Passionate Shepherdess:

The Passionate Shepherdess Maureen Duffy, 2000-07-20 The barest facts of Aphra Behn's life are astonishing in themselves Born in 1640 she had by her mid twenties travelled to South America returned to England been married and widowed She was sent by Charles II to Antwerp as a spy then on her return was imprisoned for debt Once out of prison she chose to stay independent and moved on to become one of the most successful dramatists of the Restoration theatre author of one of the most popular novels of the period *Oroonoko* and a poet of such reputation that men at the time were moved to consider seriously the possibility of a female laureate Yet Aphra Behn's personal and literary achievements have suffered an eclipse unparalleled in literary history Her lively wit and sexual candour provided an easy target for the prudish scorn and criticism of late 17th century England She had asserted her position second perhaps to Dryden among the giants of wit and sense in her age as Defoe was to say later but subsequent critics were to pass off her work as a reproach to her womanhood and a disgrace even to the licentious age in which she lived With scrupulous care Maureen Duffy has lifted the tarnished image of Aphra Behn from the muddle of sensational legend that has for too long obscured her true achievement as an artist and as the pioneer who opened up the whole field of literature to women **The Passionate Shepherd to His Love**

Christopher Marlowe, 2020 **Aphra Behn Studies** Janet Todd, 1996-03-28 Aphra Behn was England's first professional woman writer but her status as a major author has only recently become clear Between the seventeenth and nineteenth centuries Behn was denigrated for her unwomanly subject matter and intellectual immodesty In the twentieth century she has been increasingly viewed as an important dramatist and poet of the Restoration and a founder of the English novel This book sets Behn firmly in an historical context of political factions theatre developments and colonial encounters and includes chapters on each of the genres in which she wrote drama fiction poetry and translation and on other aspects of her life from her publishing struggles to her involvement in American slavery It is an important resource for those studying seventeenth century English literature and drama and to those interested in the development of women's writing *Passion For Living* R E Pritchard, 2012-04-26 John Wilmot Earl of Rochester 1647-1680 has long been notorious as one of the most entertaining extravagant and scandalous members of Charles II's court He was also the most brilliant witty and insightful satirist and lyric poet of his time limited only by his early death caused by venereal disease and alcoholism *Passion for Living* provides a full discussion of his life and writings set in the context of his times the licentious court of Charles II and his mistresses the Dutch wars and the so called Popish Plot together with close readings and analyses of his love lyrics bawdy songs and shrewd satires related to the life of his contemporaries such as Thomas Hobbes Samuel Butler and John Dryden This informative and readable study will be of interest to both the general reader and the student **Willoughbyland** Matthew Parker, 2017-04-11 At the beginning of the 1650s wrecked by plague and civil war England was in ruins Yet shimmering on the horizon was a vision of paradise called Willoughbyland When Sir Walter Raleigh set out to South America to find the

legendary city of El Dorado he paved the way for an endless series of adventurers who would struggle against the harsh reality of South America's wild jungles Six decades later when a group of English gentlemen expelled from England chose to establish a new colony there they named the settlement in honor of its founder Sir Francis Willoughby Located in the lush landscape between the Amazon and Orinoco rivers in what is now Suriname Willoughbyland experienced one of colonialism's most spectacular rises But as planters and traders followed explorers and mercenaries and soldiers followed political dissidents the one time paradise became a place of terror and cruelty of sugar and slavery A microcosm of the history of empire this is the hitherto untold story of that fateful colony

The Passionate Shepherdess Maureen Duffy, 1977 Rereading Aphra Behn Heidi Hutner, 1993 Aphra Behn was the first Englishwoman to earn her living from writing This collection of critical essays explores the different genres in Behn's canon including her plays criticism fiction and poetry from a wide variety of feminist theoretical approaches

Women At Sea NA NA, 2016-04-30 From cross dressing pirates to servants and slaves women have played vital and often surprising roles in the navigation and cultural mapping of Caribbean territory Yet these experiences rarely surface in the increasing body of critical literature on women's travel writing which has focused on European or American women traveling to exotic locales as imperial subjects This stellar collection of essays offers a contestatory discourse that embraces the forms of travelogue autobiography and ethnography as vehicles for women's rewriting of flawed or incomplete accounts of Caribbean cultures This study considers writing by Caribbean women such as the slave narrative of Mary Prince and the autobiography of Jamaican nurse Mary Seacole and works by women whose travels to the Caribbean had enormous impacts on their own lives such as Aphra Behn and Zora Neale Hurston Ranging across cultural historical literary and class dimensions of travel writing these essays give

voice to women writers who have been silenced ignored or marginalized Modern Poetry and the Christian Tradition Amos N. Wilder, 2014-04-08 In *Modern Poetry and the Christian Tradition* Wilder examines this movement in poetry in relation to the direction in which our culture is moving He interprets the significance of modern poetry and shows its relation to the traditional He gives attention to the representative poets of our time including Dylan Thomas Gerard Manley Hopkins Allen Tate W H Auden Wallace Stevens T S Eliot and others he notes the wider implications of their work and assesses from them the impulses and trends of our age As a poet of considerable ability as a student of literary criticism for many years and as a teacher Wilder is in a position to know and understand his subject The result is a book of permanent value to all concerned with the deeper meanings of civilization and Christianity *The Excellence of Falsehood* Deborah L. Ross, 2021-05-11 The only excellence of falsehood is its resemblance to truth proclaims a clergyman in Charlotte Lennox's *The Female Quixote* He argues that romances are bad art novels he implies are better This clergyman's remarks repeating what literary and moral authorities had been saying since the late seventeenth century are central to Deborah Ross's discussion of romance characteristics in English women's novels Aphra Behn Delariviere Manley Eliza Haywood Charlotte Lennox Fanny Burney Ann Radcliffe and Jane Austen did not take the clergyman's advice to heart To them the falsehood of romance was by no means self evident nor was the superior excellence of the novel In theory many of them accepted the distinction but their works combined aspects of the romance and the novel in ways that brought them into conflict with the critical establishment The texts discussed here illustrate a process of development both in the novel and in the conditions of women's lives Tensions between romance and realism enabled women writers to question official versions of reality and to measure life against a romance ideal By altering readers' perceptions and judgments these authors gradually altered the reality that novels resemble and set up new combinations of romance and realism for future writers This give and take between fiction and life is seen most dramatically in the way a romantic notion gradually comes to be treated in novels as both real and right Ross follows one such notion that women have matrimonial preferences to the point where romance and reality merge Ross's study brings to light an important part of the history of the novel not yet incorporated in theories and histories of the genre

Lyric Generations G. Gabrielle Starr, 2015-11-01 Eighteenth century British literary history was long characterized by two central and seemingly discrete movements the emergence of the novel and the development of Romantic lyric poetry In fact recent scholarship reveals that these genres are inextricably bound constructions of interiority developed in novels changed ideas about what literature could mean and do encouraging the new focus on private experience and self perception developed in lyric poetry In *Lyric Generations* Gabrielle Starr rejects the genealogy of lyric poetry in which Romantic poets are thought to have built solely and directly upon the works of Chaucer Spenser Shakespeare and Milton She argues instead that novelists such as Richardson Haywood Behn and others while drawing upon earlier lyric conventions ushered in a new language of self expression and community which profoundly affected the aesthetic goals of lyric poets Examining the works

of Cowper Smith Wordsworth Coleridge and Keats in light of their competitive dialogue with the novel Starr advances a literary history that considers formal characteristics as products of historical change In a world increasingly defined by prose poets adapted the new forms characters and moral themes of the novel in order to reinvigorate poetic practice The Bloodless Revolution Tristram Stuart,2007 How Western Christianity and Eastern philosophy merged to spawn a political movement that had the prohibition of meat at its core *The Cambridge Companion to English Restoration Theatre* Deborah Payne Fisk,2000-05-11 Fourteen specially commissioned essays provide essential information about staging playwrights themes and genres in the drama of the Restoration *Literature and class* Andrew Hadfield,2021-08-24 This book explores the intimate relationship between literature and class in England and later Britain from the Peasants Revolt at the end of the fourteenth century to the impact of the French Revolution at the end of the eighteenth century and beginning of the nineteenth The book argues throughout that class cannot be seen as a modern phenomenon that occurred after the Industrial revolution but that class divisions and relations have always structured societies and that it makes sense to assume a historical continuity The book explores a number of themes relating to class class consciousness class conflict commercialisation servitude rebellion gender relations and colonisation After outlining the history of class relations five chapters explore the ways in which social class consciously and unconsciously influenced a series of writers Chaucer Shakespeare Behn Rochester Defoe Duck Richardson Burney Blake and Wordsworth **The Excellence of Falsehood** Deborah Ross,1991 Raising Their Voices Marilyn L. Williamson,1990 **Greenbank's Periodical Library** ,1833
