

Passionate Attachments

- "So, likewise, a passionate attachment of one nation for another produces a variety of evils. Sympathy for the favorite nation, facilitating the illusion of an imaginary common interest in cases where no real common interest exists, and infusing into one the enmities of the other, betrays the former into a participation in the quarrels and wars of the latter without adequate inducement or justification."
- "It leads also to concessions to the favorite nation of privileges denied to others, which is apt doubly to injure the nation making the concessions by unnecessarily parting with what ought to have been retained, and by exciting jealousy, ill will, and a disposition to retaliate in the parties from whom equal privileges are withheld; and it gives to ambitions, corrupted, or deluded citizens (who devote themselves to the favorite nation) facility to betray or sacrifice the interests of their own country without odium, sometimes even with popularity..."

Passionate Attachments:

Cultivating Our Passionate Attachments Matthew J. Dennis, 2020-09-14 Does a flourishing life involve pursuing passionate attachments Can we choose what these passionate attachments will be This book offers an original theory of how we can actively cultivate our passionate attachments The author argues that not only do we have reason to view passionate attachments as susceptible to growth change and improvement but we should view these entities as amenable to self cultivation He uses Pierre Hadot's and Michel Foucault's accounts of Hellenistic self cultivation as vital conceptual tools to formulate a theory of cultivating our passionate attachments First their accounts offer the conceptual resources for a philosophical theory of how we can cultivate our passionate attachments Second the exercises of self cultivation they focus on allow us to outline a practical method through which we can cultivate our passionate character Doing this brings out a significantly new dimension to the role of the passionate attachments in the flourishing life and offers theoretical and practical accounts of how we can cultivate them based on the Hellenistic conception of self directed character change Cultivating Our Passionate Attachments will be of interest to advanced students and scholars working in virtue ethics moral philosophy and ancient philosophy

Passionate Work Renyi Hong, 2022-04-04 In *Passionate Work* Renyi Hong theorizes the notion of being passionate about your work as an affective project that encourages people to endure economically trying situations like unemployment job change repetitive and menial labor and freelancing Not simply a subject of aspiration passion has been deployed as a means to build resilience and mend disappointments with our experiences of work Tracking the rise of passion in nineteenth century management to trends like gamification coworking and unemployment insurance Hong demonstrates how passion can

emerge in instances that would not typically be understood as passionate Gamification numbs crippling boredom by keeping call center workers in an unthinking suspensive state pursuing even the most banal tasks in hope of career advancement Coworking spaces marketed toward freelancers combat loneliness and disconnection at the precise moment when middle class sureties are profoundly threatened Ultimately Hong argues the ideal of passionate work sustains a condition of cruel optimism in which passion is offered as the solution for the injustices of contemporary capitalism

violence paranoia racism sexism and oppression Lee's films prod spectators to see differently and to confront their own excess In the process his films reveal what is at stake in desire interpersonal relations work and artistic creation itself

Jankowiak, 1997-02-13 Observers from the West the book contends have incorrectly projected rigid ethnocentric notions of love and marriage onto cultures around the world Contributors look beyond each society's official institutions to explore expressions of love offering new perspectives on arranged marriages and polygamy and reexamining as well the other side of the equation rejection and grief **Passionate Spirituality** Elizabeth Dreyer, 2005 *Passionate Spirituality* explores the roots and meanings of passion in Western culture and then examines how passion is expressed in the works of two medieval women mystics Hildegard of Bingen and Hadewijch of Brabant and in the lives of contemporary Christians seeking to deepen their own spiritual journeys Too often the term passion is associated only with steamy films sexual sin and emotional excess cutting off the breadth of its meaning and expression for positive good But the great mystics succeed precisely because they hold together both the affective and the intellectual aspects of the spiritual life in creative and convincing ways Their accounts of their mystical experience are important resources for information and understanding about how to talk about God more formally and for what it means to be passionately in love with God and the world BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Ticklish Subject* Slavoj Žižek, 2000 With his characteristic wit Žižek addresses the burning question of how to reformulate a leftist project in an era of global capitalism and liberal democratic multiculturalism Copyright Libri GmbH All rights reserved

Irrevocable Alphonso Lingis, 2018-11-13 In his latest book the prolific writer and thinker Alphonso Lingis brings interdisciplinarity and lyrical philosophizing to the weight of reality the weight of things and the weight of life itself Drawing from philosophy anthropology psychology religion and science Lingis seeks to uncover what in our reality escapes our attempts at measuring and categorizing Writing as much from his own experiences and those of others as from his longstanding engagement with phenomenology and existentialism *Irrevocable* studies the world in which shadows reflections halos and reverberations count as much as the carpentry of things Whether describing religious art and ritual suffering war and disease the pleasures of love the wonders of nature archaeological findings surfing volcanoes or jellyfish Lingis writes with equal measures of rigor and abandon about the vicissitudes of our practices and beliefs Knowing that birth the essential encounters in our lives crippling diseases and accidents and even death are all determined by chance how do we recognize and understand such chance After facing tragedies what makes it possible to live on while recognizing our irrevocable losses Lingis's investigations are accompanied by his own vivid photographs from around the world Balancing the local and the global and ranging across vast expanses of culture and time *Irrevocable* sounds the depths of both our passions and our impassioned bodies and minds *Attachment and Sexuality* Diana Diamond, Sidney J. Blatt, Joseph D.

Lichtenberg, 2011-06-23 The papers featured in *Attachment and Sexuality* create a dense tapestry each forming a separate

narrative strand that elucidates different configurations of the relationship between attachment and sexuality As a whole the volume explores the areas of convergence and divergence opposition and integration between these two systems It suggests that there is a bi directional web of influences that weaves the attachment and sexual systems together in increasingly complex ways from infancy to adulthood The volume s unifying thread is the idea that the attachment system and particularly the degree of felt security or lack thereof in relation to early attachment figures provides a paradigm of relatedness that forms a scaffold for the developmental unfolding of sexuality in all its manifestations Such manifestations include infantile and adult masturbatory and mutual and normative and perverse Also central to the papers is the idea that the development of secure attachment is predicated in part on the development of the capacity for mentalization or the ability to envision and interpret the behavior of oneself and others in terms of intentional mental states including desires feelings beliefs and motivations Topics discussed in the book will help to shape the direction and tenor of further dialogues in the arena of attachment and sexuality

Marriage After Modernity Adrian Thatcher,1999-01-01 This book offers nothing less than a new vision for Christian marriage at a time of unprecedented social and theological change It breaks new ground in drawing on earlier traditions of betrothal and informal marriage in welcoming some forms of pre marital cohabitation and provides a new defence of the link between marriage and procreation by sketching a theology of liberation for children Christian principles for the use of contraception by married and not yet married couples are restated and a comprehensive theology of marriage is worked out based on re worked biblical models Marriage as a Christian sacrament mutually administered in a lifelong partnership of equals is affirmed A chapter on divorce brings new light to bear on legitimate theological grounds for the parting of the ways The question of whether marriage is a heterosexual institution is addressed and particular attention is paid throughout the book to overcoming the distorting effect of the overwhelming androcentric bias of much Christian thought on marriage to the experience of wives and to all those women and men for whom marriage is not their vocation
