L. Cleave, 2013-10-22 The Saccharine Disease Conditions Caused by the Taking of Refined Carbohydrates such as Sugar and White Flour contends that the causation of these conditions has been obscured through confusing distinctions between unnatural refined carbohydrates and that of natural unrefined carbohydrates like fruits and whole meal flour The author notes that all the foregoing conditions are really the manifestations of a single master disease that many of the major diseases of modern societies are caused by consuming unreasonable amounts of refined carbohydrate foods The author discusses that in the short time that man has changed his diet evolutionary adaptation is left behind He gives two rules to prevent and arrest all saccharine disease manifestations Do not eat any food unless you definitely want it and avoid eating white flour or white sugar These two rules will prevent gastric

Fabulous Fossils Donald G. Mikulic, Ed Landing, Joanne Kluessendorf, 2007 *Fabulous Fossils* is a timely and significant contribution to the history of science and evolutionary paleontology. It details humanity's interest and developing understanding of trilobites from the recovery of these fossils at 15 000 year old Paleolithic sites to the 18th century appreciation that they were arthropod fossils. This volume elaborates on the development of modern trilobite research in Australia and a number of American, European and Asian countries. Publisher's description

His Word is the Truth Jan van der Putten, 2001 A schemer of the lowest sort who undermined the Dutch cause or a smart and diligent native who was particularly useful for Dutch officials. They held extreme and incompatible opinions about Haji Ibrahim ca 1810 ca 1875 a jack of all trades who to the best of his abilities tried to serve the various groups in power in Riau in the nineteenth century. One of his patrons was Hermann von de Wall who had come to the heartland of the Malay world where the language was still pure to collect materials for his Malay Dutch dictionary. Haji Ibrahim served him as one of his main informants. The letters he wrote to his patron form the centre of the present study; they are published with summaries of their content and introduced by chapters on Malay letterwriting and on the historical background of the published letters. Apart from a discussion in chapter 4 about his role in the political configuration in mid nineteenth century Riau where a Malay sultan, a Bugis viceroy and a Dutch resident each promoted their interests, Haji Ibrahim's talents in wielding his quill are discussed in the last chapter. This book is one of the few studies in which the background of a Malay writer is reconstructed. Haji Ibrahim is brought to the fore as a writer who began his career by writing dramatized reports for his superiors and eventually acquired certain fame with a collection of conversations published in 1868 and 1872. In the oral oriented Malay world of the nineteenth century officials such as Haji Ibrahim may well be the initiators of a new literary tradition.
