Participatory Citizenship Ranjita Mohanty, Rajesh Tandon, 2006-03-29 Papers presented at the Conference on Citizenship and Governance Issues of Identity Inclusion and Voice held at Delhi in February 2003 [The Routledge Handbook of Methodologies in Human Geography](#)

Sarah A. Lovell, Stephanie E. Coen, Mark W. Rosenberg, 2022-10-18 The Routledge Handbook of Methodologies in Human Geography is the defining reference for academics and postgraduate students seeking an advanced understanding of the debates methodological developments and methods transforming research in human geography Divided into three sections Part I reviews how the methods of contemporary human geography reflect the changing intellectual history of human geography and events both within human geography and society in general In Part II authors critically appraise key methodological and theoretical challenges and opportunities that are shaping contemporary research in various parts of human geography Contemporary directions within the discipline are elaborated on by established and emerging researchers who are leading ontological debates and the adoption of innovative methods in geographic research In Part III authors explore cross cutting methodological challenges and prompt questions about the values and goals underpinning geographical research work such as Who are we engaging in our research Who is our research for What are our relationships with communities Contributors emphasize examples from their research and the

research of others to reflect the fluid emotional and pragmatic realities of research This handbook captures key methodological developments and disciplinary influences emerging from the various sub disciplines of human geography

Pedagogies for Building Cultures of Peace Catherine Baillie Abidi, 2018-09-06 *Pedagogies for Building Cultures of Peace* explores how normalizations of violence are constructed from the perspective of young adults and how pedagogies can be created toward building cultures of peace Findings show the diverse ways in which enmity or the dehumanized other is constructed including through socialization processes associating difference as deficient systems of exclusion disengaged citizenship and cultures of competition and rivalry Results also show how critical adult education can reveal hidden forms of power embedded within normalizations of violence creating opportunities for peacebuilding education By collaboratively engaging in peace research with youth and by explicitly exploring power as a central component of violence violence transformation and peacebuilding education led by youth become imaginable [The SAGE Encyclopedia of Action Research](#) David Coghlan, Mary Brydon-Miller, 2014-08-11 Action research is a term used to describe a family of related approaches that integrate theory and action with a goal of addressing important organizational community and social issues together with those who experience them It focuses on the creation of areas for collaborative learning and the design enactment and evaluation of liberating actions through combining action and research reflection and action in an ongoing cycle of cogenerative knowledge While the roots of these methodologies go back to the 1940s there has been a dramatic increase in research output and adoption in university curricula over the past decade This is now an area of high popularity among academics and researchers from various fields especially business and organization studies education health care nursing development studies and social and community work The SAGE Encyclopedia of Action Research brings together the many strands of action research and addresses the interplay between these disciplines by presenting a state of the art overview and comprehensive breakdown of the key tenets and methods of action research as well as detailing the work of key theorists and contributors to action research **Practicing Qualitative Methods in Health Geographies** Nancy E. Fenton, Jamie Baxter, 2016-07-15 Health geographers are increasingly turning to a diverse range of interpretative methodologies to explore the complexities of health illness space and place to gain more comprehensive understandings of well being and broader social models of health and health care Drawing upon postmodernism many health geographers are concerned with issues of representation the body and health care policy Also related to an emphasis on the body is the growing literature in feminist health geography that investigates the metaphorical physical and emotional challenges of the body and disease Reflecting these interests the chapters in this book set out the host of creative qualitative methods being used to explore the psychosocial experiences of individuals more directly using such traditional methods as in depth interviews and group discussions participant observation diaries and discourse analysis but also more novel techniques such as go along interviews reflexive writing illustrations and photographic techniques There are several areas of qualitative research unique to

geographers which figure prominently in this volume including health and place comparative case study analysis and qualitative approaches to the use of geographic information systems GIS This collection brings together a wide range of empirical concerns related to questions of health and shines a light on the diversity of qualitative methods in practice Illustrating how qualitative methodologies are used in diverse health contexts this book fills an important niche for health geographers but will have wide appeal to health and geographic researchers

International Encyclopedia of Civil Society Helmut K. Anheier, Stefan Toepler, 2009-11-24 Recently the topic of civil society has generated a wave of interest and a wealth of new information Until now no publication has attempted to organize and consolidate this knowledge The International Encyclopedia of Civil Society fills this gap establishing a common set of understandings and terminology and an analytical starting point for future research Global in scope and authoritative in content the Encyclopedia offers succinct summaries of core concepts and theories definitions of terms biographical entries on important figures and organizational profiles In addition it serves as a reliable and up to date guide to additional sources of information In sum the Encyclopedia provides an overview of the contours of civil society social capital philanthropy and nonprofits across cultures and historical periods For researchers in nonprofit and civil society studies political science economics management and social enterprise this is the most systematic appraisal of a rapidly growing field

Working Relationally with Girls Marie Hoskins, 2012-12-06 Discover how girls develop a sense of self as they struggle to make sense of complex and complicated times Working Relationally with Girls Complex Lives Complex Identities examines the experience of being a girl in today's society and the difficulties social work practitioners face in developing a universal theory that represents that experience This unique book analyzes how and why gender is still a complicated barrier for most girls despite living in post feminist times Working from a variety of orientations the book offers practical suggestions on how to help girls deal with interpersonal tensions interpersonal conflicts relational dilemmas and the difficulties that stem from rules and norms of what is still a male dominated society Human service practitioners regardless of their fields face an everyday struggle to understand how adolescent girls construct identities in relation to the culture in which they live The contributors to Working Relationally with Girls call on a range of disciplines including child and youth care cultural studies feminist theory counseling and social psychology to examine how girls interpret cultural expectations to develop a sense of self under complex conditions This unique book addresses the subtle and not so subtle practices symbols metaphors images scripts rules norms and narratives that shape girls' lives providing the tools to build a basic framework that will help you understand how girls are alike and how they're different Working Relationally with Girls examines how mothers and daughters perceive general differences regarding sexual experiences in adolescence how girls' health issues are constructed within the context of their dating relationships what do mothers and daughters want to know about each other's sexuality the difficulty girls have in articulating their needs and desires in romantic relationships how many girls deal with what they see as an impossible

choicecompromising their sense of self to maintain a relationship or compromising the relationship to maintain their sense of self how the dynamics of a dating relationship can affect a girl s development and health the influence of media on constructing an identity how minorities form an identity when dealing with exclusion and belonging in a predominately white community using theater to examine the experience of identity formation and much more Working Relationally with Girls is an essential guide to understanding how girls make sense of the world and how their decisions affect their gender and identity development Social workers health care professionals child and youth care practitioners and counselors will find this rich combination of theory and practice invaluable as an everyday resource Spaces of Political Pedagogy Cassie Earl,2018-02-21 This book examines three sites of pedagogical innovation all of which are explicitly activism against the current political and pedagogical climate Drawing on an interdisciplinary framework including autonomous Marxism post anarchism social movement theories and theories of critical pedagogy it examines social movements through a pedagogical lens and attempts to understand how connections can be made between social movement learning and other initiatives and forms of higher learning With studies of the London Occupy movement The Social Science Centre a co operative higher learning provider that practises popular education in city venues and a university politically opposing the student as consumer ethos Spaces of Political Pedagogy connects these various projects as a continuum of educational experimentation offering insights into the ways in which these sites practice pedagogy and the manner in which these practices could be implemented more widely to inform and improve struggles for wider social justice As such it will appeal to scholars of education and sociology with interests in pedagogy social movements and activism The Handbook of Social Research Ethics Donna M. Mertens,Pauline E. Ginsberg,2009 Brings together international scholars across the social and behavioural sciences and education to address those ethical issues that arise in the theory and practice of research within the technologically advancing and culturally complex world in which we live **LOGIC AND METHODS OF SOCIOLOGICAL RESEARCH** Dr. Shipra Mathur,Vikram Singh Parihar ,2025-01-15
