Parting Wordsparting Ways:

Parting Words Justin A. Sider, 2018-11-29 Valedictory addresses offer a way to conceptualize the relation of self to others private to public ephemeral to eternal Whether deathbed pronouncements political capitulations or seafaring farewells parting words played a crucial role in the social imagination of Victorian writing In this compelling new book Justin Sider traces these public addresses across a wide range of works from poems by Byron Tennyson and Browning to essays by Twain and Wilde to novels by Dickens and Eliot Ironically while the Victorian era saw the loss of faith in a unitary national public it asked poetry to address just such a public Attending to the form rather than the discursive content of poets engagement with public culture Parting Words explains how the valedictory allowed Victorian poets to explore the ways their poems might be received by distant and anonymous readers in an emergent mass culture Using a wide array of materials such as letters and reviews to describe the rapidly changing print culture in which poets were intervening Sider shows how the growing diversification and destabilization of the Victorian reading public was countered by the demand for a public poetry Characteristically the speakers of Tennyson's Ulysses and Matthew Arnold's Empedocles on Etna imagine their farewells as simultaneous entrances into a public space where they and their readers however distant might yet meet This new consciousness anticipated modernist poetry which in turn used the valedictory to underscore the futility and alienation of such hopes

they must hand deliver twelve letters he has left with his lawyer What significance did these strangers have to their father Kelly the youngest of the three is intrigued by what they might learn about Daniel For Richard however the exercise seems futile especially when he has his own secrets to hide And Evonne is still nursing her grief over her parents attitude to her sexuality As Daniel s children carry out his last wishes each of them must confront their long held images of their father and reconsider their relationship with him What they discover about his legacy will change their lives *Parting Ways* Denise Carson,2011-04-10 Carson explores in captivating detail the new alternatives to traditional institutionalized dying mourning and memorialization She deftly paints a vivid portrait of her own experiences and successfully ties in conceptual research on newer death rituals This book is truly unique and timely Tony Bell Professor Emeritus at California State University Fullerton Department of Sociology *Parting Ways* provides a fresh and contemporary perspective on American death rituals Carson expertly weaves her personal narrative around existing research and in the process she delivers an important analysis on ritual and death that is poignant and widely accessible Justin Holcomb Reformed Theological Seminary **Parting Ways** Judith Butler,2013-11-01 Judith Butler follows Edward Said s late suggestion that through a consideration of Palestinian dispossession in relation to Jewish diasporic traditions a new ethos can be forged for a one state solution Butler engages Jewish philosophical positions to articulate a critique of political Zionism and its practices of illegitimate state violence nationalism and state sponsored racism At the same time she moves beyond communitarian frameworks including Jewish ones that fail to arrive at a radical democratic notion of political cohabitation Butler engages thinkers such as Edward Said Emmanuel Levinas Hannah Arendt Primo Levi Martin Buber Walter Benjamin and Mahmoud Darwish as she articulates a new political ethic In her view it is as important to dispute Israel s claim to represent the Jewish people as it is to show that a narrowly Jewish framework cannot suffice as a basis for an ultimate critique of Zionism She promotes an ethical position in which the obligations of cohabitation do not derive from cultural sameness but from the unchosen character of social plurality Recovering the arguments of Jewish thinkers who offered criticisms of Zionism or whose work could be used for such a purpose Butler disputes the specific charge of anti Semitic self hatred often leveled against Jewish critiques of Israel Her political ethic relies on a vision of cohabitation that thinks anew about binationalism and exposes the limits of a communitarian framework to overcome the colonial legacy of Zionism Her own engagements with Edward Said and Mahmoud Darwish form an important point of departure and conclusion for her engagement with some key forms of thought derived in part from Jewish resources but always in relation to the non Jew Butler considers the rights of the dispossessed the necessity of plural cohabitation and the dangers of arbitrary state violence showing how they can be extended to a critique of Zionism even when that is not their explicit aim She revisits and affirms Edward Said s late proposals for a one state solution within the ethos of binationalism Butler s startling suggestion Jewish ethics not only demand a critique of Zionism but must transcend its exclusive Jewishness in order to realize the ethical and political ideals of living together in
