Emily Dickinson,Helen Vendler,2010-09-07 Seamus Heaney Denis Donoghue William Pritchard Marilyn Butler Harold Bloom and many others have praised Helen Vendler as one of the most attentive readers of poetry Here Vendler turns her illuminating skills as a critic to 150 selected poems of Emily Dickinson As she did in The Art of Shakespeare s Sonnets she serves as an incomparable guide considering both stylistic and imaginative features of the poems In selecting these poems for commentary Vendler chooses to exhibit many aspects of Dickinson s work as a poet from her first person poems to the

poems of grand abstraction from her ecstatic verses to her unparalleled depictions of emotional numbness from her comic anecdotes to her painful poems of aftermath Included here are many expected favorites as well as more complex and less often anthologized poems Taken together Vendler's selection reveals Emily Dickinson's development as a poet her astonishing range and her revelation of what Wordsworth called the history and science of feeling In accompanying commentaries Vendler offers a deeper acquaintance with Dickinson the writer the inventive conceiver and linguistic shaper of her perennial themes All of Dickinson's preoccupations death religion love the natural world the nature of thought are explored here in detail but Vendler always takes care to emphasize the poet's startling imagination and the ingenuity of her linguistic invention Whether exploring less familiar poems or favorites we thought we knew Vendler reveals Dickinson as a master of a revolutionary verse language of immediacy and power Dickinson *Selected Poems and Commentaries* will be an indispensable reference work for students of Dickinson and readers of lyric poetry **Revived** Cat Patrick,2012-05-01 It started with a bus crash Daisy Appleby was a little girl when it happened and she barely remembers the accident or being brought back to life At that moment though she became one of the first subjects in a covert government program that tests a drug called Revive Now fifteen Daisy has died and been Revived five times Each death means a new name a new city a new identity The only constant in Daisy's life is constant change Then Daisy meets Matt and Audrey McKean charismatic siblings who quickly become her first real friends But if she's ever to have a normal life Daisy must escape from an experiment that's much larger and more sinister than she ever imagined From its striking first chapter to its emotionally charged ending Cat Patrick's *Revived* is a riveting story about what happens when life and death collide **My Life Had Stood a Loaded Gun** Emily Dickinson,2016-03-03 It's coming the postponeless Creature Electrifying poems of isolation beauty death and eternity from a reclusive genius and one of America's greatest writers One of 46 new books in the bestselling Little Black Classics series to celebrate the first ever Penguin Classic in 1946 Each book gives readers a taste of the Classics huge range and diversity with works from around the world and across the centuries including fables decadence heartbreak tall tales satire ghosts battles and elephants *Robert Frost and the New England Renaissance* George Monteiro,2021-05-11 A poem is best read in the light of all the other poems ever written So said Robert Frost in instructing readers on how to achieve poetic literacy George Monteiro's newest book follows that dictum to enhance our understanding of Frost's most valuable poems by demonstrating the ways in which they circulate among the constellations of great poems and essays of the New England Renaissance Monteiro reads Frost's own poetry not against all the other poems ever written but in the light of poems and essays by his precursors particularly Emerson Thoreau and Dickinson Familiar poems such as *Mending Wall* *After Apple Picking* *Birches* *Stopping by Woods on a Snowy Evening* *The Road Not Taken* and *Mowing* as well as lesser known poems such as *The Draft Horse* *The Ax Helve* *The Bonfire* *Dust of Snow* *A Cabin in the Clearing* *The Cocoon* and *Pod of the Milkweed* are renewed by fresh and original readings that show why and how these poems pay tribute to their distinguished

sources Frost's insistence that Emerson and Thoreau were the giants of nineteenth century American letters is confirmed by the many poems variously influenced that derive from them His attitude toward Emily Dickinson however was more complex and sometimes less generous In his twenties he molded his poetry after hers But later after he joined the faculty of Amherst College he found her to be less a benefactor than a competitor Monteiro tells a two stranded tale of attraction imitation and homage countered by competition denigration and grudging acceptance of Dickinson's greatness as a woman poet In a daring move he composes out of Frost's own words and phrases the talk on Emily Dickinson that Frost was never invited to give In showing how Frost's work converses with that of his predecessors Monteiro gives us a new Frost whose poetry is seen as the culmination of an intensely felt New England literary experience
