Dommen, 2002-02-20 Dommen s book promises to be the definitive political history of Indochina during the Franco American era William M Leary E Merton Coulter Professor of History University of Georgia This magisterial study by Arthur J Dommen sets the Indochina wars French and American in perspective as no book that has come before He summarizes the history of the peninsula from the Vietnamese War of Independence from China in 930 39 through the first French military actions in 1858 when the struggle of the peoples of Indochina with Western powers began Dommen details the crucial episodes in the colonization of Indochina by the French and the indigenous reaction to it The struggle for national sovereignty reached an acute state at the end of World War II when independent governments rapidly assumed power in Vietnam and Cambodia When the French returned the struggle became one of open warfare with Nationalists and Communists gripped in a contest for ascendancy in Vietnam while

the rulers of Cambodia and Laos sought to obtain independence by negotiation The withdrawal of the French after their defeat at Dien Bien Phu brought the Indochinese face to face whether as friends or as enemies with the Americans In spite of an armistice in 1954 the war between Hanoi and Saigon resumed as each enlisted the help of foreign allies which led to the renewed loss of sovereignty as a result of alliances and an increasingly heavy loss of lives Meticulous and detailed Dommen's telling of this complicated story is always judicious Nevertheless many people will find his analysis of the Diem coup a disturbing account of American plotting and murder This is an essential book for anyone who wants to understand Vietnam and the people who fought against the United States and won

Vietnam David G. Marr, 2013-04-15 Marr's previous book *Vietnam 1945* ends on 2 September when big crowds gathered in Hanoi and Saigon to celebrate Vietnamese independence This book focuses on the next sixteen months when Vietnam's future course was determined It recreates in vivid detail what it was like to be there in these dramatic postcolonial moments as the Japanese British and Americans faded from view the DRV began to function and establish an army the French maneuvered to restore colonialism but the beginnings of the Cold War swept Vietnam into its orbit with the Chinese Red Army victories and Chinese arms on the border As with his other books Marr pioneers the history of war from the Vietnamese perspective Provided by publisher

[A Bitter Peace](#) Pierre Asselin, 2003-10-15 Demonstrating the centrality of diplomacy in the Vietnam War Pierre Asselin traces the secret negotiations that led up to the Paris Agreement of 1973 which ended America's involvement but failed to bring peace in Vietnam Because the two sides signed the agreement under duress he argues the peace it promised was doomed to unravel By January of 1973 the continuing military stalemate and mounting difficulties on the domestic front forced both Washington and Hanoi to conclude that signing a vague and largely unworkable peace agreement was the most expedient way to achieve their most pressing objectives For Washington those objectives included the release of American prisoners military withdrawal without formal capitulation and preservation of American credibility in the Cold War Hanoi on the other hand sought to secure the removal of American forces protect the socialist revolution in the North and improve the prospects for reunification with the South Using newly available archival sources from Vietnam the United States and Canada Asselin reconstructs the secret negotiations highlighting the creative roles of Hanoi the National Liberation Front and Saigon in constructing the final settlement

The Transformation of Southeast Asia Ronald W. Pruessen, Marc Frey, Tan-Tai Yong, 2015-05-22 Providing the basis for a reconceptualization of key features in Southeast Asia's history this book examines evolutionary patterns of Europe's and Japan's Southeast Asian empires from the late 19th century through to the 1960s

Vietnam 1945 David G. Marr, 2023-09-01 1945 the most significant year in the modern history of Vietnam One thousand years of dynastic politics and monarchist ideology came to an end Eight decades of French rule lay shattered Five years of Japanese military occupation ceased Allied leaders determined that Chinese troops in the north of Indochina and British troops in the South would receive the Japanese surrender Ho Chi Minh proclaimed the Democratic Republic of Vietnam with

himself as president Drawing on extensive archival research interviews and an examination of published memoirs and documents David G Marr has written a richly detailed and descriptive analysis of this crucial moment in Vietnamese history He shows how Vietnam became a vortex of intense international and domestic competition for power and how actions in Washington and Paris as well as Saigon Hanoi and Ho Chi Minh s mountain headquarters interacted and clashed often with surprising results Marr s book probes the ways in which war and revolution sustain each other tracing a process that will interest political scientists and sociologists as well as historians and Southeast Asia specialists 1945 the most significant year in the modern history of Vietnam One thousand years of dynastic politics and monarchist ideology came to an end Eight decades of French rule lay shattered Five years of Japanese military occupation ceased Allied leaders **Ho Chi Minh** Pierre Brocheux,2007-03-12 A fascinating biography of the Vietnamese icon Ho Chi Minh **The Road to Vietnam** Pablo de Orellana,2020-02-20 Why did the USA become involved in Vietnam What led US policy makers to become convinced that Vietnam posed a threat to American interests In *The Road to Vietnam* Pablo de Orellana traces the origins of the US Vietnam War back to 1945 1948 and the diplomatic relations fostered in this period between the US France and Vietnam during the First Vietnam War that pitted imperial France against the anti colonial Vietminh rebel alliance With specific focus on the representation of the parties involved through the processes of diplomatic production the book examines how the groundwork was laid for the US Vietnam War of the 60 s and 70 s Examining the France Vietminh conflict through poststructuralist and postcolonial lenses de Orellana reveals the processes by which the US and France built up the perception of Vietnam as a communist threat Drawing on archival diplomatic texts the representation of political identity between diplomatic actors is examined as a cause leading up to American involvement in the First Vietnam War and will be sure to interest scholars in the fields of fields of diplomatic studies international relations diplomatic history and Cold War history **Vietnam 1946** Stein Tønnesson,2010 *Vietnam 1946* is a masterful narrative of the immediate origins of the first Vietnam War It is by turns vivid and shocking it is always immensely revealing Tønnesson brings forensic clarity to crucial events about which even now some sixty years later fundamental misapprehensions exist An outstanding work of scholarship of major international importance Martin Thomas author of *Empires of Intelligence* Tønnesson captures brilliantly the 1946 confrontation between two republics France determined to redeem itself from Axis humiliation by regaining Indochina Vietnam equally determined to retake independence after eighty years of colonial servitude Tønnesson also demonstrates however that some leaders on each side really wanted a peaceful mutually beneficial outcome Descent into full scale war was not inevitable This is a carefully researched clearly written analysis of a vital moment in the 20th century history of both countries It is also a meditation on the elusive boundary between free will and determinism in human affairs David Marr author of *Vietnamese Tradition on Trial 1920 1945* Stein Tønnesson s *Vietnam 1946* answers the fundamental question about the first of Vietnam s 20th century wars the one fought against the French how did it happen He has written a meticulously

researched account which restores their contingency to the events The first Indochina war like those that succeeded it was not inevitable and T nnesson explains why and how it happened anyway Marilyn Young author of The Vietnam Wars 1945 1990 **The Road to War** Martin Shipway,2003-01-01 How did France become embroiled in Vietnam in the first of long wars of decolonization And why did the French colonial administration in late 1946 having negotiated with Ho Chi Minh for a year adopt a warlike stance towards Ho s r gime which ran counter to the liberal colonial doctrine of liberated France Based on French archival sources almost all of them previously unavailable to the English speaking reader the author assesses the policy that emerged from the 1944 Brazzaville conference and the doomed attempt to apply that policy in Indo China

critical differences between the two nation states the Vietnamese and Indonesian leaderships were pursuing similar long term goals to create a truly independent national economy The book discusses the way in which the Indonesian government established complete economic control resembling the socialist transformation of North Vietnam in the 1950s and the various means by which the government of South Vietnam concentrated economic power in its own hands during the late 1950s and early 1960s It also explores how the Indonesian government was determined remove the economic legacy of Dutch colonialism by placing the entire economy under strong state control and ownership in accordance with the spirit of Guided Democracy and Guided Economy in the late 1950s and the early 1960s This book is a point of reference for students researchers and academics interested in a comparative analysis of the economic systems implemented by the colonial and fascist powers in Indonesia and Vietnam Imperial Policy and Southeast Asian Nationalism Hans Antlov, Stein Tonnesson, 2013-10-08 Traditionally the tumultuous period 1930 50 in South East Asia has been viewed as a dichotomy of European vs Asian or imperialist vs nationalist This highly acclaimed volume presents another triangular perspective and challenges established wisdom about the period *The Road to Dien Bien Phu* Christopher Goscha, 2023-08-15 On May 7 1954 when the bullets stopped and the air stilled in Dien Bien Phu there was no doubt that Vietnam could fight a mighty colonial power and win After nearly a decade of war the country that had been forged in the crucible of the Indochina War had achieved a victory unseen in any other movement for national liberation In *The Road to Dien Bien Phu* historian Christopher Goscha explains the making of this extraordinary battle telling the first comprehensive history of how Vietnam brought down the French in the Indochina War Between September 1945 when Ho Chi Minh declared modern Vietnam s birth and May 1954 Vietnam moved from a decentralized guerilla polity to a single party militarized state Goscha illuminates the making of the militarized nervous system that would realize the victory at Dien Bien Phu But he is also attuned to how society mobilized behind war communism This mobilization fortified the single party state and would create modern Vietnam This book radically changes how we understand both the first Vietnam War and the one the Americans would fight later Shedding light on a larger arc of communist warfare and statecraft that runs from the former Soviet Union to the communist states of China and North Korea Goscha tells a global story of how Vietnam came to be
