Passion and Paradox Joan Cocks, 2009-01-10 From Kosovo to Qu bec Ireland to East Timor nationalism has been a recurrent topic of intense debate It has been condemned as a source of hatred and war yet embraced for stimulating community feeling and collective freedom Joan Cocks explores the power danger and

allure of nationalism by examining its place in the thought of eight politically engaged intellectuals of the nineteenth and twentieth centuries the antagonist of capital Karl Marx the critics of imperialism Rosa Luxemburg Hannah Arendt and Frantz Fanon the liberal pluralist Isaiah Berlin the neonationalist Tom Nairn and the post colonial writers V S Naipaul and Edward Said Cocks not only sheds new light on the complexities of nationalism but also reveals the tensions that have inspired and troubled intellectuals who have sought to lead lives between detached criticism and political passion In lively conversational prose Cocks assesses their treatment of questions such as the mythology of national identity the right to national self determination and the morality of nationalist violence While ultimately critical of nationalism she engages sympathetically even with its defenders By illuminating the links that distinguished minds have drawn between thought and action on nationalism in politics this stimulating work provides a rich foundation from which we ourselves might think or act more wisely when confronting a phenomenon that in fundamental and perplexing ways has shaped our world **Collected**

place is investigated here in the literary fruits of creative imagination Unravelled from the very depths of the primogenital onto poietic unfolding of life the passion for place is revealed as projecting into the flux of life it is a station of life significance This collection presents papers from two conferences of the International Society of Phenomenology and Literature held in Cambridge MA in 1993 4 Selected Poems Derek Walcott,2014-09-09 Drawing from every stage of his career this volume collects selected poems from Nobel Prize winner Derek Walcott s lifetime of work Walcott s Selected Poems brings together famous pieces from his early volumes including A Far Cry from Africa and A City s Death by Fire with passages from the celebrated Omeros and selections from his later major works which extend his contributions to reenergizing the contemporary long poem Here we find all of Walcott s essential themes from grappling with the Caribbean s colonial legacy to his conflicted love of home and of Western literary tradition from the wisdom making pain of time and mortality to the strange wonder of love the natural world and what it means to be human We see his lifelong labor at poetic crafts his broadening of the possibilities of rhyme and meter stanza forms language and metaphor Edited and with an introduction by the Jamaican poet and critic Edward Baugh this volume is a perfect representation of Walcott s breadth of work spanning almost half a century **The Poetry of Derek Walcott 1948-2013** Derek Walcott,2014-01-21 A collection spanning the range of the writer s career includes his first published poem his celebrated verses on violence in Africa his mature work from The Star Apple Kingdom and his late masterpieces from White Egrets Necklines Ewa Lajer-Burcharth,Jacques Louis David,1999-01-01 This book examines the crucial period in the painter s career as he struggled to save his neck and recast his identity in the aftermath of the Reign of Terror Burcharth assesses his works in the context of the larger cultural and social formations emerging in France concluding with an interpretation of the unfinished portrait of Juliette Recamier The Exile's Papers: The dirt's passion is flesh sorrow Wayne Clifford,2014-05-14 Wayne Clifford s The Exile s Papers first appeared in 2007 with the publication of The Duplicity of Autobiography but this creative project a four part series of hundreds of surreal straightforward narrative or mythic and endlessly varying sonnets is the culmination of decades of effort In 2009 the series continued with The Face As Its Thousand Ships and now emerges the third installment The Dirt s Passion Is Flesh Sorrow Described by critics as resonant striking quixotic elegant ribald and jazzy Clifford s sonnets defy categories or boundaries He is a master of the form and every page is an example of how a great poet can use a complicated structure to achieve depth of thought beauty and explosive resolutions or in many cases questions In fact every poem reinvents the sonnet itself and despite all poems sharing the same form each one is sharply conclusively differentiated from the others These are sonnets like you ve never read before Clifford often draws on his own life experiences fatherhood love death and uncertainty but he also has plenty to say about God pop culture and the foolhardiness of certain current political figures In the end though the collection remains a remarkably cohesive intelligent and death defying foray into an ancient form that never knew what hit it *The Worlds of Victorian Fiction* Jerome Hamilton

Buckley,1975 *The Genevan Reveil in International Perspective* Jean D. Decorvet,Tim Grass,Kenneth J. Stewart,2023-09-01 The nineteenth century international religious movement known as the R veil had a major impact on Protestantism and particularly on Evangelicalism That impact is still evident today Yet as a multi faceted phenomenon this movement has not received its due share of scholarly attention This book offers a collection of essays exploring the international dimensions of the Genevan strand of the R veil providing an overview of events and trends outlining the careers of some of its key figures and highlighting some of the areas in which it made a contribution to contemporary society As the first such collection to focus on this movement it brings together scholars from several countries with expertise in its various aspects Love Letters and the Romantic Novel during the Napoleonic Wars Sharon Worley,2017-01-06 Love letters during the Napoleonic wars were largely framed by concepts of love which were promoted through novels and philosophy The standard texts so to speak which were written by major authors who inherited this Enlightenment bearing responded to the emerging concepts of love found in novels and philosophical essays Love among this Napoleonic coterie is unique because it demonstrates the reciprocal relationship between the love letter and the romantic novel Germaine de Sta l Juliette R camier Chateaubriand Benjamin Constant Lady Emma Hamilton Napoleon Bonaparte and his brother Lucien Bonaparte were the authors and recipients of some of the most passionate love letters of this period They were also avid readers of the newly emerging genre of the romantic novel and many of them were also authors of such works where they projected their personal romances onto the characterization of their fictional heroes and heroines In addition these authors had lived through the recent French Revolution and the Terror Imprisoned during the Revolution or branded as emigr s upon their return to Paris their mature adult lives were spent in the shadows of the Napoleonic wars in which they shifted political loyalties as the specter of Napoleon s powers grew from First Consul to Emperor of Europe The looming threat of war ignited the depths of their passions and inspired their intellectual analysis of love happiness and suicide Their evolving concept of love was a romantic all consuming passion which gripped the lovers in fatal embraces This book s analysis of their love letters and romantic novels reveals the emerging political landscape of the period through extended metaphors of love and patriotism
