**Sean McGraw, Eoin O'Malley**

## **Party And Parish Pump Electoral Politics In Ireland:**

Party and Parish Pump R.K. Carty, 2006-01-01 My attention was drawn to Ireland by footnotes writes the author Over and over again the literature of comparative politics noted simply except in Ireland The question that puzzled me was Why should this be so Professor Carty's answers to the question appear in this detailed study that sheds new light on the question of establishing democratic politics after a war of independence on the impact of electoral laws on party competition on the social bases of political competition and on the way political machines work in modern democracies As a case study the book also analyzes the peculiarly conservative syndrome into which Irish politics has fallen Carty concludes that political institutions and the activities of politicians make a considerable difference to the organization and conduct of public life The book will interest students of comparative politics history and political sociology as well as those concerned with the shape and direction of society and politics in contemporary Ireland Ireland at the Polls, 1981, 1982, and 1987 Howard Rae Penniman, Brian Farrell, 1987 Ireland at the Polls 1981 1982 and 1987 A Study of four General Elections is another in the series of national election studies prepared by the American Enterprise Institute for Public Policy Research AEI Books in the series include volumes on some thirty national democratic elections around the world Distinguished foreign and American scholars have contributed to the studies Politics in the Republic of Ireland John Coakley, Michael Gallagher, 2017-12-01 Politics in the Republic of Ireland is now available in a fully revised sixth edition Building on the success of the previous five editions it continues to provide an authoritative introduction to all aspects of the government and politics in the Republic of Ireland Written by some of the foremost experts on Irish politics it explains analyses and interprets the background to Irish government and contemporary political processes It devotes chapters to every aspect of contemporary Irish government and politics including the political parties and elections the constitution the Taoiseach and the governmental system women and politics the role of parliament and Ireland's place within the European Union Bringing students up to date with the very latest developments especially with the upheaval in the Irish party system Coakley and Gallagher combine substance with a highly readable style providing an accessible textbook that meets the needs of all those who are interested in knowing how politics and government operate in Ireland Politics in the Republic of Ireland, Parties and Party Systems Richard Johnston, Campbell Sharman, 2015-11-15 Party systems Party organization For too long scholars researching in these two areas have worked in isolation This book bridges the divide by bringing together leading political scientists from both traditions to examine the intersection of rules society and the organization of parties within party systems Blending theory and case studies Parties and Party Systems builds upon the pioneering work of R Kenneth Carty whose ideas about brokerage politics have influenced a generation of scholars The contributors explore four thematic pathways How does brokerage work across lines of division in society How do partisan teams hold together in the face of the centrifugal pressures that necessitate brokerage How can parties withstand the complicated principal agent relations that inevitably

arise And how does the institutional context constrain a multitude of competing interests when it itself is quite fragile By providing new perspectives on parties as organizations that exist within political systems and by raising key questions about the sustainability of brokerage politics this volume will provoke theoretical reconsideration prompt further integrative thinking and inspire future research at the political organization system nexus

**How Ireland Voted 2020** Michael Gallagher, Michael Marsh, Theresa Reidy, 2021-06-10 This book is the 9th volume in the established How Ireland Voted series and provides the definitive story of Ireland's mould breaking 2020 election For the first time ever Sinn Féin won the most votes the previously dominant parties shrank to a fraction of their former strengths and the government to emerge was a coalition between previously irreconcilable enemies For these reasons the election marks the end of an era in Irish politics This book analyses the course of the campaign the parties gains and losses and the impact of issues especially the role of Brexit Voting behaviour is explored in depth with examination of the role of issues and discussion of the role of social cleavages such as class age and education The process by which the government was put together over a period of nearly five months is traced through in depth interviews with participants And six candidates who contested Election 2020 give first hand reports of their campaigns

**A Conservative Revolution?** Michael Marsh, David M. Farrell, Gail McElroy, 2017-03-02 The 2011 general election in the Republic of Ireland which took place against a backdrop of economic collapse was one of the most dramatic ever witnessed The most notable outcome was the collapse of Fianna Fáil one of the world's most enduring and successful parties In comparative terms Fianna Fáil's defeat was among the largest experienced by a major party in the history of parliamentary democracy It went from being the largest party in the state a position it had held since 1932 to being a bit player in Irish political life And yet ultimately there was much that remained the same perhaps most distinctly of all the fact that no new parties emerged It was if anything a conservative revolution A Conservative Revolution examines underlying voter attitudes in the period 2002-11 Drawing on three national election studies the book follows party system evolution and voter behaviour from boom to bust These data permits an unprecedented insight into a party system and its voters at a time of great change as the country went through a period of rapid growth to become one of Europe's wealthiest states in the early twenty first century to economic meltdown in the midst of the international Great Recession all of this in the space of a single decade In the process this study explores many of the well established norms and conventional wisdoms of Irish electoral behaviour that make it such an interesting case study for comparison with other industrialized democracies

Radical or Redundant? Liam Weeks, 2011-11-30 While the type of small political party in Ireland has varied their fate it seems has not Although some enjoy a brief time in the sun termination is the long term prospects for all minor parties The usual pattern is a speedy ascent an impact on the political system including a time in government followed by a prolonged termination This book examines this pattern of evolution for minor or small parties in Irish politics As the Irish state has changed so too have the types of parties that have emerged With the first time entry of the Greens into government in 2007

their wipeout in 2011 the termination of the Progressive Democrats in 2009 and the failure of a new party to emerge despite the on going financial crisis the time is ripe for this analysis      **How Parties Organize** Richard S Katz, Peter

Mair, 1994-11-15 This book takes a close look inside political parties bringing together the findings of an international team of leading scholars Building on a unique set of cross national data on party organizations the contributors set out to explain how parties organize how they have changed and how they have adapted to the changing political and organizational circumstances in which they find themselves The contributors are recognized authorities on the party systems of their countries and have all been involved in gathering data on party membership party finance and the internal structure of power They add to the analysis of these original data an expert knowledge of the wider political patterns in their countries and thus provide insight into the development of parties and party systems from the perspective of party organizations themselves How Parties Organize offers the most systematic and comparable analysis of party organization in contemporary Europe and the United States      *Electoral Systems* David M. Farrell, 2011-01-04 Electoral Systems examines the six

principle types of electoral system currently in use in more than seventy of the world s democracies A common format is adopted throughout dealing with explanations of how the system operates and its effects on the political system      **One Party Dominance** Sean McGraw, Eoin O'Malley, 2017-11-21 Fianna F il was for most of the 20th century the democratic world s most successful political party It dominated the politics of Ireland from 1932 when it first took power until 2011 when it became a prominent electoral victim of the Great Recession This book provides original research that explains how Fianna F il became dominant and managed its coalitions of support to maintain that position for eight decades It gathers prominent political scientists who focus on a variety of factors including its ideological flexibility control of state resources and the venue for decision making the party s leadership its organisation and communications strategies In addition the book takes a comparative approach to understanding the position of dominant parties in democratic countries and uses empirical data to understand the sources of its support and decline It is a book that will be of interest not only to scholars of Ireland but also to those who wish to understand the sources of power of dominant political parties and the impact of the Great Recession on democratic politics This book was originally published as a special issue of Irish Political Studies      The Act of Voting Johan

A. Elkind, David M. Farrell, 2015-10-14 Electoral behaviour is one of the most dynamic areas of study in the field of comparative politics today A strongly emerging theme in recent years has been the need to set the study of voting behaviour in its wider context that is to understand how the behaviour of the individual non voter is conditioned by the environment in which the election is occurring The main motivation for this book is to respond to this need The Act of Voting examines voting both the question of whether to vote ie electoral turnout and who to vote for in context from a range of interdisciplinary perspectives In addition to other topics and themes chapters explore the national or social identities of individuals and how these contribute to complex social dynamics discuss the institutions that determine who is able to vote

and over what and analyse the impact of the locale on the voting act Offering chapters by up and coming scholars in the field of electoral behaviour as well as reflections on how the act of voting should be viewed in the broadest context normatively institutionally and socially this book will be of interest to students and scholars researching political behaviour public opinion and politics more generally

**Politics in a Changing Ireland 1960-2007** Tom O'Connor, Anthony O'Halloran, 2008 This book will not chronologically describe the life and times of Seamus Pattison That is not to say that it is devoid of a biographical orientation On the contrary key parts of Seamus's lengthy career and that of his late father James P Pattison are narrated and illuminated The questions therefore arise as to what role Seamus Pattison plays in the book The authors see him primarily as a lens through which to observe and analyse aspects of Irish politics over a period of some fifty years The book is thematic in its approach Themes such as constituency work the office of the Ceann Comhairle and the role of Parliament are discussed Drawing on over forty interviews with Seamus academic literature and popular sources the book adopts an analytical approach Crucially the authors see Seamus Pattison as a most useful scholarly resource He helps us to understand better how Irish politics works In his forty five years as a member of Dail Eireann Seamus Pattison has witnessed significant changes in Irish political life

**BOOK JACKET**

**Understanding Party System Change in Western Europe** Peter Mair, Gordon Smith, 2013-01-11 Published in the year 1990 Understanding Party System Change in Western Europe is a valuable contribution to the field of Politics

*Party Patronage and Party Government in European Democracies* Petr Kopecký, Peter Mair, Maria Spirova, 2012-07-26 Party Patronage and Party Government in European Democracies brings together insights from the worlds of party politics and public administration in order to analyze the role of political parties in public appointments across contemporary Europe Based on an extensive new data gathered through expert interviews in fifteen European countries this book offers the first systematic comparative assessment of the scale of party patronage and its role in sustaining modern party governments Among the key findings are First patronage appointments tend to be increasingly dominated by the party in public office rather than being used or controlled by the party organization outside parliament Second rather than using appointments as rewards as used to be the case in more clientelistic systems in the past parties are now more likely to emphasize appointments that can help them to manage the infrastructure of government and the state In this way patronage becomes an organizational rather than an electoral resource Third patronage appointments are increasingly sourced from channels outside of the party thus helping to make parties look increasingly like network organizations primarily constituted by their leaders and their personal and political hinterlands

Comparative Politics is a series for students teachers and researchers of political science that deals with contemporary government and politics Global in scope books in the series are characterised by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit [www.essex.ac.uk/ecpr](http://www.essex.ac.uk/ecpr) The Comparative Politics series is edited by Professor David M Farrell School of Politics and International

Relations University College Dublin Kenneth Carty Professor of Political Science University of British Columbia and Professor  
 Dirk Berg Schlosser Institute of Political Science Philipps University Marburg      **Irish Political Studies Reader** Conor  
 McGrath, Eoin O'Malley, 2007-10-18 This is an introduction to the best available scholarship within Irish politics featuring the  
 most influential and significant articles which have been published on Irish politics during the past twenty years Each article  
 is accompanied by a new commentary by another leading scholar which addresses the impact and contribution of the article  
 and discusses how its themes remain crucial today The book covers all the most important topics within Irish politics  
 including political culture and traditions political institutions and parties and the peace process The combination of the best  
 original scholarship and contemporary commentaries on the core political issues makes Irish Political Studies Reader an  
 invaluable resource for all students and scholars of Irish politics      **The post-crisis Irish voter** Michael Marsh, David M.  
 Farrell, Theresa Reidy, 2018-08-31 This is the definitive study of the Irish general election of 2016 the most dramatic election  
 in a generation which resulted in the worst electoral outcome for Ireland's established parties the most fractionalized party  
 system in the history of the state and the emergence of new parties and groups These outcomes follow a pattern seen across  
 a number of Western Europe's established democracies in which the deep crisis of the Great Recession has wreaked havoc  
 on party systems The objective of this book is to assess this most extraordinary of Irish elections both in its Irish and wider  
 cross national context With contributions from leading scholars on Irish elections and using a unique dataset the Irish  
 National Election Study 2016 this volume explores voting patterns at Ireland's first post crisis election and it considers the  
 implications for the electoral landscape and politics in Ireland      *Building Democracy in Ireland* Jeffrey Prager, 1986-01-31  
 Jeffrey Prager examines the Republic of Ireland and how it achieved democracy      **Anti-political Establishment Parties**  
 Amir Abedi, 2004 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company      **Changing Party**  
**Systems in Western Europe** David Broughton, Mark Donovan, 1999-01-04 This is an analysis of the changing pressures and  
 demands placed on party systems in 11 countries in Western Europe since 1945 This book includes studies of the party  
 system in Britain France Italy and Germany as well as studies of Spain Portugal Ireland Sweden Austria Belgium and the  
 Netherlands Five major themes are examined in each chapter First the broad development of the party system is  
 accompanied by a discussion of how different party system typologies have been applied to each country Secondly a detailed  
 discussion of the historical background to party system developments is provided dealing with the main divisions derived  
 from the typology of Lipset and Rokkan Thirdly the most important contextual variables are considered in terms of the  
 electoral environment within which the party system operates Next consideration is given to the degree of unfreezing of the  
 party system since 1945 and the changing balance between stability and change Finally major questions of change and  
 adaptation are examined updating the text

### **Party And Parish Pump Electoral Politics In Ireland Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Party And Parish Pump Electoral Politics In Ireland PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Party And Parish Pump Electoral Politics In Ireland PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms

offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Party And Parish Pump Electoral Politics In Ireland free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### **FAQs About Party And Parish Pump Electoral Politics In Ireland Books**

1. Where can I buy Party And Parish Pump Electoral Politics In Ireland books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
