voyages from passengers and crew alike Back cover [The Last Atlantic Liners](#) William H. Miller,1985 **Transatlantic Liners** J. Kent Layton,2012-07-20 Since the end of the nineteenth century there has been a stunning succession of transatlantic liners from the White Star Line s Oceanic of 1899 to the Cunard Line s Queen Mary 2 of 2004 These floating palaces often contained luxurious staterooms ballrooms and lounges for the rich and noticeably more modest and basic accommodation for poorer travellers Their designs and powerplants were often cutting edge as each competed to be the largest most luxurious and fastest ship on the Atlantic As the tides of passenger demand rose and fell through the years and the world plunged twice into global conflict these ships had to adapt to survive Many of these vessels including Mauretania Olympic the first Queen Mary and France had long and glorious careers others Titanic Lusitania and Normandie among them suffered tragic endings J Kent Layton describes the heyday of the superliners and explains what life was like for passengers both rich and poor *My Ocean Liner* Peter Mandel,2000 For ages 7 12 So begins this well crafted chapter book recounting the adventures of boy Paul travelling from New York to France on the legendary ocean liner Normandie Unlike the tragic stories of the passengers on the ill fated Titanic this one is filled with the pleasures and novelties of life at sea with friends made and several unexpected adventures for Paul to retell for the rest of his life As he finishes his tale with nostalgia for the lost world the reader will share his memories and know something of the look feel and smell of the ship and the excitement of being a passenger on a great ocean liner in its glory days Full colour illustrations are well spaced throughout he book they recreate the grand details of the liner from its dining room to its engine room Thoroughly researched by the Normandie they bring the ship vividly to life *P & O Orient Liners of the 1950s and 1960s* William H. depicted their magnificent liners as well as the routes they travelled their exotic destinations and life onboard These paintings rich in imagination and atmosphere appeared on postcards and posters of the day and were used to advertise the companies and their ships and so was born a whole genre that produced tens of thousands of paintings which formed a wonderful record of the great era of the passenger liner In 1900 there were over thirty shipping companies operating passenger liners across the North Atlantic Other oceans were similarly served But now with just a few exceptions the companies and their liners have disappeared along with the art they once inspired Little remains to recall this aspect of our maritime past except the postcards and they tell an evocative story of the vanished world of elegant ships and leisurely travel of social and political times much changed by the history of the past century Here brought vividly to life in more than 500 colourful postcards are the ships on which so many of our predecessors sailed as emigrants soldiers administrators or simply as tourists in days long past These cards which are now highly collectable show how steamships developed over the years but they are also a fine tribute to the artists who painted them This volume also includes a glossary of some 170 illustrators which forms an important reference section and advice on collecting
