Partners Susan Washburn, 1981 *Hard to Do* Kelli Mar a Korducki, 2018 Whatever the underlying motives be they love financial security or mere masochism the fact is that getting involved in a romantic partnership is emotionally morally and even politically fraught In *Hard To Do* Kelli Mar a Korducki turns a Marxist lens on the relatively short history of romantic love tracing how the myth of economic equality between men and women has transformed the ways women conceive of domestic partnership With perceptive reported insights on the ways marriage and divorce are legislated the rituals of twentieth century courtship and contemporary practices for calling it off Korducki reveals that for all women choosing to end a relationship is a radical action with very limited cultural precedent Kelli Mar a Korducki is a journalist and cultural critic Her byline has appeared frequently in the *Globe and Mail* and *National Post* as well as in the *New Inquiry* *NPR* the *Walrus* *Vice* and the *Hairpin* She was nominated for a 2015 Canadian National Magazine Award for *Tiny Triumphs* a 10 000 word meditation on the humble hot dog for *Little Brother Magazine* A former editor in chief of the popular daily news blog *Torontoist* Korducki is based in Brooklyn and Toronto *Discovering the Inner Mother* Bethany Webster, 2021-01-05 Sure to become a classic on female empowerment a groundbreaking exploration of the personal cultural and global implications of intergenerational trauma created by patriarchy how it is passed down from mothers to daughters and how we can break this destructive cycle Why do women keep themselves small and quiet Why do they hold back professionally and personally What fuels the uncertainty and lack of confidence so many women often feel In this paradigm shifting book leading feminist thinker Bethany Webster identifies the source of women s trauma She calls it the Mother Wound the systemic disenfranchisement of women by the patriarchy and reveals how this cycle is perpetuated by wounded mothers who unconsciously pass on damaging beliefs and behaviors to their daughters In her workshops online courses and talks Webster has helped countless women re examine their lives and their relationships with their mothers giving them the vocabulary to voice their pain and encouraging them to share their experiences In this manifesto and self help guide she offers practical tools for identifying the manifestations of the Mother Wound in our daily life and strategies we can use to heal ourselves and prevent our daughters from enduring the same pain In addition she offers step by step advice on how to reconnect with our inner child grieve the mother we didn t have stop people pleasing and ultimately transform our heartache and anger into healing and self love Revealing how women are affected by the Mother Wound even if they don t personally identify as survivors *Discovering the Inner Mother* revolutionizes how we view mother daughter relationships and gives us the inspiration and guidance we need to improve our lives and ultimately create a more equitable society for all **Love and the Fighting Female** Allison P. Palumbo, 2020-08-06 The fighting female archetype a self reliant woman of great physical prowess has become increasingly common in action films and on television However the progressive female identities of these narratives cannot always resist the persistent and problematic framing of male female relationships as a battle of the sexes or other source of antagonism

Combining cultural analysis with close readings of key popular American film and television texts since the 1980s this study argues that certain fighting female themes question regressive conventions in male female relationships Those themes reveal potentially progressive ideologies regarding female agency in mass culture that reassure audiences of the desirability of empowered women while also imagining egalitarian intimacies that further empower women Overall the fighting female narratives addressed here afford contradictory viewing pleasures that reveal both new expectations for and remaining anxieties about the strong independent woman ideal that emerged in American popular culture post feminism

The End of Adolescence Nancy E. Hill, Alexis Redding, 2021-03-23 Is Gen Z resistant to growing up A leading developmental psychologist and an expert in the college student experience debunk this stereotype and explain how we can better support young adults as they make the transition from adolescence to the rest of their lives Experts and the general public are convinced that young people today are trapped in an extended adolescence coddled unaccountable and more reluctant to take on adult responsibilities than previous generations Nancy Hill and Alexis Redding argue that what is perceived as stalled development is in fact typical Those reprimanding today's youth have forgotten that they once balked at the transition to adulthood themselves From an abandoned archive of recordings of college students from half a century ago Hill and Redding discovered that there is nothing new about feeling insecure questioning identities and struggling to find purpose Like many of today's young adults those of two generations ago also felt isolated and anxious that the path to success felt fearfully narrow This earlier cohort too worried about whether they could make it on their own Yet among today's young adults these developmentally appropriate struggles are seen as evidence of immaturity If society adopts this jaundiced perspective it will fail in its mission to prepare young adults for citizenship family life and work Instead Hill and Redding offer an alternative view of delaying adulthood and identify the benefits of taking additional time to construct a meaningful future When adults set aside judgment there is a lot they can do to ensure that young adults get the same developmental chances they had

Relationships and Patterns of Conflict Resolution Peter

D. Ladd, 2007 Dr Ladd has written a reference book on couples counseling that explores six contemporary relationships and discusses how couples may change from one to another according to their life experiences. In addition, six common styles of conflict resolution are addressed that may make relationship changes less painful and difficult; these are also addressed. When we realize that one of the most common methods for transforming the union between two people is through divorce, then the possibility of changing a relationship instead of changing a partner may become a more attractive alternative.

Choose Love Not Power Tony Campolo, 2009-12-24 The God who set aside power in order to live out love fully, expressing that love on Calvary's tree is at the core of the Christian message to the world. Yet in the centuries since Christ's refusal to yield to Satan's temptation to establish his kingdom through economic, political, and religious power, the Church has struggled to make the same refusal. In *Choose Love Not Power*, scholar, activist, and modern-day prophet Tony Campolo explores the relationship between love and power, beginning with an examination of Jesus' life and working toward a theology of power for Christians today. He surveys the implications of choosing love over power when it comes to the global community's most pressing issues: environmental degradation, economic inequality, and instability, and perpetual war. Dr. Campolo suggests that the choice between love and power begins close to home: Christ followers who choose love over power in marriage and in parenting will likewise opt for love in their churches, communities, and governments. The growing number of believers seeking a more authentically Christlike way to be Christian in a diverse, pluralistic society will be challenged and encouraged by this unflinching look at Jesus's example of love.

Exploring the Dimensions of Human Sexuality Jerrold Greenberg, Clint Bruess, Sarah Conklin, 2010-03-10 *Exploring the Dimensions of Human Sexuality*, Fourth Edition, addresses all aspects of sexuality: biological, spiritual, psychological, and sociocultural, and presents the information both factually and impartially. Throughout the text, students will find an emphasis on health and well-being based on the assumption that we are all sexual beings and that sexuality should be viewed in its totality. Students are encouraged to explore the varied dimensions of human sexuality and see how each affects their own personal sexuality, sexual health, and sexual responsibility.

The Women's Liberation Movement Kristina Schulz, 2017-07-01 For over half a century, the countless organizations and initiatives that comprise the Women's Liberation movement have helped to reshape many aspects of Western societies, from public institutions and cultural production to body politics and subsequent activist movements. This collection represents the first systematic investigation of WLM's cumulative impacts and achievements within the West. Here, specialists on movements in Europe systematically investigate outcomes in different countries in the light of a reflective social movement theory, comparing them both implicitly and explicitly to developments in other parts of the world.
