Participatory Development The Case Of Zimbabwe:

Participatory Development John Mw Makumbe,1996 Participatory Development The Case of Zimbabwe explores the concept of participatory development in Zimbabwe since 1980 It discusses the local government system which it identifies as the most critical public developmental machinery through which beneficiary participation can take place The various structures and functions of the local government system are identified and discussed in relation to their contribution to participatory development Other institutions of participatory development political parties non governmental organizations co operative societies and other mass organizations in Zimbabwe are identified as providing alternative avenues for beneficiary participation in development *Social development* [Anonymus AC02847171],1992 Opportunities and Challenges in Institutionalising Participatory Development Kudzai Chatiza,Swansea University. School of Environment and Society. Centre for Development Studies,2008 **Flows and Practices** Lyla Mehta,Bill Derman,2017-05-19 For the past two decades Integrated Water Resources Management IWRM has been the dominant paradigm in water resources This book explores how ideas of IWRM are being translated and adapted in Mozambique South Africa Tanzania Uganda and Zimbabwe Grounded in social science theory and research it highlights the importance of politics history and culture in shaping water management practices and reform and demonstrates how Africa has clearly been a laboratory for IWRM While a new cadre of professionals made IWRM their mission we show that poor women and men may not have always benefitted In some cases IWRM has also offered a distraction from more critical issues such as water and land grabs privatisation the negative impacts of water permits and a range of institutional ambiguities that prevent water allocations to small and poor water users By critically examining the interpretations and challenges of IWRM the book contributes to improving water policies and practices and making them more locally appropriate in Africa and beyond Zimbabwe's Fight To The Finish Moore,2016-04-15 This book challenges the Western interpretation that poor governance under President Mugabe is the sole cause of the Zimbabwean crisis It considers inherited and highly unequal colonial structures and the impoverishing impact of an IMF and World Bank **Policies and Governance Structures in Woodlands of Southern Africa** Godwin S. Kowero,Bruce Morgan Campbell,Ussif Rashid Sumaila,2003-01-01 **Integrated Natural Resource Management** Bruce Morgan Campbell,Jeffrey Sayer,2003 This book which contains 15 separately authored chapters discusses both the principles and applications of an integrated approach to natural resource management Such an approach must embrace the complexity of systems and redirect research towards the greater inclusion of issues such as participatory approaches multi scale analysis and an array of tools for system analysis information management and impact assessment Case studies particularly from developing countries in Asia Africa and Latin America are included This book is of interest to a wide range of readers in many disciplines including forestry soil and management sciences agriculture and development studies Zimbabwe's Trajectory V. Masunungure,2020-11-11 At Independence in 1980 Julius Nyerere called Zimbabwe the jewel of Africa and cautioned its

new leaders not to tarnish it Tragically they paid no heed to Africa's esteemed elder statesmen Arguably and only if one ignores the carnage of Gukurahundi the first decade was a developmental one with resources being used prudently to benefit the formerly disadvantaged majority population However the 1990s witnessed a transition from a developmental to a predatory leadership which saw Zimbabwe cross the millennial line in crisis where it has remained ever since While many African countries have moved forward over the last three decades Zimbabwe has gone relentlessly backwards save for the four year interregnum of the tripartite coalition government 2009-2013 Virtually all development indicators point in the wrong direction and the crisis of poverty unemployment and the erosion of health education and other public goods continues unabated The imperatives of political survival and power politics supersede those of sound economics and public welfare Moreover unless good politics are conjoined with a sound people first policy the country will continue sliding downhill Zimbabwe's Trajectory tells the story of the country's post independence dynamics and its recent descent into becoming one of the three most unhappy countries in the world

Understanding Environmental Policy Processes James Keeley, 2014-10-14 A critical analysis of the post Rio consensus on environment and development which questions the role of particular forms of internationalized elite scientific expertise It asks why certain understandings of environmental change stick with such tenacity In exploring this the authors unravel the politics of knowledge surrounding policymaking looking particularly at Ethiopia Mali and Zimbabwe and their land and soils management The book also looks at prospects for more inclusive participatory forms of policymaking

Election Violence in Zimbabwe Vimbai Chaumba Kwashirai, 2023-03-02 The ramifications of election violence in Zimbabwe are huge and ongoing and the loss of lives in the quest for democratic rights might be regarded as the foremost tragedy of post colonial Zimbabwe In this book Vimbai Chaumba Kwashirai examines the prevalence of electoral violence in Zimbabwe from the early 1980s to the present day With a range of rich examples Kwashirai offers a nuanced analysis of the overt and covert forms of violence that have pervaded the country's general elections While remaining attentive to the specifics of the Zimbabwean political landscape Kwashirai addresses broader debates in African politics and shows how insidious violence ethnic tensions and the weakness of opposition parties serve to undermine democracy across Africa Adopting an interdisciplinary approach he explores the various ways in which violence can be understood and crucially how it might be prevented

Zimbabwe's Unfinished Business Amanda Hammar, Stig Jensen, Brian Raftopoulos, 2003 The dramatic changes in Zimbabwe's economic political and social landscapes since the 2000 elections referred to as the Zimbabwe crisis have raised complex critical questions at national regional and international levels This work addresses these points by focusing on the shifting discourses about and relationships between land state and citizenship It argues that these changing definitions and dynamics and their implications can best be understood in terms of a number of overlapping complete and incomplete

projects of transformations or as unfinished business *Development from Within* D. R. F. Taylor, Fiona Mackenzie, 2024-09-30 The decade of 1980s was one of crisis for Africa Neither African governments nor development agencies made a significant impact on the quality of life of rural people The enormous range of contexts in Africa social economic political cultural and environmental limits the value of the search for universal solutions to endemic problems First published in 1992 *Development from Within* examines an alternative framework arguing for flexibility and specificity The authors use case studies to explore the complex social relationships of power from the household to the state They argue for the knowledge and skill of African people and illustrate the diverse means by which men and women in rural Africa struggle to survive This book will be a beneficial read for students and researchers of African studies development studies economics and sociology **Handbook of Public Management in Africa** Gerrit van der Wal, 2023-12-11 This forward thinking Handbook provides a thorough and comprehensive guide on the positive prospects for public management and governance across the African continent Exploring best practices learned by public management and governments in the region this book examines Africa's ability to leapfrog developed nations in the adoption and adaptation of managerial models techniques and applications for government *The Myth of Community* Irene Guijt, Meera Kaul Shah, 1998 Papers presented at a two day workshop at Institute of Development Studies at University of Sussex U K in December 1993 *Participatory Research Methodologies* Mr Richard Bowd, Professor Alpaslan Özerdem, 2013-03-28 Participatory research methodologies have been used since the 1970s as a tool to garner accurate information about communities in which development practitioners operate Their usefulness as a collection of research techniques has been evident in academic disciplines such as politics sociology anthropology and economics among others This informative text assesses the use of participatory methods as a research tool in the contexts of development and reconstruction after conflict and disasters by identifying cross cutting themes and establishing a comparative lessons learned framework that can help inform future uses of them both for practitioners and researchers More importantly rather than adopting a prescriptive perspective this book provides a critical analysis of such methodologies Specifically the reader will benefit from the collation of the experiences of those who utilize participatory research methods in different countries and contexts and from different academic and practitioner perspectives
