Party Crasher Richard Tafel, 1999 In *Party Crasher* A Gay Republican Challenges Politics as Usual Richard Tafel head of the Log Cabin Republicans issues a challenge to some of America s most sacred political institutions Using personal anecdotes as well as the stories of other gay and lesbian Republicans Rich Tafel succeeds in humanizing the struggle he and others have undertaken in their efforts to have their party deal fairly with gays and gay

issues as well as their campaign to make gays aware of the benefits that can accrue from having political alliances with others besides traditional left leaning Democrats The book is laid out in three sections Life Liberty and The Pursuit of Happiness In the part entitled Life Tafel shows that gay political ideologies are a product of the rejection gays experience The next section Liberty shows how those ideologies play themselves out in the course of day to day American politics and Tafel warns of the dangers gays face in being taken for granted by the Democratic Party while being written off by the Republicans In The Pursuit of Happiness Tafel argues that political strategies alone aren't enough to advance the cause of gay rights spiritual values and morals he says must be at the heart of the gay strategy Here he challenges both those within the gay community who reject moral language and spirituality and those in organized religion particularly those in his own Christian faith who view sexuality simply as a matter of choice and a choice to be condemned if it is not the straight and narrow

Flip the Funnel Joseph Jaffe, 2010-01-26 Why customer retention is the new acquisition If there s anything the recession of 2009 taught us it was the importance of investing in our customers but when was this any different So says Joseph Jaffe bestselling author of *Life After the 30 Second Spot* and *Join the Conversation* and a leading expert and thought leader on new media and social media In most businesses it costs roughly five to ten times more to acquire a new customer than it does to retain an existing one and yet companies continue to disproportionately spend their budgets into the wrong end of the funnel the mass media or awareness side What we haven t paid enough attention to is the right end of the funnel the word of mouth component that essentially acts as a multiplier for future business The economic impact of an active engaged and loyal customer is tremendous And the same is true of the opposite scenario namely the impact of angry customers and negative word of mouth or referrals It is this thinking that Jaffe has channeled to challenge marketers to flip the funnel once and for all With a renewed focus and energy on customer experience it is possible to grow your sales while decreasing your budget in other words getting more from less Engaging a few customers to spread the word to many Using this new flipped funnel model together with a set of new rules of customer service and a revolutionary customer referral and activation process you ll learn how to transform your existing customers into your best salespeople In addition Jaffe will explain how to best introduce and combine both digital and social media tools to boost your loyalty arsenal deploy influencer marketing and implement word of mouth strategies that inspire your loyal opinionated and most vocal customers to become credible persuasive and influential endorsers of your products and services Explains how to cut your marketing budget AND grow sales Illustrates practical ways to use existing customers to reach out to new prospects Outlines the authentic role of social media Demonstrates key ideas with rich real life examples including Comcast Apple The Obama Campaign Dell Panasonic American Airlines Delta Airlines Johnson renowned blogger and podcaster at Jaffe Juice www.jaffejuice.com and host presenter of web video show JaffeJuiceTV www.jaffejuice.tv Visit www.flipthefunnelnow.com to join the conversation

Violence and Dystopia Daniel Cojocaru, 2015-09-18 Violence and Dystopia is a critical examination of imitative desire scapegoating and sacrifice in selected contemporary Western dystopian narratives through the lens of Ren Girard's mimetic theory The first chapter offers an overview of the history of Western utopia dystopia with a special emphasis on the problem of conflictive mimesis and scapegoating violence and a critical introduction to Girard's theory The second chapter is devoted to J G Ballard's seminal novel Crash 1973 Chuck Palahniuk's Fight Club 1996 and Rant 2007 and Brad Anderson's film The Machinist 2004 It is argued that the car crash functions as a metaphor for conflictive mimetic desire and leads to a quasi sacrificial crisis as defined by Girard for archaic religion The third chapter focuses on the psychogeographical writings of Iain

Sinclair and Peter Ackroyd Walking the streets of London the pedestrian represents the excluded underside of the world of Ballardian speed The walking subject is portrayed in terms of the expelled victim of Girardian theory The fourth chapter considers violent crowds as portrayed by Ballard s late fiction the writings of Stewart Home and David Peace s GB84 2004 In accordance with Girard s hypothesis the discussed narratives reveal the failure of scapegoat expulsion to restore peace to the potentially self destructive violent crowds The fifth chapter examines the post apocalyptic environments resulting from failed scapegoat expulsion and mimetic conflict out of control as portrayed in Sinclair s Radon Daughters 1994 Margaret Atwood s The Handmaid s Tale 1985 and Oryx and Crake 2003 and Will Self s The Book of Dave 2006 *Uninvited* Adrian

K. Smith, 2016-11-03 I finally detached with the understanding that people cannot give to you what they don't have I am not feeling the love because And because of what was probably this unsatisfied need for affection I have a history of trusting complete strangers some of whom have to their credit risen to the occasion by displaying the kindness thus expected of others at the eleventh hour I made friends easily One day impelled by mutual attraction or curiosity you strike up a conversation and discover shared interests and a new friendship is born You try to live the same hopes and dreams feeling at ease even happy and this friendship becomes part of your life a little bit like family Then treachery strikes and a great desolate wind sweeps away those dreams Wounded and angry you wish you were dead for ever thinking or believing and falling for it again Then other similar mirages appear on the horizon as you walk in your own landscape and you rise to the occasion once again and you are disappointed once again and one fine day all that is left of your spirit is a tiny scar on your heart no bigger than a fingernail scratch You no longer feel anything either You no longer care Only many years later only when I had given myself passively to this lovelessness in the conviction that I had metamorphosed from a loveless childhood to the adulthood of more of the same disappointment betrayal and loss Only with this wisdom had I come to believe in nothing and only then was I surprised by love What is the meaning of ordeal You'll know it when you know it This book contains Papier Mache Bowls Vessels of Grieving 42 full color photographs The creative meaning of ordeal *Sons of Valor*
