Parisian Frolics:

Parisian Frolics Adolphe Belot, A lady young fresh extremely pretty and stylishly though quietly dressed tripped daintily along a street in the neighbourhood of the Madeleine in Paris then disappeared into a respectable house ran quickly up the stairs to the first floor and nervously pressed the button of the electric bell The tinkle had hardly ceased when the door was open by a neat maid who ushered the visitor into a handsome drawing room in which were assembled sundry other ladies all young and fashionably dressed but all wearing the pre occupied air of persons about to have an interview with say their doctor or their solicitor Presently as if awaiting the new comer the mistress of the house appeared tall slender exquisitely attired in black silk with a dainty head dress of the style adopted by many English ladies of a certain age possibly because of the undoubted air of distinction it confers She smiled pleasantly at her young visitor as she shook hands with her then with a murmured apology she turned towards two of the other ladies and said Your friends have arrived and are awaiting you M whereupon they rose and retired smiling their thanks Turning again to her young visitor she said affectionately My dear some one is waiting also to see you a gentleman one of my best friends If you are willing to let him make your acquaintance I shall be happy to introduce him to you This good friend was none other than myself The house belonged to Madame de Saint Edme the most obliging of women and also the most tactful of her sex in the delicate mission of creating and establishing the most intimate of relations between persons of opposite sexes who desired to avail themselves of such services To pretty women pressed for money or inconvenienced by their sexual appetites and desires to mistresses en titre seeking to increase or supplement their alimony and to married women who found their allowances insufficient or their husbands powers not equal to the marital duties desired from them Mme de Saint Edme s discreet chambers offered the safest and pleasantest of opportunities for the acceptance incognito of financial or other assistance from gentlemen Similarly she was ready to provide for gentlemen of amorous proclivities satisfactory opportunities of satisfying their carnal desires by the favours of impecunious ladies thus avoiding on the one side a lengthy pursuit and on the other resistance before surrender Further again those who loved to indulge in Lesbian practices found at her house a convenient rendezvous where they could revel in the enjoyment of their sweet fantasy with the wished for object of their desire or in her absence they could there without difficulty come across girls who understood and shared their tastes and who desired nothing better than to either bestow or receive the lingual caresses so dear to tribades lending themselves adorably to either of the two functions To old and trusted habitu s the younger fry being absolutely debarred unless there was not the slightest doubt as to their fidelity and discretion she allowed the privilege of assisting at Lesbian Priapus fetes and representations to which were also invited such ladies as wished to be present and whose discretion was assured the lively feminine contingent knowing they had nothing to fear on such occasions where modesty was conspicuous by its absence Parisian Frolics Ebury Publishing, 1985 **The Billboard** ,1926 Clandestine Erotic Fiction in English 1800-1930 Peter Mendes, 2016-12-05 This work offers

bibliographical descriptions of all printings of erotic fiction in English issued clandestinely during the period 1800-1930. By clandestine is meant books whose publishers and printers attempt to hide their identities usually by offering title pages whose misleading places and dates of publication may shock and amuse but which always aim to mystify. Using internal and external evidence an attempt is made to establish who were the printers, booksellers and publishers. English and Continental involved in this trade. The printing families or groups into which a large percentage of the material falls are classified accompanied by illustrations which identify the main printing characteristics, house styles of the groups. Bibliographical descriptions follow a checklist of clandestine catalogues; these provide valuable evidence for dating, pricing and sales pitch and information on items of which no copies can now be traced. The work concludes with a series of appendices which provide significant external evidence and three indexes of themes, titles and names. Peter Mendes' original research builds on and significantly extends the essential pioneer work of the Victorian collector and bibliographer H. S. Ashbee. Pisanus Fraxi

Parisian Frolics, 1934. *Pornographers, Hacks, and Blackmailers in Interwar France*. H. G. Cocks, 2024-11-14. After the 1881 declaration of press freedom, France enjoyed a golden age of print, arguably up until the 1950s. This book shines a much needed light on one of the key elements of France's new literary age: that being the production of pornography of all kinds. H. G. Cocks reveals how publishers and writers, both mainstream and clandestine, tried to cash in on the vogue for erotic literature which surfaced at the time. Though the vast majority of what was produced was no more than risqué or saucy, Cocks shows that this was seen as far more dangerous than frank sexual imagery as it was mostly legal and within the range of the ordinary reader. *Pornographers, Hacks, and Blackmailers in Interwar France* reflects on how, as a result of this gold rush for what one writer called the faux obscene, a great deal of writing, journalism and quite a few literary and even political careers were supported by the writing of pornography. For some, this new wave of indecent literature seemed to be sapping the morale of the Republic; while for others, it was simply part of the creative literary and journalistic ferment of the period. In that sense, Cocks convincingly argues, the pornographic became part of the curious mixture of cultural energy and malaise that enveloped the struggling French democracy.
