Stealing Home Eric Nusbaum,2021-03-16 A story about baseball family the American Dream and the fight to turn Los Angeles into a big league city Dodger Stadium is an American icon But the story of how it came to be goes far beyond baseball The hills that cradle the stadium were once home to three vibrant Mexican American communities In the early 1950s those communities were condemned to make way for a utopian public housing project Then in a remarkable turn public housing in the city was defeated amidst a Red Scare conspiracy Instead of getting their homes back the remaining residents saw the city sell their land to Walter O Malley the owner of the Brooklyn Dodgers Now LA would be getting a different sort of utopian fantasy a glittering ultra modern stadium But before Dodger Stadium could be built the city would have to face down the neighborhood s families including one the Ar chigas who refused to yield their home The ensuing confrontation captivated the nation and the divisive outcome still echoes through Los Angeles today **A Gentle Philosopher** Charles House,2014-08-19 The author met his philosopher fifty four yars ago a man who teaches by the Socratic method who stays in touch with his students for their whole career and who values non conformity in the best sense

of the word Most faculty deeply learn their field plumb its depths zealously and relish the fruits of their labor Some continue the quest for knowledge for the frontier for the important next questions which means giving up the accolades and perquisites of the learned for the unknown field yet unplowed Fewer still imbue their students with these same qualities which was the gift of Carver Mead for the author This monograph pinpoints the lessons that Mead provided and the sometimes unexpected results with the thought that such ideas may inspire others to assert their maverick independent ways cheerfully abandoning the cloak of success for the next great quest to help advance knowledge products and services for a world sorely in need of contribution on many fronts
