Party Ideologies In America 1828 1996:

Party Ideologies in America, 1828-1996 John Gerring, 2001-02-05 This book first published in 1998 presents historical analysis of the ideologies of major American parties from the early nineteenth century onwards **The Search for American Political Development** Karen Orren, Stephen Skowronek, 2004-05-24 Orren and Skowronek survey past and current APD scholarship and outline a course of study for the future **The American Political Party System** Michael C. LeMay, 2017-06-22 What historical factors transformed American politics into the institution we know today This in depth look at America s party system traces its efficacy sustainability and popularity through six influential presidencies spanning 1790 to the present day Did President Obama s election serve as the impetus to the development of a seventh political party system This compelling text sheds light on the American political process as seen through the lens of six pivotal presidencies that shaped America s culture politics and society and considers how our current president may be the latest transformative leader in this lineage Covering two centuries of politics the work offers insight into the American political machine and reveals how and why the two party system became so dominant in American politics Topics include the media s focus on the horse race aspect of elections the declining importance of party identification and the impact of the geographical split that results in swing states and gerrymandered districts The work begins by dividing 200 years of politics into 6 periods influenced by a transformative president and discussing the profile of the party system in each era The next section presents essays contributed by activists across a myriad of political parties and profiles leading political actors and organizations The final section includes tables primary source documents reference lists a detailed glossary and a timeline of the development of American political parties that help elucidate the text and show the role political parties have played throughout history

Dynamics of American Political Parties Mark D. Brewer, Jeffrey M. Stonecash, 2009-07-27 Dynamics of American Political Parties examines the process of gradual change that inexorably shapes and reshapes American politics Parties and the politicians that comprise them seek control of government in order to implement their visions of proper public policy To gain control parties need to win elections and winning elections requires assembling an electoral coalition that is larger than that crafted by the opposition Uncertainty rules and intra party conflict rages as different factions and groups within the parties debate the proper course s of action and battle it out for control of the party Parties can never be sure how their strategic maneuvers will play out and even when it appears that a certain strategy has been successful party leaders are unclear about how long apparent success will last Change unfolds slowly in fits and starts **Guide to U.S. Political Parties** Marjorie R. Hershey, 2014-04-01 This one volume reference presents the major conceptual approaches to the study of U S political parties and the national party system describing the organization and behavior of U S political parties in thematic narrative chapters that help undergraduate students better understand party origins historical development and current operations Further it provides researchers with in depth analysis of important subtopics and connections to other aspects of politics Key

Features Thematic narrative chapters organized into six major parts provide the context as well as in depth analysis of the unique system of party politics in the United States Top analysts of party politics provide insightful chapters that explore how and why the U S parties have changed over time including major organizational transformations by the parties behavioral changes among candidates and party activists and attitudinal changes among their partisans in the electorate The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate centered model fueled in part by changes in campaign finance the rise of new communication technologies and fragmentation of the electorate This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States The Oxford Handbook of State and Local Government Donald P. Haider-Markel,2014-04-03 The Oxford Handbook of State and Local Government is an historic undertaking It contains a wide range of essays that define the important questions in the field evaluate where we are in answering them and set the direction and terms of discourse for future work The Handbook will have a substantial influence in defining the field for years to come The chapters critically assess both the key works of state and local politics literature and the ways in which the sub field has developed It covers the main areas of study in subnational politics by exploring the central contributions to the comparative study of institutions behavior and policy in the American context Each chapter outlines an agenda for future research Split Mark D. Brewer,Jeffrey M. Stonecash,2007 Talk of politics in the United States today is abuzz with warring red and blue factions The message is that Americans are split due to deeply held beliefs over abortion gay marriage stem cell research prayer in public schools Is this cultural divide a myth the product of elite partisans Or is the split real Yes argue authors Mark Brewer and Jeffrey Stonecash the cultural divisions are real Yet they tell only half the story Differences in income and economic opportunity also fuel division a split along class lines Cultural issues have not displaced class issues as many believe Split shows that both divisions coexist meaning that levels of taxation and the quality of healthcare matter just as much as the debate over the right to life versus the right to choose The authors offer balanced objective analysis complete with a wealth of data rich figures and tables to explain the social trends underlying these class and cultural divides and then explore the response of the parties and voters Offering solid empirical evidence the authors show that how politicians the media and interest groups perceive citizen preferences be they cultural or class based determines whether or not the public gets what it wants Simply put each set of issues creates political conflict and debate that produce very different policies and laws With a lively and highly readable narrative students at every level will appreciate the brevity and punch of Split and come away with a more nuanced understanding of the divisions that drive the current American polity **Party Position Change in American Politics** David Karol,2009-11-23 America s two party system is highly stable but its parties issue positions are not Democrats and Republicans have changed sides on many subjects including trade civil rights defense spending and fiscal policy and polarized on newer issues like abortion and gun

control Yet party position change remains poorly understood In this book David Karol views parties as coalitions of groups with intense preferences on particular issues managed by politicians He explains important variations in party position change the speed of shifts the stability of new positions and the extent to which change occurs via adaptation by incumbents Karol shows that the key question is whether parties are reacting to changed preferences of coalition components incorporating new constituencies or experimenting on groupless issues He reveals that adaptation by incumbents is a far greater source of change than previously recognized This study enhances our understanding of parties interest groups and representation

War, the American State, and Politics since 1898 Robert P. Saldin, 2010-11-01 This book examines major foreign conflicts from the Spanish American War through Vietnam arguing that international conflicts have strong effects on American political parties elections state development and policymaking First major wars expose and highlight problems requiring governmental solutions or necessitating emergency action Second despite well known curtailments of civil liberties wars often enhance democracy by drawing attention to the contributions of previously marginalized groups and facilitating the extension of fuller citizenship rights to them Finally wars affect the party system Foreign conflicts create crises many of which are unanticipated that require immediate attention supplant prior issues on the policy agenda and engender shifts in party ideology These new issues and redefinitions of party ideology frequently influence elections by shaping both elite and mass behavior

Party and Nation Scot J. Zentner, Michael C. LeMay, 2019-12-16 Party and Nation examines party competition in American history through the lens of debates over immigration an issue central to national identity The authors argue that today's divide between nationalism and multiculturalism represents a dramatic change in the very nature of the party regime in the United States

Party Images in the American Electorate Mark D. Brewer, 2010-04-02 Party affiliation has long been the driving force behind electoral politics in the United States Despite this fact scant attention has been devoted to the American electorate's party images the mental pictures that individuals have about the parties which enable citizens to translate events in the larger political environment into terms meaningful to them as individuals Party images are central to understanding individuals political perceptions and ultimately voting behavior Party Images in the American Electorate systematically examines the substance evolution and manipulation of party images within the American public over the last half century both within the public as a whole and within important subgroups based on class race and ethnicity sex and religiosity Ultimately this important book investigates how these party images are tied into the story of party polarization and how they affect electoral outcomes in the United States

Federalism and the Making of America David Brian Robertson, 2013-03 Though Americans rarely appreciate it federalism has profoundly shaped their nation's past present and future Federalism the division of government authority between the national government and the states affects the prosperity security and daily life of every American In this nuanced and comprehensive overview David Brian Robertson shows that past choices shape present circumstances and that a deep understanding of American government public policy

political processes and society requires an understanding of the key steps in federalism's evolution in American history. The most spectacular political conflicts in American history have been fought on the battlefield of federalism including states' rights to leave the union, government power to regulate business and responses to the problems of race, poverty, pollution, abortion, and gay rights. Federalism helped fragment American politics, encourage innovation, foster the American market economy, and place hurdles in the way of efforts to mitigate the consequences of economic change. Federalism helped construct the path of American political development. *Federalism and the Making of America* is a sorely needed text that treats the politics of federalism systematically and accessibly, making it indispensable to all students and scholars of American politics. Chosen as one of Choice's Outstanding Academic Titles for 2012.

Modern America and the Legacy of the Founding Ronald J. Pestritto, Thomas G. West, 2007-01-01. This is the third and final volume in the series on American political thought edited by Ronald J. Pestritto and Thomas G. West. The book addresses how the major themes in American political thought identified in the first two books of the series have played out in the world of modern American politics. The first volume focused on the founding era and examined the prevalence of social compact theory among the founders and implications of that theory for the design of American institutions. The second volume examined the major challenges that nineteenth-century thought posed to the political ideas of the founding and suggested that these challenges created tensions that would significantly affect the development of American politics in the twentieth century and beyond. In *Modern America and the Legacy of the Founding*, the authors address these fundamental tensions: how does modern America resolve the inherent conflict between the original constitutional order and the challenges posed by modern liberalism? The authors look at the contemporary effects of this fundamental tension on questions of foreign policy and domestic policy and on questions of our national political institutions and the ideas that shape them today.

The Politics of Prohibition Lisa M. F. Andersen, 2013-09-09. Draws on the history of America's longest living minor political party, the Prohibition Party, to illuminate how American politics came to exclude minor parties from governance.

Disenfranchising Democracy David A. Bateman, 2018-10-25. *Disenfranchising Democracy* examines the exclusions that accompany democratization and provides a theory of the expansion and restriction of voting rights.

The Dynamics of Two-Party Politics Alan Ware, 2009-06-11. This book examines the role played by the parties themselves in two-party systems. It rejects the argument that the behaviour of the parties is determined largely by social forces or by the supposed logic of the electoral market. Instead, it shows that both structure and agency can matter. It focuses on three major aspects of change in two-party systems: i) why occasionally major parties such as the British Liberals collapse; ii) why collapsed parties sometimes survive as minor parties and sometimes do not; and iii) what determines why and how major parties will ally themselves with minor parties in order to maximize their chances of winning. With respect to the first aspect, it is argued that major parties are advantaged by two factors: the resources they have accumulated already and their occupying role, similar to that called by Thomas Schelling a focal arbiter.

Consequently party collapse is rare When it has occurred in nation states it is the result of a major party having to fight opposition on two separate fronts The survival of a collapsed party depends largely on its internal structure when a party has linked closely the ambitions of politicians at different levels of office party elimination is more likely The main arena in which agency is significant that is when leadership is possible including the politician acting as heresthician is in the re building of coalitions This is necessary for maximizing the chances of a party winning but for various reasons coalitions between major and minor parties are usually difficult to construct Comparative Politics is a series for scholars and students of political science that deals with contemporary issues in comparative government and politics The General Editor is David M Farrell Jean Monnet Chair in European Politics and Head of School of Social Sciences University of Manchester The series is published in association with the European Consortium for Political Research The Revival of Labor Liberalism Andrew Battista,2023-12-11 The Revival of Labor Liberalism is a careful analysis of the twentieth century decline of the labor liberal coalition and the important efforts to revive their political fortunes Andrew Battista chronicles the efforts of several new political organizations that arose in the 1970s and 1980s with the goal of reuniting unions and liberals Drawing from extensive documentary research and in depth interviews with union leaders and political activists Battista shows that the new organizations such as the Progressive Alliance Citizen Labor Energy Coalition and National Labor Committee made limited but real progress in reconstructing and strengthening the labor liberal coalition Although the labor liberal alliance remained far weaker than the rival business conservative alliance Battista illuminates that it held a crucial role in labor and political history after 1968 Focuses on a fraught but evolving partnership Battista provides a broad analysis of factional divisions among both unions and liberals and considers the future of unionism and the labor liberal coalition in America

Hard Line Colin Dueck,2010-08-16 Republican foreign policy and the conservative leaders who shaped it *Hard Line* traces the history of Republican Party foreign policy since World War II by focusing on the conservative leaders who shaped it Colin Dueck closely examines the political careers and foreign policy legacies of Robert Taft Dwight Eisenhower Barry Goldwater Richard Nixon Henry Kissinger Ronald Reagan George H W Bush and George W Bush He shows how Republicans shifted away from isolationism in the years leading up to World War II and oscillated between realism and idealism during and after the cold war Yet despite these changes Dueck argues conservative foreign policy has been characterized by a hawkish and intense American nationalism and presidential leadership has been the driving force behind it What does the future hold for Republican foreign policy *Hard Line* demonstrates that the answer depends on who becomes the next Republican president Dueck challenges the popular notion that Republican foreign policy today is beholden to economic interests or neoconservative intellectuals He shows how Republican presidents have been granted remarkably wide leeway to define their party s foreign policy in the past and how the future of conservative foreign policy will depend on whether the next Republican president exercises the prudence pragmatism and care needed to implement hawkish foreign policies

skillfully and successfully Hard Line reveals how most Republican presidents since World War II have done just that and how their accomplishments can help guide future conservative presidents Partisanship and Polarization Adam M.

Silver,2022-06-06 This volume examines the national and state party platforms of the Democrats Whigs and Republicans in nineteenth century America Overall each major party presents a consistent message to the voters and policy positions that often conflict with those of the other party depicting partisanship and polarization **The Polarizers** Sam Rosenfeld,2018

The idea of responsible partisanship 1945 1952 Democrats and the politics of principle 1952 1960 A choice not an echo 1945 1964 Power in movement 1961 1968 The age of party reform 1968 1975 The making of a vanguard party 1969 1980 Liberal alliance building for lean times 1972 1980 Dawn of a new party period 1980 2000 Conclusion polarization without responsibility 2000 2016

Party Ideologies In America 1828 1996 Introduction

In today's digital age, the availability of Party Ideologies In America 1828 1996 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Party Ideologies In America 1828 1996 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Party Ideologies In America 1828 1996 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Party Ideologies In America 1828 1996 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Party Ideologies In America 1828 1996 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Party Ideologies In America 1828 1996 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Party Ideologies In America 1828 1996 books and manuals

is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Party Ideologies In America 1828 1996 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Party Ideologies In America 1828 1996 books and manuals for download and embark on your journey of knowledge?

FAQs About Party Ideologies In America 1828 1996 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Party Ideologies In America 1828 1996 is one of the best book in our library for free trial. We provide copy of Party Ideologies In America 1828 1996 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Party Ideologies In America 1828 1996. Where to download Party Ideologies In America 1828 1996 online for free? Are you looking for Party Ideologies

In America 1828 1996 PDF? This is definitely going to save you time and cash in something you should think about.
