved and award winning Paris Journals in The New Yorker know there was also the matter of raising a child and carrying on with day to day not so fabled life Evenings with French intellectuals preceded middle of the night baby feedings afternoons were filled with trips to the Musée d'Orsay and pinball games weekday leftovers were eaten while three star chefs debated a culinary crisis As Gopnik describes in this funny and tender book the dual processes of navigating a foreign city and becoming a parent are not completely dissimilar journeys both hold new routines new languages a new set of rules by which everyday life is lived With singular wit and insight Gopnik weaves the magical with the mundane in a wholly delightful often hilarious look at what it was to be an American family man in Paris at the end of the twentieth century We went to Paris for a sentimental reeducation I did anyway even though the sentiments we were instructed in were not the ones we were expecting to learn which I believe is why they call it an education

Michael Wallner, 2013-11-07 When people on Paris s bustling streets look at Michael Roth they see little more than a Parisian student a quietly spoken young man with a book under his arm handsome but guarded What they do not realize is that he is carrying a painful secret one that he cannot even reveal to the woman he loves For Michael is no ordinary Frenchman but a German He has been sent to Paris to assist the Nazis in dealing with Resistance fighters Desperate to escape his daily life he steals into the world of the oppressed Parisians and into the path of Chantal But as Michael falls for the bookseller s beautiful daughter he discovers that a person s past always catches up with them Soon he will be forced to make the ultimate sacrifice and choose between his country his life and his destiny Daring romantic and of exceptional quality April in Paris is an extraordinary love story which will stay with you long after its final pages And the Show Went On Alan Riding, 2010-10-19

On June 14 1940 German tanks rolled into a silent and deserted Paris Eight days later a humbled France accepted defeat along with foreign occupation The only consolation was that while the swastika now flew over Paris the City of Light was undamaged Soon a peculiar kind of normality returned as theaters opera houses movie theaters and nightclubs reopened for business This suited both conquerors and vanquished the Germans wanted Parisians to be distracted while the French could show that culturally at least they had not been defeated Over the next four years the artistic life of Paris flourished with as much verve as in peacetime Only a handful of writers and intellectuals asked if this was an appropriate response to the horrors of a world war Alan Riding introduces us to a panoply of writers painters composers actors and dancers who kept working throughout the occupation Maurice Chevalier and dith Piaf sang before French and German audiences Pablo Picasso whose art was officially banned continued to paint in his Left Bank apartment More than two hundred new French films were made including Marcel Carn s classic Les Enfants du paradis Thousands of books were published by authors as different as

the virulent anti Semite C line and the anti Nazis Albert Camus and Jean Paul Sartre Meanwhile as Jewish performers and creators were being forced to flee or as was Ir ne N mirovsky deported to death camps a small number of artists and intellectuals joined the resistance Throughout this penetrating and unsettling account Riding keeps alive the quandaries facing many of these artists Were they saving French culture by working Were they betraying France if they performed before German soldiers or made movies with Nazi approval Was it the intellectual s duty to take up arms against the occupier Then after Paris was liberated what was deserving punishment for artists who had committed intelligence with the enemy By throwing light on this critical moment of twentieth century European cultural history And the Show Went On focuses anew on whether artists and writers have a special duty to show moral leadership in moments of national trauma
