Parlour Poetry:

Victorian Parlour Poetry Michael R. Turner, 1992 Features 117 gems by Longfellow Tennyson Browning and many lesser known poets The Village Blacksmith Curfew Must Not Ring Tonight Only a Baby Small more often difficult to find elsewhere Index of poets titles first lines Parlour Poetry Michael R. Turner, 1967 **Byron's Poetry** Peter Cochran, 2012-04-25 Byron's dubious status as a sex object and his even more dubious status as a political icon serves to disguise the fact that he is one of the greatest of all English poets with a European reputation second only to Shakespeare The fact that writers such as Goethe and Pushkin held him in the highest regard ensures that the English continue to despise him and ignore his verse as much as possible This book ignores his sexuality his politics and his iconography and concentrates on his poems Written by leading authorities such as Bernard Beatty Germaine Greer and Michael O'Neill it contains essays on his verse forms and his comic rhymes as well as thematic analyses on such recurrent Byronic themes as the Sea Will o the Wisp and Love versus Knowledge In the face of many modern books which translate his verse into prose and try without success to analyse the result Byron's Poetry puts his real achievement as a creative writer back into the focus of discussion Parlour Poetry, 1974 Ghost Letters Baba Badji, 2021-01-01 In Ghost Letters one emigrates to America again and again and again though one also never leaves Senegal the country of one's birth one grows up in America and attends university in America though one also never leaves Senegal the country of one's birth one wrestles with one's American blackness in ways not possible in Senegal though one never leaves Senegal the country of one's birth and one sees more deeply into Americanness than any native born American could Ghost Letters is a 21st century Notebook of a Return to the Native Land though it is a notebook of arrival and being in America It is a major achievement Shane McCrae **The Victorian Poet (Routledge Revivals)** Joseph Bristow, 2014-03-18 The practice of poetry in the Victorian period was characterised by an extreme diversity of styles preoccupations and subject matter This anthology attempts to draw out some of the main focuses of interest in the Victorian poet No Victorian poet produced an overall theory of poetry yet all accepted it as a natural vehicle of expression and for some subjects in particular sexuality the only literary mode Indeed the sexual question was made even more acute by the sudden phenomenon of the poetess and the relation of poetry to gender raised interesting new critical questions At the same time the cultural role of the poet came under increasing debate Victorian poetry was the first contemporary poetry to be studied This selection of central texts illustrates these pressures on the Victorian practice of poetry and the introductory remarks suggest ways in which theory can be related to the understanding key poems themselves *The Columbia Granger's Guide to Poetry Anthologies* William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology Organising Poetry David Fairer, 2009-06-11 In this revisionary study of the poetry of Coleridge Wordsworth and their friends during the revolutionary decade David Fairer questions the accepted literary history of the period and the critical vocabulary we use to

discuss it The book examines why at a time of radical upheaval when continuities of all kinds personal political social and cultural were being challenged this group of poets explored themes of inheritance retrospect revisiting and recovery Organising Poetry charts their struggles to find meaning not through vision and symbol but from connection and dialogue By placing these poets in the context of an eighteenth century organic tradition Fairer moves the emphasis away from the language of idealist Romantic theory towards an empirical stress on how identities are developed and sustained through time Locke s concept of personal identity as a continued organisation partaking of one common life offered not only a model for a reformed British constitution but a way of thinking about the self art and friendship which these poets found valuable The key term therefore is not unity but integrity In this context of a need to sustain and organise diversity and give it meaning the book offers original readings of some well known poems of the 1790s including Wordsworth s Tintern Abbey and The Ruined Cottage and Coleridge s conversation poems The Eolian Harp This Lime Tree Bower and Frost at Midnight Organising Poetry represents an important contribution to current critical debates about the nature of poetic creativity during this period and the need to recognise its more communal and collaborative aspects

Poetry ,1922 *Welsh Environments in Contemporary Poetry* Matthew Jarvis,2021-03-15 Welsh Environments in Contemporary Poetry examines the question of how recent English language poetry from Wales has responded to the diverse physical environments of Wales The first volume to offer a sustained assessment of Welsh poetry in English within the context of recent developments in environmental literary criticism this book also draws on aspects of human geography to explore the rich contemporary poetics of Welsh space and place Opening with an examination of poets from the 1960s as well as the early work of R S Thomas Welsh Environments in Contemporary Poetry subsequently concentrates on the poetry of writers who have come to prominence since the 1970s Gillian Clarke Ruth Bidgood Robert Minninnick Mike Jenkins Christine Evans and Ian Davidson Close reading of key texts reveals the way in which these writers variously create Welsh places landscapes and environments fashioning rural and urban spaces into poetic geographies that are both abundantly physical and inescapably cultural Far from reducing Wales to mere scenery the poetry that emerges from this book engages with the environments of Wales not just for their own sake but as a crucial way of exploring key issues in Welsh culture from the negotiation of female identity in a land of masculine myths to the exploration of Welsh space in a global context

This Land that I Love John Shaw,2013-11-05 A narrative history of the writing of This Land Is Your Land and God Bless America discusses the conflicts and common ground between the two classic anthems revealing how Woody Guthrie composed one as a reflection of Great Depression realities as a rebuttal to Irving Berlin s equally complex song written partly in response to the rise of Hitler
