The Past as Legacy Marianne Palmer Bonz, Argues that the historical occasion of the great literary epics was an analogous situation for the composition of Luke Acts

New Testament Rhetoric, Second Edition Ben Witherington, Jason A. Myers, 2022-09-28 Witherington and Myers provide a much needed introduction to the ancient art of persuasion and its use within the various New Testament documents More than just an exploration of the use of the ancient rhetorical tools and devices this guide introduces the reader to all that went into convincing an audience about some subject Witherington and Myers make the case that rhetorical criticism is a more fruitful approach to the NT epistles than the oft employed approaches of literary and discourse criticism Familiarity with the art of rhetoric also helps the reader explore non epistolary genres In addition to the general introduction to rhetorical criticism the book guides readers through the many and varied uses of rhetoric in most NT documents not only telling readers about rhetoric in the NT but showing them the way it was employed This brief guide book is intended to provide the reader with an entrance into understanding the rhetorical analysis of various parts of the NT the value such studies bring for understanding what is being proclaimed and defended in the NT and how Christ is presented in ways that would be considered persuasive in antiquity from the introduction

Wealth, Wages, and the Wealthy Raymond F. Collins, 2017 Fulfilling what he has called a grave responsibility Pope Francis has often addressed the issue of economic inequality and the use of personal corporate and national wealth Francis s

teaching is rooted in the teaching of Jesus preserved in the pages of the New Testament The Bible has more to say about the use of wealth than it does about other moral issues of our day yet this teaching seldom enters into the conscience of believers In *Wealth Wages and the Wealthy New Testament Insight for Preachers and Teachers* Fr Raymond F Collins redresses this issue and provides the reader with a careful examination not only of what Jesus said about wealth but also of what each of the New Testament authors wrote about the topic

The God of Old Greg Forbes,2000-10-01 This book is a study of the parables unique to the Third Gospel aiming in particular to establish a link between Luke s choice of these parables and his overall purpose in writing In comparison to the synoptic kingdom parables one distinguishing feature of the Lukan parables is their more personal portrait of the character and the nature of God himself Luke s desire is to demonstrate to his readers whoever they are that in Christianity the realization of the Jewish hope has occurred The parables promote this idea by offering both continuity OT and contrast contemporary Judaism in their portrait of God Thus as well as operating in a parenetic sense the parables also help to legitimize Luke s argument regarding fulfilment

The Devil's Pulpit Robert Taylor,2006-06-19 A series of sermons meant to challenge the rigid and uncompromising views held by Christianity in England at the time The Author came to the conclusion that Christianity is based on much older religions and its rituals are directly descended from ancient Egyptian and pagan practices

Christobiography Craig S. Keener,2019-08-27 Are the canonical Gospels historically reliable The four canonical Gospels are ancient biographies narratives of Jesus s life The authors of these Gospels were intentional in how they handled historical information and sources Building on recent work in the study of ancient biographies Craig Keener argues that the writers of the canonical Gospels followed the literary practices of other biographers in their day In *Christobiography* he explores the character of ancient biography and urges students and scholars to appreciate the Gospel writers method and degree of accuracy in recounting the life and ministry of Jesus Keener s *Christobiography* has far reaching implications for the study of the canonical Gospels and historical Jesus research He concludes that the four canonical Gospels are historically reliable ancient biographies

Failure and Prospect Reuben Bredenhof,2018-12-27 Bredenhof analyses the parable of Lazarus and the Rich Man Luke 16 19 31 by examining its functions as a narrative considering its persuasiveness as a rhetorical unit and situating it within a Graeco Roman and Jewish intertextual conversation on the themes of wealth and poverty and authoritative revelation The parable portrays the consequences of the rich man s failure to respond to the suffering of Lazarus Bredenhof argues that the parable offers its

audience a prospect for alternative outcomes in response both to poverty and to a person who has risen from the dead This prospect is particularly evident when the parable is read in anticipation of the ethical and theological concerns of Luke's second volume in Acts Bredenhof asserts that reading within the context of Luke Acts contributes to the understanding of Luke's purposes with this narrative It is in Acts that his audience witnesses the parable's message about mercy being applied through charitable initiatives in the community of believers while the Acts accounts of preaching and teaching demonstrate that a true reading of Moses and the prophets is inseparably joined to the believing acceptance of one risen from the dead Through a re-reading of Luke 16:19-31 in its Luke Acts context its message is amplified and commended to the parable's audience for their response

Echoes of Scripture in Luke-Acts Kenneth D. Litwak, 2005-03-07 Litwak challenges previous studies of the use of the Old Testament in Luke Acts as inadequate In contrast to previous studies that consider only quotations or obvious allusions he examines intertextual echoes of the Old Testament at strategic points in Luke Acts as well as quotations and allusions and echoed traditions Thus this study's database is larger Previous studies generally argue that Luke's use of the Scriptures is in the service of christology This leads to the exclusion of scriptural citations such as those of the temptation Luke 4:1-13 which have different emphases Litwak views ecclesiology as the overall purpose behind Luke's use of the Old Testament but he does not skip or avoid intertextual references that may lie outside an ecclesiological function Whilst other studies contend that Luke uses the Old Testament according to a promise fulfillment proof form prophecy hermeneutic Litwak argues that this fails to account for many of the intertextual references Other studies often subsume all of Luke's use of the Scriptures of Israel under one theme such as the New Exodus but this study does not require that every intertextual echo maps to a specific theme Rather the many intertextual references in strategic texts at the beginning middle and end of Luke Acts and Luke's use of the texts are allowed to dictate the themes to which they relate JSNTS 282
