Immortal Clay Jones,2020-04-28 Is There Life After Death For many death is terrifying We try to live as long as possible while hoping that science will soon find a way to allow us to live if not forever then at least a very long time Whether we deny our mortality though literal or symbolic immortality or try to turn death into something benign our attempts fail us But what if the real solution is not in denying death s reality but in acknowledging it while enjoying a hope for a wonderful forever Clay Jones a professor of Christian apologetics explores the ways people face death and how these immortality projects are unsuccessful even destructive Along the way he points to the hope of the only true immortality available to all the truth that God already offers a path to our hearts deepest longing glorious resurrection to eternal life **The Gospel in the Dock**

Bryan M. Christman,2021-08-10 C S Lewis famously penned the phrase God in the Dock and proposed that there was a great divide between ancient and modern humans in that our ancestors would have rightly seen themselves in the dock before God while we moderns have placed God there before us But what if what God s love most desires for us the gospel or good news of the only way of life for humanity has been in the dock before us from the time of Adam and Eve And what if it is also the case that the gospel is often in the dock as though it is not good even for the church This book builds upon and expands the life and death stakes Lewis proposed by demonstrating that the gospel way of faith itself has been placed in the dock by us and in many ways ruined our relationships with God with our own selves with one another and even with the natural world itself which we are meant to steward for its good In these pages the reader will discover why the gospel that requires faith is good news but why we so tragically default to our divisive and self destructive ways **Beyond Opinion** Ravi

Zacharias,2010-01-10 A definitive master work from the world s leading Christian apologist Respected apologist Ravi Zacharias was once sharing his faith with a Hindu when the man asked If the Christian faith is truly supernatural why is it

not more evident in the lives of so many Christians I know The question hit hard and this book is an answer Its purpose is to equip Christians everywhere to simultaneously defend the faith and be transformed by it into people of compassion In addition to writing several chapters himself Ravi Zacharias brings together many of today s leading apologists and Christian teachers including Alister McGrath and John Lennox to address topics present in the very future of worldwide Christianity from the process of spiritual transformation to the challenges posed by militant atheism and a resurgent Islam Destined to become a classic *Beyond Opinion* is a touchstone that will affect Christians around the world *Pascal's Recovery of Man's Wholeness* Albert Laurence Wells,1965 **Religion in Life** John Baillie,Lucius Hatfield Bugbee,Charles Kendall Gilbert,1965 Includes section Book reviews *The Book Exchange* ,1964 **Blaise Pascal** Charles Sherrard MacKenzie,2008 This book focuses on Blaise Pascal s Pens es an apology for Christianity which is regarded as Pascal s crowning achievement Professor Charles Sherrard MacKenzie maintains that the lens best enabling us to understand Pens es is his fragment on the three orders of life mental material and spiritual This analysis also highlights the frustrations Pascal encountered while making scientific discoveries as part of his quest for certainty in his and others faith **Pascal's Anguish and Joy** Charles Sherrard MacKenzie,1973 *The Cumulative Book Index* ,1997 A world list of books in the English language *Cumulated Index to the Books* ,1965 **Christianity Today** ,1966 A fortnightly magazine of evangelical conviction *Humor in Pascal* Olga Wester Russell,1977 *Concordia Theological Monthly* ,1965 On Pascal Douglas Groothuis,2003 ON PASCAL like other titles in the Wadsworth Philosopher s Series offers a concise yet comprehensive introduction to this philosopher s most important ideas Presenting the most important insights of well over a hundred seminal philosophers in both the Eastern and Western traditions the Wadsworth Philosophers Series contains volumes written by scholars noted for their excellence in teaching and for their well versed comprehension of each featured philosopher s major works and contributions These titles have proven valuable in a number of ways Serving as standalone texts when tackling a philosophers original sources or as helpful resources for focusing philosophy students engagements with these philosopher s often conceptually daunting works these titles have also gained extraordinary popularity with a lay readership and quite often serve as refreshers for philosophy instructors Reference Guide to World Literature Lesley Henderson,Sarah M.
