Parkhurst Tales A Murderers Life In Britains Toughest Jail:

The Complete Parkhurst Tales Norman Parker, 2006-05-19 Norman Parker spent 25 years of his life in a high security Category A prison. Convicted of murder and manslaughter in the 1970s, he was sentenced to life at the notorious Parkhurst Prison. Norman Parker has certainly seen a lot during his time on the inside, and this is his complete collection of tales from behind the bars. He encountered some of the highest profile criminals in Britain, from the Kray twins to the Great Train Robbers and met cannibals, IRA bombers, and cold-hearted killers. *The Complete Parkhurst Tales* is a shockingly powerful and intimate portrayal of the prison system, filled with Norman Parker's sharp intelligence and witty observations on every aspect of the secret world in one of Britain's toughest jails.

For Abolition David Scott, 2020-11-05 According to Jonathan Swift 1667-1745, "Laws are like cobwebs which may catch small flies but let wasps and hornets break through." Connecting the politics of abolition to wider emancipatory struggles for liberation and social justice, this book argues that penal abolitionism should be understood as an important public critical pedagogy and philosophy of hope that can help to reinvigorate democracy and set society on a pathway towards living in a world without prisons. *For Abolition* draws upon the socialist ethics of dignity, empathy, freedom, and a paradigm of life to systematically critique imprisonment as a state institution characterised by social death. A systematic critique of imprisonment which challenges established views and myths. Examines why there still exists so much political and other misguided support for a long failing institution. Reviews A thoroughly engaging and passionate challenge to dominant understandings of crime and punishment. Prisons are revealed as sites of mental and physical brutality, utterly incapable of providing constructive transformative regimes. Professor Emma Bell, University of Savoie. A timely and urgent reminder of the need for Abolition, excellently exposes prisons as institutions of domination, repression, and power. A must read for all concerned with the state of prisons. Dr Kathryn Chadwick, Manchester Metropolitan University. A book that should be cherished by scholars, students, practitioners, and activists alike. It is rare to find a text so sensitively and empathically composed. Dr Alana Barton, Edge Hill University.

The Parkhurst Years Bobby Cummines, 2017-05-04 The next stage meant that there was no going back. An Irish prisoner stepped forward and slipped a blade into my hand. I felt the ice-cold metal and pressed it against the governor's cheek. I thought to myself, would they ever release me after this? Bobby Cummines was only 28 when he passed through the grim gates of Parkhurst, Britain's Alcatraz, as a category A prisoner with a host of crimes to his name. Joining the most notorious gangsters and criminals of the day, from the Krays, the Yorkshire Ripper, and Charles Bronson to high-ranking members of the IRA, nothing could have prepared him for the brutal regime, violent convicts, vindictive screws, and riots on the inside. It's the story of Britain's most hellish prison from one of its hardest inmates.
