Parole Balthasar:

Balthasar and Prayer Travis LaCouter, 2021-12-02 This study renders an original and constructive Catholic theology of prayer drawing on the work of Hans Urs von Balthasar 1905 1988 Travis LaCouter explores the trinitarian Christological ecclesial anthropological and eschatological dimensions of prayer in Balthasar's theology and shows how these combine to give a powerful account of prayer's proper theological scope and purpose There is also a critical dimension of prayer which is arguably underdeveloped in some of Balthasar's key texts but which LaCouter shows to have significant dialogical potential with contemporary accounts of parrhesia since Foucault This approach demonstrates the centrality of prayer to Balthasar's entire theological system and does so in a way which itself constitutes an exercise in Catholic systematics This study is also distinctive for establishing a method of proceeding through Balthasar's sprawling oeuvre and the similarly vast secondary literature by arguing for three categories of texts in Balthasar's writings and separately three waves of Balthasar readers Thus this study is a resource not just for those interested in prayer but for anyone interested in reading Balthasar today

Balthasar for Thomists Aidan Nichols, 2020-07-01 Students of Catholic theology are often presented with a choice between two great masters Thomas Aquinas and Hans Urs von Balthasar What starts as a cordial difference in form and method often morphs into a bitter rivalry Dominican theologian Father Aidan Nichols sees no need for competition Balthasar for Thomists gives a panoramic view of Balthasar's thought and spirituality unearthing many of his innumerable debts to Aquinas and providing context for their points of divergence The enormous cultural project of Balthasar writes Father Nichols differs too much from St Thomas pedagogical one to count as a rival to Thomism on the latter's own ground and of course vice versa While constituting an original form of faithful Catholic thought Balthasar's approach may be regarded as a synthesis of the influences of Thomas and his Franciscan contemporary St Bonaventure In its breadth Balthasar for Thomists serves as a general introduction to Balthasar for those unacquainted with his profound and wide ranging theology Divine Fruitfulness Aidan Nichols, 2007 This fifth and final book in Aidan Nichols Introduction to Hans Urs von Balthasar series covers Balthasar's prodigious output from the 1940s to his death in 1988 leaving aside the great multi volume trilogy Nichols identifies Balthasar's most significant sources including the Church Fathers especially Origen Gregory of Nyssa Maximus the Confessor and Augustine Henri de Lubac Karl Barth and Adrienne von Speyr He then guides the reader through Balthasar's works thematically covering fundamental theological themes revelation and theology divine providence the paschal mystery Mary and the church the saints prayer and mysticism and Christian literature Key Theological Thinkers Svein Rise, 2016-04-22 The 20th and 21st Centuries have been characterized by theologians and philosophers rethinking theology and revitalizing the tradition This unique anthology presents contributions from leading contemporary theologians including Rowan Williams Fergus Kerr Aidan Nichols G R Evans and Tracey Rowland who offer portraits of over fifty key theological thinkers in the modern and postmodern era Distinguished by its broad ecumenical perspective this anthology spans arguably

one of the most creative periods in the history of Christian theology and includes thinkers from all three Christian traditions Protestant Catholic and Orthodox Each individual portrait in this anthology includes a biographical introduction an overview of theological or philosophical writing presentation of key thoughts and contextual placing of the thinker within 20th Century religious discourse Overview articles explore postmodern theology radical orthodoxy ecumenical theology feminist theology and liberation theology A final section includes portraits of important thinkers who have influenced Christian thought from other fields not least from Continental philosophy and literature

The Early Hans Urs von Balthasar

Paul Silas Peterson, 2015-02-24 although Hans Urs von Balthasar's earliest publication is from 1925 and although he was a mature forty years old in 1945 there is a deficiency in the secondary literature regarding his early literature its historical backgrounds and non theological sources In this study Balthasar is presented in relation to the various contexts in which he was both drawing upon and responding to from the 1920s to the 1940s The major contexts analyzed here are the broad central European Germanophone cultural context the Germanophone Catholic cultural context the German studies context the French Catholic renewal literature and theology of the early 20th century the popular journal *Stimmen der Zeit* Neo Scholasticism early 20th century French Catholic culture Swiss fascism National Socialist literature the *Renouveau Catholique* the *George Kreis* and many others Balthasar's early anti Semitism and some of the problematic aspects of his early work are also addressed in this study His understanding of the modern age his relationships with some key intellectual figures and his later reflections on his early work are also introduced The book offers a comprehensive study of Balthasar's early intellectual development

Hans Urs von Balthasar David Schindler, 2011-03-29 This collection of essays gathered under the auspices of *Communio* editors represents the most wide ranging study of the life and work of Balthasar The twenty contributors include highly respected theologians philosophers and bishops from around the world such as Henri Cardinal de Lubac S J Walter Kasper Louis Dupre Joseph Cardinal Ratzinger now Pope Benedict XVI and Pope John Paul II meeting Balthasar was for me the beginning of a lifelong friendship I can only be thankful for Never again have I found anyone with such a comprehensive theological and humanistic education as Balthasar and de Lubac and I cannot even begin to say how much I owe to my encounter with them Joseph Ratzinger Pope Benedict XVI

Balthasar on the 'Spiritual Senses'

Mark McInroy, 2014-05 Examines Balthasar's recovery of the doctrine of the spiritual senses in the mid 20th century focusing on his model of the perceptual faculties through which one beholds the form that God reveals

Mystical Doctrines of Deification John Arblaster, Rob

Faesen, 2018-10-03 The notion of the deification of the human person *theosis* *theopoi sis* *deificatio* was one of the most fundamental themes of Christian theology in its first centuries especially in the Greek world It is often assumed that this theme was exclusively developed in Eastern theology after the patristic period and thus its presence in the theology of the Latin West is generally overlooked The aim of this collection is to explore some Patristic articulations of the doctrine in both the East and West but also to highlight its enduring presence in the Western tradition and its relevance for contemporary

thought The collection thus brings together a number of capita selecta that focus on the development of theosis through the ages until the Early Modern Period It is unique not only in emphasising the role of theosis in the West but also in bringing to the fore a number of little known authors and texts and analysing their theology from a variety of fresh perspectives Thus mystical theology in the West is shown to have profound connections with similar concerns in the East and with the common patristic sources By tying these traditions together this volume brings new insight to one of mysticism's key concerns As such it will be of significant interest to scholars of religious studies mysticism theology and the history of religion

The Achievement of Hans Urs von Balthasar Levering, 2019 In *The Achievement of Hans Urs von Balthasar* Matthew Levering has written a book for theologically educated readers who mistrust von Balthasar or who mistrust von Balthasar's critics The book shows that von Balthasar's critics can and should benefit both from the rich and wide ranging conversations that mark his trilogy and from the critical and constructive engagement with German philosophical modernity offered by the trilogy In addition Levering hopes to show that those who mistrust von Balthasar's critics need to be more Balthasarian in their response to criticisms of the Swiss theologian

The Cambridge Companion to Hans Urs Von Balthasar Edward T. Oakes, David Moss, 2004-08-05 Publisher's description Hans Urs von Balthasar 1905-1988 is one of the most prolific creative and wide ranging theologians of the twentieth century who is just now coming to prominence But because of his own daring speculations about the meaning of Christ's descent into hell after the crucifixion about the uniqueness of Christ as savior of a pluralistic world and because he draws so many of his resources for his theology from literature drama and philosophy Balthasar has never been an easily categorized theologian He is neither liberal nor conservative neither Thomist nor modernist and he seems to elude all attempts to capture the exact way he creatively reinterprets the tradition of Christian thought For that reason this Companion is singularly welcome bringing together a wide range of theologians both to outline and to assess the work of someone whom history will surely rank someday with Origen John Calvin and Karl Barth

Christian Wisdom Meets Modernity, 2016-05-05 The Illuminating Modernity series examines the great but lesser known thinkers in the Romantic Thomist tradition such as Erich Przywara and Fernand Ulrich and shows how outstanding 20th century theologians like Ratzinger and von Balthasar have depended on classical Thomist thought and how they radically reinterpreted this thought The chapters in this volume are dedicated to the encounter between the presuppositions and claims of modern intellectual culture and the Christian confession that the crucified and resurrected Jesus is the power and wisdom of God and is the lord of history and of his church The scholars contributing to this discussion do not assume that Christianity and modernity are two discrete entities which can be readily defined nor do they presume that Christian wisdom and modernity meet each other only in conflict or by coincidence They engage with a variety of great figures Kierkegaard Heidegger Rahner Przywara Guardini Karl Barth and Karol Wojtyła to illustrate the connection between modernism and Christian wisdom The volume concludes with a programmatic statement for the renewal of Christian philosophy that has

been able to retain the cosmo theological vision as outlined by Mezei in the final chapter Balthasar in Light of Early Confucianism Joshua R. Brown, 2020-04-30 In this original study Joshua Brown seeks to demonstrate the fruitfulness of Chinese philosophy for Christian theology by using Confucianism to reread reassess and ultimately expand the Christology of the twentieth century Catholic theologian Hans Urs von Balthasar Taking up the critically important Confucian idea of xiao filial piety Brown argues that this concept can be used to engage anew Balthasar's treatment of the doctrine of Christ's filial obedience thus leading us to new Christological insights To this end Brown first offers in depth studies of the early Confucian idea of xiao and of Balthasar's Christology on their own terms and in their own contexts He then proposes that Confucianism affirms certain aspects of Balthasar's insights into Christ's filial obedience Brown also shows how the Confucian understanding of xiao provides reasons to criticize some of Balthasar's controversial claims such as his account of intra Trinitarian obedience Ultimately by rereading Balthasar's Christology through the lens of xiao Balthasar in Light of Early Confucianism employs Confucian and Balthasarian resources to push the Christological conversation forward Students and scholars of systematic theology theologically educated readers interested in the encounter between Christianity and Chinese culture and comparative theologians will all want to read this exceptional book *Les Pères de l'Eglise dans le monde d'aujourd'hui* Cristian Badilita, Charles Kannengiesser, New Europe College, 2006 *Contes fantastiques de Hoffmann* Ernest-Théodore-Wilhelm Hoffmann, 1861 Saving Beauty Veronica Donnelly, 2007 Balthasar is one of the most influential of Catholic twentieth century theologians and his oeuvre is astonishing in its range and amplitude This together with a style of writing that is cyclic rather than systematic makes his work difficult to assimilate The author has overcome this obstacle by finding an integrating motif that makes coherent sense of the whole That motif is the concept of form The first section of the book deals with that form its genesis its meaning as a whole which is greater than the sum of its parts and as a revelation of the mystery of Being Section two shows how when the concept is applied christologically it signifies the incarnate form of Jesus as expressing the glory of the triune God the source of Being Section three which deals specifically with Balthasar's soteriology demonstrates how because of his mission to save a sinful world the form of Jesus has to undergo suffering and death and become apparently formless While indicating that the main lines of Balthasar's theology are rooted in tradition the book also illustrates the radicalness of his approach His dialogue with theologians and philosophers both ancient and modern is discussed and evaluated throughout **The Apologetic Value of Human Holiness** Victoria S. Harrison, 2012-12-06 The Apologetic Value of Human Holiness begins by providing the first comprehensive account of the model of human holiness developed by the leading theologian Hans Urs von Balthasar In so doing the book also provides the first detailed explication of his Christocentric philosophical anthropology Part 2 argues that von Balthasar anticipates some key developments in late twentieth century Anglo American analytical philosophy and that certain of these developments in particular the internal realism of Hilary Putnam provide powerful support for von Balthasar's theological philosophy The final part elucidates von

Balthasar's core intuition that human holiness is of immense apologetic value for religious faith and concludes with a new internalist theory of religious pluralism. The Apologetic Value of Human Holiness will be seen as an important and original contribution to both Philosophy of Religion and Theology and is likely to prove essential reading in upper level undergraduate and postgraduate courses in both subjects.

A Trinitarian Anthropology Michele M. Schumacher, 2014-11-10 Schumacker systematically exposit the Trinitarian theological anthropology of von Speyr as it emerges through her vast corpus in parallel with a development of the same theme in Balthasar's work. Finally the volume exposit Aquinas's own doctrine on theological discourse in view of initiating a dialogue with his disciples.
