Gitanjali Reborn Martin Kämpchen, 2017-08-03 Radice himself a recognized English poet and erudite scholar delved into the deeper meaning of Tagore s poems and songs and discussed his ideas on education and the environment with an insight probably no other Westerner has He also translated Tagore s short stories and short poems and finally was able to make a complete breakthrough by translating Gitanjali afresh and restoring Tagore s original English manuscript Martin K mpchen lives in Santiniketan West Bengal and Germany and is a reputed Tagore scholar and writer *Clouds and Waves* Rabindranath Tagore, 2011 An endearing poem of a child who refuses tempting invitations instead staying with her mother at playtime blissful in her company Words woven with great tenderness by the greatest poet of all times a gentle verse for all the little ones Selected Poems Rabindranath Tagore, 2005-03-31 The poems of Rabindranath Tagore 1861 1941 are among the most haunting and tender in Indian and in world literature expressing a profound and passionate human yearning His ceaselessly inventive works deal with such subjects as the interplay between God and the world the eternal and transient and with the paradox of an endlessly changing universe that is in tune with unchanging harmonies Poems such as Earth and In the Eyes of a Peacock present a picture of natural processes unaffected by human concerns while others as in Recovery 14 convey the poet s bewilderment about his place in the world And exuberant works such as New Rain and Grandfather s Holiday describe Tagore s sheer joy at the glories of nature or simply in watching a grandchild play **The Journal of Commonwealth Literature** , 2001 One number each year includes Annual bibliography of Commonwealth literature

Jewel That Is Best Rabindranath Tagore, 2011-01-14 When Rabindranath Tagore received the Nobel Prize for Literature in 1913 it reinforced the power he had to touch readers across countries and cultures The Jewel That Is Best comprises three volumes of Tagore s poetry Particles ika Kan Jottings Lekhan and Sparks Sphuli ga The poems are quiet philosophical observations that carry as much meaning as mystery as much sensitivity as objectivity Written at various points in the poet s

long life they remain resonant even today It was perhaps his imagination as a painter that enabled Tagore to combine humanity nature and science on one canvas a harmony strongly felt in these verses Each poem is a gem delicately arranged with the others They continue to sparkle in William Radice s elegant and faithful translation *Book History Through Postcolonial Eyes* Robert Fraser, 2008-08-18 This surprising study draws together the disparate fields of postcolonial theory and book history in a challenging and illuminating way Robert Fraser proposes that we now look beyond the traditional methods of the Anglo European bibliographic paradigm and learn to appreciate instead the diversity of shapes that verbal expression has assumed across different societies This change of attitude will encourage students and researchers to question developmentally conceived models of communication and move instead to a re formulation of just what is meant by a book an author a text Fraser illustrates his combined approach with comparative case studies of print script and speech cultures in South Asia and Africa before panning out to examine conflicts and paradoxes arising in parallel contexts The re orientation of approach and the freshness of view offered by this volume will foster understanding and creative collaboration between scholars of different outlooks while offering a radical critique to those identified in its concluding section as purveyors of global literary power
