Corinthians respected preacher and Bible teacher John MacArthur demonstrates how the Corinthian church required Paul's repeated care as the apostle sought to correct errors of unchristian practice worship and doctrine Concerned with false apostles who were leading the church astray Paul defended his own authority as God's apostle and sought reconciliation within the church MacArthur explores these issues by giving a verse by verse analysis in context and providing points of application for passages illuminating the biblical text in practical and relevant ways Both volumes form yet another set of comprehensive and compelling commentaries in his New Testament series and are a must have for every pastor's library

Creation in Paul and Philo Jonathan D. Worthington, 2011 God's creative activity in the beginning is important to many aspects of Paul's theology Jonathan Worthington explores Paul's protology by analyzing his interpretation of scripture concerning creation mainly the beginning of Genesis By examining Paul's exegetical manoeuvres within 1 2 Corinthians and Romans and by comparing these with the contemporary but more detailed treatments of the same texts by Philo of Alexandria in his formal commentary on Genesis 1 2 De Opificio Mundi the author uncovers an approach to creation that is fundamental to both ancient interpreters Paul's interpretation of creation like Philo's in his commentary contains three interwoven aspects the beginning of the world the beginning of humanity and God's intentions before the beginning Recognizing this basic hermeneutical interplay between the Beginning and the Before facilitates a more appropriate comparison between Paul and Philo as well as a more adequate treatment of difficult and debated passages in both interpreters regarding creation

Paul and the Hermeneutics of Faith Francis Watson, 2015-11-19 In recent years scholars from both Christian and Jewish backgrounds have tried to rethink the relationship between earliest Christianity and its Jewish milieu and Paul has emerged as a central figure in this debate Francis Watson contributes to this scholarly discussion by seeing Paul and his Jewish contemporaries as above all readers of scripture However different the conclusions they draw they all endeavour to make sense of the same normative scriptural texts in the belief that as they interpret the scriptural texts the texts will themselves interpret and illuminate the world of contemporary experience In that sense Paul and his contemporaries are standing on common ground Far from relativizing their differences however it is this common ground that makes such differences possible In this new edition Watson provides a comprehensive new introduction entitled A Response to My Critics in which he directly engages with the critics of the previous edition There is a substantial new Preface and two new Appendices and the text has been fully revised throughout *The Life and Epistles of St. Paul* William John Conybeare, J.
