bestselling author explores WWII Paris history and tells the stories of how women survived or didn't during the Nazi occupation. Paris in the 1940s was a place of fear, power, aggression, courage, deprivation, and secrets. During the occupation, the swastika flew from the Eiffel Tower and danger lurked on every corner. While Parisian men were either fighting at the front or captured and forced to work in German factories, the women of Paris were left behind where they would come face to face with the German conquerors on a daily basis as waitresses, shop assistants, or wives and mothers increasingly desperate to find food to feed their families as hunger became part of everyday life. When the Nazis and the puppet Vichy regime began rounding up Jews to ship east to concentration camps, the full horror of the war was brought home and the choice between collaboration and resistance became unavoidable. Sebba focuses on the role of women, many of whom faced life and death decisions every day. After the war ended, there would be a fierce settling of accounts between those who made peace with or worse helped the occupiers and those who fought the Nazis in any way they could. Anne Sebba has the nearly miraculous gift of combining the vivid intimacy of the lives of women during The Occupation with the history of the time. This is a remarkable book.

Edmund de Waal, New York Times bestselling author, *Wonderfully researched* puts women's stories and the complications of their lives under Occupation centre stage.

Kate Mosse, New York Times bestselling author, **The 7th Woman**, Frédérique Molay, 2014-06-10: Terror stalks young successful women in the streets of Paris. Chief of Police Nico Sirsky, a super cop with a modern day real life including an ex-wife, a teenage son, and a budding love story, and his team of elite detectives race against the clock to solve the murders as they get closer and closer to his inner circle. Will he resist the pressure?

The Women of Paris and Their French Revolution, Dominique Godineau, 2023-04-28: During the French Revolution, hundreds of domestic and working class women of Paris were interrogated, examined, accused, denounced, arrested, and imprisoned for their rebellious and often hostile behavior. Here for the first time in English translation, Dominique Godineau offers an illuminating account of these female revolutionaries. As nurturing and tender as they are belligerent and contentious, these are not singular female heroines but the collective common women who struggled for bare subsistence by working in factories, in shops, on the streets, and on the home front while still finding time to participate in national assemblies, activist gatherings, and public demonstrations in their fight for the recognition of women as citizens within a burgeoning democracy. Relying on exhaustive research in historical archives, police accounts, and demographic resources at specific moments of the Revolutionary period, Godineau describes the private and public lives of these women within their precise political, social, historical, and gender-specific contexts. Her insightful and engaging observations shed new light on the importance of women as instigators, activists, militants, and decisive revolutionary individuals in the crafting and rechartering of their political and social roles as female citizens within the New Republic.
