New York Times bestseller A pioneering and timely study of how to navigate life s biggest transitions with meaning purpose and skill Bruce Feiler author of the New York Times bestsellers *The Secrets of Happy Families* and *Council of Dads* has long explored the stories that give our lives meaning Galvanized by a personal crisis he spent the last few years crisscrossing the country collecting hundreds of life stories in all fifty states from Americans who d been through major life changes from losing jobs to losing loved ones from changing careers to changing relationships from getting sober to getting healthy to simply looking for a fresh start He then spent a year coding these stories identifying patterns and takeaways that can help all of us survive and thrive in times of change What Feiler discovered was a world in which transitions are becoming more plentiful and mastering the skills to manage them is more urgent for all of us The idea that we ll have one job one relationship one source of happiness is hopelessly outdated We all feel unnerved by this upheaval We re concerned that our lives are not what we expected that we ve veered off course living life out of order But we re not alone *Life Is in the Transitions* introduces the fresh illuminating vision of the nonlinear life in which each of us faces dozens of disruptors One in ten of those becomes what Feiler calls a lifequake a massive change that leads to a life transition The average length of these transitions is five years The upshot We all spend half our lives in this unsettled state You or someone you know is going through one now The most exciting thing Feiler identified is a powerful new tool kit for navigating these pivotal times

Drawing on his extraordinary trove of insights he lays out specific strategies each of us can use to reimagine and rebuild our lives often stronger than before From a master storyteller with an essential message Life Is in the Transitions can move readers of any age to think deeply about times of change and how to transform them into periods of creativity and growth

Transitions of the Soul Nick Bunick,2001-02-01 Death is not an ending but a transition of the soul Here are true life stories of ordinary men women and children who no longer fear death or grieve for deceased loved ones Why Because they know the human spirit survives death and lives on But how do they know this with such certainty The proof lies in what they have seen with their own eyes and felt with their own hearts Each was present when a grandmother best friend spouse or child appeared to them in a luminous visitation to ease their grief and to show them that no one had really died They were graced to witness angels or Jesus or other spiritual beings who came to

announce the well being of their recently passed dear ones Here told in simple but emotionally rich words are seventy eight unforgettable tales of grief allayed and solace attained Housewives mechanics and mothers sons and daughters truck drivers and nurses young and old all attest to the survival of the spirit after death What is remarkable is that many of them had no previous mystical experiences or even beliefs that such occurrences were possible Read their miraculous stories and you ll begin to understand why Nick Bunick subject of The Messengers assures us that with every transition of the soul grief dissolves and it is only death that dies
