Cuba and the Politics of Passion Damián J. Fernández,2010-01-01 Cuban politics has long been remarkable for its passionate intensity and yet few scholars have explored the effect of emotions on political attitudes and action in Cuba or elsewhere This book thus offers an important new approach by bringing feelings back into the study of politics and showing how the politics of passion and affection have interacted to shape Cuban history throughout the twentieth century Damián Fernández characterizes the politics of passion as the pursuit of a moral absolute for the nation as a whole While such a pursuit rallied the Cuban people around charismatic leaders such as Fidel Castro Fernández finds that it also set the stage for disaffection and disconnection when the grand goal never fully materialized At the same time he reveals how the politics of affection taking care of family and friends outside the formal structures of government has paradoxically both undermined state regimes and helped them remain in power by creating an informal survival network that provides what the state cannot or will not *Embracing the Divine* Akram Fouad Khater,2011-11-28 Hindiyya al Ujaimi a young eighteenth century nun whose faith was matched by her ambition and intellect lies at the heart of this absorbing history of Middle Eastern Christianity At the age of twenty six Hindiyya left her hometown of Aleppo to establish a convent in the mountains of Lebanon Her order and her growing public profile as a visionary and living saint met with stiff opposition from Latin missionaries and with mistrust from the Vatican Church authorities were suspicious of feminine spirituality and independent

religious authority eventually subjecting her to two Inquisitions by the Vatican Sentenced to spend her entire life imprisoned Hindiyya died in 1798 in her cell leaving a legacy that shaped the church for many years to come Compelling in its cinematic scope resplendent with the requisite villains and mysterious events infused with sinister and sexual tensions tragedy and pathos Hindiyya s story holds within its folds a larger tale about the construction of a new Christianity in the Levant Khater skillfully reveals what her story tells us about religious minorities in the Middle East early modern cultural encounters between the West and the Middle East and the relationship between gender modernity and religion Passionate Politics Charlotte Bunch,1987-06-15 Essays discuss feminism reform lesbianism education the media and the status of women around the world **Passionate politics** Indrajit Roy,2023-01-31 Passions matter to politics Yet much of the work on passions in politics focuses on such spectacular events as social movements civil wars and revolutionary upheavals but ignores electoral politics as banal The contributors to this book trace the importance of passions to electoral politics with a focus on India s landmark 2019 General Elections which saw the decisive re election of Narendra Modi as the country s Prime Minister This book illustrates the economic social and cultural processes that shaped political passions in India during the summer of 2019 The contributors compel us to take seriously the structures of feeling in politics Such an approach requires interdisciplinarity Which is why the book brings together a stellar team of economists political scientists sociologists historians and geographers to explain Modi s resounding win Passionate Politics Ralph J. Poole,Ilka Saal,2009-03-26 This new collection of essays on American stage and film melodrama assesses the multifarious and contradictory uses to which melodrama has been put in American culture from the late 18th century to the present It focuses on the various ways in which the genre has periodically intervened in debates over race class gender and sexuality and in this manner has also persistently contributed to the formation and transformation of American nationhood from the debates over who constitutes the newborn nation in the Early Republic to the subsequent conflict over abolition and the discussion of gender roles at the turn of the 19th century to the fervent class struggles of the 1930s and the critiques of domestic containment in the 1950s as well as to ongoing debates of gender race and sexuality today Addressing these issues from a variety of different angles including historical aesthetic cultural phenomenological and psychological approaches these essays present a complex picture of the cultural work and passionate politics accomplished by melodrama over the course of the past two centuries particularly at times of profound social change **The Corporeal Turn** John Tambornino,2002 In The Corporeal Turn political theorist John Tambornino offers a thorough rethinking of ethical and political theory by emphasizing human embodiment and the primacy of passion and need in response to the neglect of these matters in much of contemporary thought Tambornino calls for a corporeal turn or as he explains sustained attention to human embodiment something that is often occluded when priority is given to reason or language Working through a diverse set of thinkers exploring such themes as necessity and freedom need and desire nature and convention and public and private and noting vivid instances of politicized embodiment Tambornino

takes seriously Nietzsche's claim that philosophy has largely been an interpretation and misunderstanding of the body. The result is nothing less than a new orientation to ethical and political theory, one that appreciates the complex relations of language, politics, culture, and corporeality and a powerful intervention into those domains. *Wollstonecraft* Sylvana Tomaselli, 2022-08-30 A compelling portrait of Mary Wollstonecraft that shows the intimate connections between her life and work. Mary Wollstonecraft's *A Vindication of the Rights of Woman*, first published in 1792, is a work of enduring relevance in women's rights advocacy. However, as Sylvana Tomaselli shows, a full understanding of Wollstonecraft's thought is possible only through a more comprehensive appreciation of Wollstonecraft herself as a philosopher and moralist who deftly tackled major social and political issues and the arguments of such figures as Edmund Burke, Jean Jacques Rousseau, and Adam Smith. Reading Wollstonecraft through the lens of the politics and culture of her own time, this book restores her to her rightful place as a major eighteenth-century thinker, reminding us why her work still resonates today. The book's format echoes one that Wollstonecraft favored in *Thoughts on the Education of Daughters*: short essays paired with concise headings. Under titles such as Painting, Music, Memory, Property, and Appearance, and Rank and Luxury, Tomaselli explores not only what Wollstonecraft enjoyed and valued but also her views on society, knowledge, and the mind, human nature, and the problem of evil, and how a society based on mutual respect could fight it. The resulting picture of Wollstonecraft reveals her as a particularly engaging author and an eloquent participant in enduring social and political concerns. Drawing us into Wollstonecraft's approach to the human condition and the debates of her day, Wollstonecraft ultimately invites us to consider timeless issues with her so that we can become better attuned to the world as she saw it then and as we might wish to see it now.

Flamenco William Washabaugh, 1996-09 Contemporary flamenco music is presented here as a multi-dimensional movement of popular culture, and the author shows how the meaning of flamenco shifts according to the social, cultural, and historical context within which it appears. *Gender and Populism in Latin America* Karen Kampwirth, 2010 Analyzes populist movements in Argentina, Bolivia, Brazil, Ecuador, Mexico, Nicaragua, Peru, and Venezuela from a gender perspective. Considers the role of masculinity and femininity in populist leadership, the impact of populism on democracy and feminism, and women's critical roles as followers of these leaders. From publisher description. *The Passionate Statesman* Jeffrey Beneker, 2012-05-17 *The Passionate Statesman* explores the intersection of passion and politics in Plutarch's *Parallel Lives* with special emphasis on how he represents the influence of eros or erotic desire on the careers of some of the most prominent statesmen from Greco-Roman antiquity. Using Aristotle's notion of friendship and Plato's conception of the soul to describe the ideal marriage as based on a mutual love of character (philia) supported by an enduring erotic attraction, Beneker examines how Plutarch applied his system of ethics both to his reading of history and to his writing of biography. With close readings focusing on the three pairs of biographies from *Parallel Lives*, namely the Greek kings Alexander the Great, Demetrius the Besieger, and Agesilaus, and Roman statesmen Julius Caesar, Pompey, and Marc Antony, the book draws a

general conclusion about how Plutarch uses the narration of his subjects private erotic affairs to interpret their historical deeds

The Passion of Politics Lindy Edwards, 2012-10-09 Lindy Edwards powerfully shows how politics can be understood as a passionate confrontation of ideas and ideologies This book gives us a new and compelling way to think about the past present and future of Australian politics Professor John Dryzek Australian National University Behind the evening news lies a world of political ideas and passionate conflict The Passion of Politics unpacks the ideologies and theories which drive these political clashes helping to explain why we admire some politicians and loathe others The ideas driving today's politics all have roots in the political struggles of the past They've been responses to great injustices and challenges and they've underpinned enormous achievements In Australia they've helped create one of the most wealthy free and just societies in history Today we are faced with important choices between flawed options The struggles of the past have undermined our belief in utopias Yet the current battles remain crucial to defining our future Understanding the dynamics of the ideas in play is essential to equipping ourselves to take part in these vital debates
