Passion For Christ An Evangelical Christology:

A Passion for Christ Douglas D. Webster, 2001 In this excellent work on Christology Douglas Webster demonstrates what can be done when one takes evangelical theology from a purely defensive stance to a creative honest and forward looking criticism of modern theologies His biblical seriousness and his pastoral concern make the book readable stimulating and edifying

The Person of Christ Donald Macleod, 1998-11-06 Donald Macleod reinforces the church's historic doctrine of the person of Christ as a centerpiece for theological reflection In the Contours of Christian Theology

The Universal Christ Richard Rohr, 2019-03-05 NEW YORK TIMES BESTSELLER From one of the world's most influential spiritual thinkers a long awaited book exploring what it means that Jesus was called Christ and how this forgotten truth can restore hope and meaning to our lives Anyone who strives to put their faith into action will find encouragement and inspiration in the pages of this book Melinda Gates In his decades as a globally recognized teacher Richard Rohr has helped millions realize what is at stake in matters of faith and spirituality Yet Rohr has never written on the most perennially talked about topic in Christianity Jesus Most know who Jesus was but who was Christ Is the word simply Jesus's last name Too often Rohr writes our understandings have been limited by culture religious debate and the human tendency to put ourselves at the center Drawing on scripture history and spiritual practice Rohr articulates a transformative view of Jesus Christ as a portrait of God's constant unfolding work in the world God loves things by becoming them he writes and Jesus's life was

meant to declare that humanity has never been separate from God except by its own negative choice When we recover this fundamental truth faith becomes less about proving Jesus was God and more about learning to recognize the Creator's presence all around us and in everyone we meet Thought provoking practical and full of deep hope and vision The Universal Christ is a landmark book from one of our most beloved spiritual writers and an invitation to contemplate how God liberates and loves all that is

The Cross in Our Context Douglas John Hall, 2003 In this small gem of theological reflection North America's foremost theologian of the cross offers a profound and compelling contemplation on the relevance of the church's most fundamental confession Hall ponders what confessing Jesus as crucified means in today's context one that is postmodern pluralistic multicultural and in some respects post Christian A digest of his monumental trilogy this book lays out in brief compass the heart of Hall's theology of the cross contrasting it sharply with the theology of established Christianity showing how it reframes classical Christology and soteriology and drawing the implications for what it means to be human for Christian ethics and for the church

Rethinking Hell Joshua W Anderson, Christopher M Date, Gregory G Stump, 2014-11-27 Many Christians believe that people who are not saved before they die will be punished in hell forever But is this what the Bible truly teaches Do Christians need to rethink their understanding of hell In the late twentieth century a growing number of theologians biblical scholars and philosophers began to reject the traditional doctrine of eternal conscious torment in hell in favour of a minority theological perspective called conditional immortality This view contends that the unsaved are resurrected to face divine judgment just as Christians have always believed However due to the fact that immortality is only given to those who are in Christ the unsaved do not exist forever in hell Instead they face the punishment of the second death an end to their conscious existence This volume brings together excerpts from a variety of well respected evangelical thinkers including John Stott John Wenham and E Earle Ellis as they articulate the biblical theological and philosophical arguments for conditionalism These readings will give thoughtful Christians strong evidence that there are indeed compelling reasons for rethinking hell

One with Christ Marcus Peter Johnson, 2013 Regeneration justification sanctification These are the primary words that come to mind when talking about the theology of salvation However the Bible teaches that each of these concepts is firmly rooted in something more foundational our union with Christ In this accessible book Johnson introduces us to this neglected doctrine arguing that it is the dominant organizing concept for salvation in the New Testament In eight thought provoking chapters Johnson shows how a believer's position in Christ is the lens through which all other facets of salvation should be understood Interacting extensively with the biblical text and drawing on lessons from church history Johnson presents a compelling case for the unique importance of this beautiful biblical doctrine

Truth Aflame Larry D. Hart, 2010-02-23 Larry Hart's Truth Aflame brings together charismatic renewal and classic evangelical faith better than anything I have read An important contribution to the contemporary renaissance in systematic theology Timothy George Dean of Beeson Divinity School of Samford University Executive Editor of Christianity Today As the Pentecostal charismatic movement continues to grow so does the need for solid theological resources for its members While there are many volumes of systematic theology available very few are written from a distinctly charismatic perspective Truth Aflame seeks to meet that need While academically sound Truth Aflame is written with a practical pastoral flavor Larry Hart defines systematic theology as the process of taking what the Bible teaches and relating it to contemporary questions and knowledge His passion for the subject is evident he is concerned that the reader both grasps the magnificence of the study of God and allows these great truths to be transformative This Truth then liberating enlivening and transforming Truth becomes central to the ongoing renewal of the church that we are seeing in our day Dr Hart treats each of the traditional categories revelation God creation humanity sin Christ salvation the church and last things from a Pentecostal charismatic perspective He addresses other theological viewpoints but does not get bogged down in analysis and rebuttal Further he seeks to build bridges of understanding to those evangelicals outside the charismatic tradition Clear succinct and readable this revised and updated

edition of Truth Aflame is well suited not only for students but for anyone desiring a greater understanding of Pentecostal charismatic theology

The Person of Christ Stephen J. Wellum, 2021-01-15 From beginning to end Scripture unveils from shadow to reality that Jesus is God the Son incarnate Some people think of Jesus as a great prophet or a wise philosopher others see him as an important religious leader or even a revolutionary In this addition to the Short Studies in Systematic Theology series Stephen Wellum challenges these claims as he argues for the divinity of Jesus according to Scripture and in line with creedal Christianity In this brief introduction we are invited to rejoice in the centrality of Christ who as both God and man reconciles us to God

Passion of Christ, Passion of the World Leonardo Boff, 1993

Lord Jesus Christ Daniel Treier, 2023-10-31 A study of the doctrine of Christ that is biblical and historical evangelical and ecumenical conceptually clear and contextually relevant Lord Jesus Christ expounds the doctrine of Christ by focusing upon theological interpretation of Scripture regarding Jesus's identity The book's structure traces a Christological arc from the eternal communion of the Triune God through creation covenants Incarnation passion and exaltation all the way to the consummation of redemptive history This arc identifies Jesus as the divine Lord who assumed human flesh for our salvation The book expounds and defends a classically Reformed Christology in relation to contemporary contexts and challenges engaging both philosophical and global concerns Each chapter begins with the theological interpretation of a key Scripture text before expounding key concepts of orthodox Protestant Christology Lord Jesus Christ is a unique example of writing dogmatic theology by way of theological exegesis The result is a volume that engages the numerous scholarly volumes on Christology that have appeared within the last couple of decades but provides a contemporary account of a traditional view About the Series New Studies in Dogmatics seeks to retrieve the riches of Christian doctrine for the sake of contemporary theological renewal Following in the tradition of G C Berkouwer's Studies in Dogmatics this series will provide thoughtful concise and readable treatments of major theological topics expressing the biblical creedal and confessional shape of Christian doctrine for a contemporary evangelical audience The editors and contributors share a common conviction that the way forward in constructive systematic theology lies in building upon the

foundations laid in the church's historic understanding of the Word of God as professed in its creeds, councils, and confessions and by its most trusted teachers
