appeal equally to the specialist to the student and to the interested reader of Hinojosa's intriguing and innovative Tejano novels. The series is dedicated to revealing the suppressed oral history of Mexican Texas and to making the reader a companion on a quest for this elusive history. Published between 1973 and 1998, the Klail City series ranges in historical time from the mid 1700s to the end of the twentieth century, attesting to 250 years of Spanish Mexican presence in the Lower Rio Grande Valley of Texas. The main body of Hinojosa's series, however, is set in fictitious Belken County located on the U.S. Mexico border and charts the lives of Hinojosa's two protagonists, Rafe Buenrostro and his cousin Jeh Malacara, two men raised in the rigidly segregated world of a South Texas farming community. The Klail City series constitutes a truly novel approach to the novel; each installment in the cycle differs from the one before it in genre: the adult Buenrostro becomes a police detective and appears in several mystery novels; in narrative style, one novel is written entirely in verse while another takes epistolary form or in language. Hinojosa writes in Spanish, in English, in Chicano idiom, and in mixtures of all three. Zilles' accomplishment is to provide a critical guide to the complicated fictional world that Hinojosa creates. By showing the profusion of forms and styles, Hinojosa deploys, Zilles reveals the true dimensions of Hinojosa's design. What makes Zilles so refreshing is his style. He writes in a language accessible to the average reader. His work is solid, informative, thoughtful, and useful. I recommend it highly. Juan Bruce Novoa, Harvard University

Their first case is a success: the triumphant recovery of a pink pearl.
