## **Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999:**

Parliamentary Democracy K. Beyme, 2000-05-10 Parliamentary Democracy provides a comparative study of the parliamentary regimes since 1789 The book covers the road to parliamentarization of former constitutional monarchies and the creation of parliamentary regimes by exercising the constitution making power of the people What has been called democratization in most of the transitology literature was until 1918 mostly only parliamentarization Democratization of the regimes frequently caused a certain destabilization of the parliamentary regimes by new parties and extremist movement entering the political arena This is the first book to cover the entire range of parliamentary systems including the semi presidential systems

*Parliamentary Democracy* K. Beyme, 2000-09-01 Parliamentary Democracy provides a comparative study of the parliamentary regimes since 1789 The book covers the road to parliamentarization of former constitutional monarchies and the creation of parliamentary regimes by exercising the constitution making power of the people What has been called democratization in most of the transitology literature was until 1918 mostly only parliamentarization Democratization of the regimes frequently caused a certain destabilization of the parliamentary regimes by new parties and extremist movement entering the political arena This is the first book to cover the entire range of parliamentary systems including the semi presidential systems

**African Parliaments** M. Salih, 2005-12-10 This book offers in depth analysis of parliamentary development set in a historical context informed by Africa s post 1990s democratic resurgence In particular it illustrates how African parliaments are caught between the twin processes of being part of the machinery of government while exercising the function of holding government accountable

**The Ashgate Research Companion to the Politics of Democratization in Europe** Tuija Pulkkinen, 2016-03-23 Democratization is a concept often used in academic book titles yet not many of them deal with the initial breakthrough of democratization This research companion presents an alternative view to the widespread assumption that Western democracies should be the normative reference for the study of democratization elsewhere Rather it questions the universal validity of such an assumption by searching the history of European politics and by paying specific attention to the struggles of democratization accomplished outside Western Europe The authors apply a comparative approach to analyzing debates in the primary sources in a number of countries and languages and situate the results into a broader European context Focusing on European democratization from different historical and analytical perspectives they discuss the politics concepts and histories involved in democratization as a complex of changes that has altered the conditions of political action and debate in the continent for the past two centuries

**Semi-presidentialism, Parliamentarism and Presidents** Miloš Brunclík, Michal Kubát, 2018-07-11 The book analyzes the presidencies of three neighboring Central European countries Poland the Czech Republic and Slovakia in the context of their interactions with cabinets and prime ministers parliaments and the constitutional courts all which have proved crucial actors in the region s political and constitutional battles Using both institutional and behavioral perspectives along with an

innovative definition of semi presidentialism the book argues that presidential powers rather than the mode of the election of the president are crucial to the functioning of the regimes and their classification into distinctive regime types Focusing on intra executive conflicts and the interaction of the president with other constitutional players it argues that regardless of the mode of the election of the president regimes have traditionally been very similar not only in their institutional settings but also in the way they function Finally it shows that Poland the Czech Republic and Slovakia should be classified as parliamentary regimes This text will be of key interest to scholars and students of Central and East Europe studies politics post Communist studies presidential studies and more broadly to political elites and institutions comparative politics and legislative studies     Handbook of Parliamentary Studies Cyril Benoît,Olivier Rozenberg,2020-11-27 This comprehensive Handbook takes a multidisciplinary approach to the study of parliaments offering novel insights into the key aspects of legislatures legislative institutions and legislative politics Connecting rich and diverse fields of inquiry it illuminates how the study of parliaments has shaped a wider understanding surrounding politics and society over the past decades     The Routledge Handbook of Scandinavian Politics Peter Nedergaard,Anders Wivel,2017-08-09 The Routledge Handbook of Scandinavian Politics is a comprehensive overview of Scandinavian politics provided by leading experts in the field and covering the polity the politics and the policy of Scandinavia Coherently structured with a multi level thematic approach it explains and details Scandinavian politics today through a series of cutting edge chapters It will be a key reference point both for advanced level students developing knowledge about the subject as well as researchers producing new material in the area and beyond It brings geographical scope and depth with comparative chapters contributed by experts across the region Methodologically and theoretically pluralistic the handbook is in itself a reflection of the field of political science in Scandinavia and the diversity of the issues covered in the volume The Routledge Handbook of Scandinavian Politics will be an essential reference for scholars students researchers and practitioners interested and working in the fields of Scandinavian politics European politics comparative politics and international relations     **The Equilibrium of Parliamentary Law-making** Viktor Kazai,2024-08-01 This book is a response to the dangers posed to constitutional democracy by the continuous growth of executive power and the simultaneous decline of parliaments role in policy formation These phenomena are often manifested in the manipulation and even the violation of the rules of parliamentary law making called irregularities If left without consequences these irregularities can ultimately lead to the elimination of the procedural constraints imposed on the ruling political forces to prevent their arbitrary exercise of power This work investigates the constitutional significance of the irregularities of parliamentary law making and explores the role that courts play in the remedy of these flaws The analysis is premised on the concept of equilibrium This explanatory concept denotes an ideal state in which parliamentary law making complies with the requirements of constitutionalism and judicial review is conceptualized as a mechanism suitable to achieve this aim The volume places the judicial review of the regulation and the practice of

parliamentary law making at its center and discusses all the relevant legal concepts institutions and doctrines It combines theoretical analysis with case law centered comparative research covering a large number of decisions delivered by apex courts operating in various jurisdictions Due to this methodological choice the book aims to simultaneously contribute to the scholarly discourse and provide useful information to practicing lawyers and policymakers working in the areas of constitutional law and politics and comparative law Sovereignty in Post-Sovereign Society Jiří Přibáň, 2016-03-09

Sovereignty marks the boundary between politics and law Highlighting the legal context of politics and the political context of law it thus contributes to the internal dynamics of both political and legal systems This book comprehends the persistence of sovereignty as a political and juridical concept in the post sovereign social condition The tension and paradoxical relationship between the semantics and structures of sovereignty and post sovereignty are addressed by using the conceptual framework of the autopoietic social systems theory Using a number of contemporary European examples developments and paradoxes the author examines topics of immense interest and importance relating to the concept of sovereignty in a globalising world The study argues that the modern question of sovereignty permanently oscillating between de iure authority and de facto power cannot be discarded by theories of supranational and transnational globalized law and politics Criticising quasi theological conceptualizations of political sovereignty and its juridical form the study reformulates the concept of sovereignty and its persistence as part of the self referential communication of the systems of positive law and politics The book will be of considerable interest to academics and researchers in political legal and social theory and philosophy Europe's Justice Deficit? Dimitry Kochenov, Gráinne de Búrca, Andrew Williams, 2015-04-30 The gradual legal and political evolution of the European Union has not thus far been accompanied by the articulation or embrace of any substantive ideal of justice going beyond the founders intent or the economic objectives of the market integration project This absence arguably compromises the foundations of the EU legal and political system since the relationship between law and justice a crucial question within any constitutional system remains largely unaddressed This edited volume brings together a number of concise contributions by leading academics and young scholars whose work addresses both legal and philosophical aspects of justice in the European context The aim of the volume is to appraise the existence and nature of this deficit its implications for Europe s future and to begin a critical discussion about how it might be addressed There have been many accounts of the EU as a story of constitutional evolution and a system of transnational governance but few which pay sustained attention to the implications for justice The EU today has moved beyond its initial and primary emphasis on the establishment of an Internal Market as the growing importance of EU citizenship and social rights suggests Yet most legal analyses of the EU treaties and of EU case law remain premised broadly on the assumption that EU law still largely serves the purpose of perfecting what is fundamentally a system of economic integration The place to be occupied by the underlying substantive ideal of justice remains significantly underspecified or even vacant creating a tension between the market

oriented foundation of the Union and the contemporary essence of its constitutional system The relationship of law to justice is a core dimension of constitutional systems around the world and the EU is arguably no different in this respect The critical assessment of justice in the EU provided by the contributions to this book will help to create a fuller picture of the justice deficit in the EU and at the same time open up an important new avenue of legal research of immediate importance

**Rethinking Democracy** Leo Panitch,Greg Albo,2017-12-22 For years intellectuals have argued that with the triumph of capitalist liberal democracy the Western World has reached the end of history Recently however there has been a rise of authoritarian politics in many countries Concepts of post democracy anti politics and the like are gaining currency in theoretical and political debate Now that capitalist democracies are facing seismic and systemic challenges it becomes increasingly important to investigate not only the inherent antagonism between liberalism and the democratic process but also socialism Is socialism an enemy of democracy Could socialism develop expand even enhance democracy While this volume seeks a reappraisal of existing liberal democracy today its main goal is to help lay the foundation for new visions and practices in developing a real socialist democracy Amid the contradictions of neoliberal capitalism today the responsibility to sort out the relationship between socialism and democracy has never been greater No revival of socialist politics in the twenty first century can occur without founding new democratic institutions and practices **IBSS** Compiled by the British Library of Political and Economic Science,2001 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences **The Ideal of Parliament in Europe since 1800** Remieg Aerts,Carla van Baalen,Henk te Velde,Margit van der Steen,Marie-Luise Recker,2019-11-30 This edited collection explores the perceptions and memories of parliamentarianism across Europe examining the complex ideal of parliament since 1800 Parliament has become the key institution in modern democracy and the chapters present the evolution of the ideal of parliamentary representation and government and discuss the reception and value of parliament as an institution It is considered both as a guiding concept a Leitidee as well as an ideal an Idealtypus The volume is split into three sections The establishment of parliament in the nineteenth century and the transfer of parliamentary ideals models and practices are described in the first section based on the British and French models The second part explores how the high expectations of parliamentary democracy in newly established states after the First World War gradually started to subside into dissatisfaction Finally the last section attests to its resilience after the Second World War demonstrating the strength of the ideal of parliament and its power to incorporate criticism Examining the history of parliament through concepts and ideals this book traces a transnational European exchange of models routines and discourse **The Oxford Handbook of Public Choice, Volume 2** Roger D. Congleton,Bernard N. Grofman,Stefan Voigt,2018-12-14 The Oxford Handbook of Public Choice provides a comprehensive overview of the research in economics political science law and sociology that has generated considerable insight into the

politics of democratic and authoritarian systems as well as the influence of different institutional frameworks on incentives and outcomes The result is an improved understanding of public policy public finance industrial organization and macroeconomics as the combination of political and economic analysis shed light on how various interests compete both within a given rules of the games and at times to change the rules These volumes include analytical surveys syntheses and general overviews of the many subfields of public choice focusing on interesting important and at times contentious issues Throughout the focus is on enhancing understanding how political and economic systems act and interact and how they might be improved Both volumes combine methodological analysis with substantive overviews of key topics This second volume examines constitutional political economy and also various applications including public policy international relations and the study of history as well as methodological and measurement issues Throughout both volumes important analytical concepts and tools are discussed including their application to substantive topics Readers will gain increased understanding of rational choice and its implications for collective action various explanations of voting including economic and expressive the role of taxation and finance in government dynamics how trust and persuasion influence political outcomes and how revolution coups and authoritarianism can be explained by the same set of analytical tools as enhance understanding of the various forms of democracy

*The Oxford Handbook of Public Choice* Roger D. **Middle-Quality Institutional Trap: Democracy and State Capacity in Latin America** Sebastián L. Mazzuca, Gerardo L.

Munck,2021-02-11 Latin America is currently caught in a middle quality institutional trap combining flawed democracies and low to medium capacity States Yet contrary to conventional wisdom the sequence of development Latin America has democratized before building capable States does not explain the region s quandary States can make democracy but so too can democracy make States Thus the starting point of political developments is less important than whether the State democracy relationship is a virtuous cycle triggering causal mechanisms that reinforce each other However the State democracy interaction generates a virtuous cycle only under certain macroconditions In Latin America the State democracy interaction has not generated a virtuous cycle problems regarding the State prevent full democratization and problems of democracy prevent the development of state capacity Moreover multiple macroconditions provide a foundation for this distinctive pattern of State democracy interaction The suboptimal political equilibrium in contemporary Latin America is a robust one

**Handbook on Theories of Governance** Ansell, Christopher,Torfinn, Jacob,2022-02-18 The thoroughly revised and updated Handbook on Theories of Governance brings together leading scholars in the field to summarise and assess the diversity of governance theories The Handbook advances a deeper theoretical understanding of governance processes illuminating the interdisciplinary foundations of the field

The Oxford Handbook of Comparative Constitutional Law Michel Rosenfeld,András Sajó,2012-05-17 The field of comparative constitutional law has grown immensely over the past couple of decades Once a minor and obscure adjunct to the field of domestic constitutional law comparative constitutional law has now moved front and centre Driven by the global spread of democratic government and the expansion of international human rights law the prominence and visibility of the field among judges politicians and scholars has grown exponentially Even in the United States where domestic constitutional exclusivism has traditionally held a firm grip use of comparative constitutional materials has become the subject of a lively and much publicized controversy among various justices of the U S Supreme Court The trend towards harmonization and international borrowing has been controversial Whereas it seems fair to assume that there ought to be great convergence among industrialized democracies over the uses and functions of commercial contracts that seems far from the case in constitutional law Can a parliamentary democracy be compared to a presidential one A federal republic to a unitary one Moreover what about differences in ideology or national identity Can constitutional rights deployed in a libertarian context be profitably compared to those at work in a social welfare context Is it perilous to compare minority rights in a multi ethnic state to those in its ethnically homogeneous counterparts These controversies form the background to the field of comparative constitutional law challenging not only legal scholars but also those in other fields such as philosophy and political theory Providing the first single volume comprehensive reference resource the Oxford Handbook of Comparative Constitutional Law will be an essential road map to the field for all those working within it or encountering it for the first time Leading experts in the field examine the history and methodology of the discipline the central concepts of constitutional law constitutional processes and institutions from legislative reform to

judicial interpretation rights and emerging trends      *Political and Civic Leadership* Richard A. Couto, 2010-09-14 This work within The SAGE Reference Series on Leadership provides undergraduate students with an authoritative reference resource on political and civic leadership This 2 volume set focuses on the 100 most important topics issues question and debates specific to politics and civic society Entries provide students with more detailed information and depth of discussion than typically found in an encyclopedia entry while avoiding much of the jargon detail and density one might find in a journal article or a research handbook chapter Key Features Includes entries written by a global panel of renowned experts Offers broad coverage of important of the moment topics related to political and civic leadership including explorations of the personalities and environments of political leaders leadership roles in governance and allegiance citizen activists and civic engagement political campaigning urban politics and leadership public management ethics in politics policy development and implementation executive management of public opinion political speechmaking and the bully pulpit congressional leadership crisis management and more Considers the history of political and civic leadership with examples from the lives of pivotal figures as well as the institutional settings and processes that lead to both opportunities and constraints unique to the political realm Provides students with more depth than usual encyclopedic entries while avoiding the jargon detail and density of more advanced works Features an approachable and clear writing style with appeal to undergraduate researchers and offers a list of further readings after each entry as well as a detailed index and an online version of the work to maximize accessibility for today s students      **The Constitution of Freedom** András Sajó, Renáta Uitz, 2017-11-04 Constitutional democracy is more fragile and less natural than autocracy While this may sound surprising to complacent democrats more and more people find autocracy attractive because they were never forced to understand or imagine what despotism is Generations who have lived in stable democracies with the promise that their enviable world will become the global normal find government rule without constitutionalism difficult to conceive It is difficult but never too late to see one s own constitutional system as something that is fragile or up for grabs and in need of constant attention and care In this book Andras Sajo and Renata Uitz explore how constitutionalism protects us and how it might be undone by its own means Sajo and Uitz s intellectual history of the constitutional ideal is rich in contextual detail and informed by case studies that give an overview of both the theory and practice of constitutionalism worldwide Classic constitutions are contrasted with twentieth century and contemporary endeavours and experimentations in checks and balances Their endeavour is neither apologetic and certainly not celebratory nor purely defensive this book demonstrates why constitutionalism should continue to matter Between the rise of populist anti constitutional sentiment and the normalization of the apparatus of counter terrorism it is imperative that the political communities who seek to sustain democracy as freedom understand the importance of constitutionalism This book is essential reading for students of law and general readers without prior knowledge of the field as well as those in politics who believe they know how government works It shows what is at stake in the debate on

constitutionalism

### **Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 has opened up a world of possibilities. Downloading Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999. Some

websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 is one of the best book in our library for free trial. We provide copy of Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999. Where to download Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 online for free? Are you looking for Parliamentary Democracy Democratization Destabilization Reconsolidation 1789 1999 PDF? This is definitely going to save you time and cash in something you should think about.
