David Plante John Preston Lev Raphael Edmund White      **Poets & Writers** ,1992      **Bad Gays** Huw Lemmey,Ben Miller,2022-05-31 These very funny deep dives into the lives of the most dastardly queer people in history offer a passionate argument for rethinking gay politics beyond identity Vogue What can we learn from the homosexual villains failures and baddies of our past We all remember Oscar Wilde but who speaks for Bosie What about those bad gays whose unexemplary lives reveal more than we might expect Many popular histories seek to establish homosexual heroes pioneers and martyrs but as Huw Lemmey and Ben Miller argue the past is filled with queer people whose sexualities and dastardly deeds have been overlooked despite their being informative and instructive Based on the hugely popular podcast series of the same name Bad Gays asks what we can learn about LGBTQ history sexuality and identity through its villains failures and baddies With characters such as the Emperor Hadrian anthropologist Margaret Mead and notorious gangster Ronnie Kray the authors tell the story of how the figure of the white gay man was born and how he failed They examine a cast of kings fascist thugs artists and debauched bon viveurs Imperial era figures Lawrence of Arabia and Roger Casement get a look in as do FBI boss J Edgar Hoover lawyer Roy Cohn and architect Philip Johnson Together these amazing life stories expand and challenge mainstream assumptions about sexual identity showing that homosexuality itself was an idea that emerged in the 19th century one central to major historical events Bad Gays is a passionate argument for rethinking gay politics beyond questions of identity compelling readers to search for solidarity across boundaries      [The Fixed Stars](#) Molly Wizenberg,2020-08-04 The New York Times bestselling author s thoughtful and provocative memoir of changing identity complex sexuality and enduring family relationships At age thirty six while serving on a jury author Molly Wizenberg found herself drawn to a female attorney she hardly knew Married to a man for nearly a decade and mother to a toddler Wizenberg tried to return to her life as she knew it but something inside her had changed irrevocably Instead she would discover that the trajectory of our lives is rarely as smooth or as logical as we d like to believe Like many of us Wizenberg had long understood sexual orientation as a stable part of ourselves we re born this way Suddenly she realized that her story was more complicated Who was she if something at her very core could change so radically Wizenberg forges a new path through separation and divorce coming out to family and friends learning to co parent a young child and realizing a new vision of love The Fixed Stars is a spirited terrifyingly courageous memoir exploring timely and timeless questions about desire identity and the limits and possibilities of family Booklist      **Gay Fathers, Their Children, and the Making of Kinship** Aaron Goodfellow,2015-06-01 While the topic of gay marriage and families continues to be popular in the media few scholarly works focus on gay men with children Based on ten years of fieldwork among gay families living in the rural suburban and urban area of the eastern United States Gay Fathers Their Children and the Making of Kinship presents a beautifully written and meticulously argued ethnography of gay men and the families they have formed In a culture that places a premium on biology as the founding event of paternity Aaron Goodfellow poses the question Can the signing of legal contracts and the public

performances of care replace biological birth as the singular event marking the creation of fathers Beginning with a comprehensive review of the relevant literature in this field four chapters each presenting a particular picture of paternity explore a range of issues such as interracial adoption surrogacy the importance of physical resemblance in familial relationships single parenthood delinquency and the ways in which the state may come to define the norms of health The author deftly illustrates how fatherhood for gay men draws on established biological theological and legal images of the family often thought oppressive to the emergence of queer forms of social life Chosen with care and described with great sensitivity each carefully researched case examines gay fatherhood through life narratives Painstakingly theorized *Gay Fathers Their Children and the Making of Kinship* contends that gay families are one of the most important areas to which social scientists might turn in order to understand how law popular culture and biology are simultaneously made manifest and interrogated in everyday life By focusing specifically on gay fathers Goodfellow produces an anthropological account of how paternity sexuality and masculinity are leveraged in relations of care between gay fathers and their children *The Light Work Annual 2003* ,2003 *Against the Romance of Community* Miranda Joseph,2002 An unexpected and valuable critique of community that points out its complicity with capitalism Community is almost always invoked as an unequivocal good an indicator of a high quality of life caring selflessness belonging Into this common portrayal *Against the Romance of Community* introduces an uncommon note of caution a penetrating sorely needed sense of what precisely we are doing when we call upon this ideal Miranda Joseph explores sites where the ideal of community relentlessly recurs from debates over art and culture in the popular media to the discourses and practices of nonprofit and nongovernmental organizations to contemporary narratives of economic transformation or globalization She shows how community legitimates the social hierarchies of gender race nation and sexuality that capitalism implicitly requires Joseph argues that social formations including community are constituted through the performativity of production This strategy makes it possible to understand connections between identities and communities that would otherwise seem disconnected gay consumers in the United States and Mexican maquiladora workers Christian right family values and Asian crony capitalism Exposing the complicity of social practices identities and communities with capitalism this truly constructive critique opens the possibility of genuine alliances across such differences
